

MichiganTech

School of Forest Resources & Environmental Science

A New Fund to Support the School's Mission

The Jurgensen Teaching Excellence Fund, described in the last issue, is seeking contributions to be matched annually by **Marty Jurgensen** up to \$3,000. Each year, an award will be made from this fund to one of the faculty members to help support our educational mission. This award will be used to fund specific short-course training, special equipment for classrooms, or visits from outside speakers to augment specific topics within a course.

For those of you who have always wondered about the lab assistant who appeared in Marty Jurgensen's exams, this is your chance to join the club. A pledge card is included below. This support is more important than ever as the state continues to tighten their funding and support of Michigan Tech. Thank you for your support!

Direct any questions to me at **1-800-WOODSMI**.

Check out our new Jobs Link on the school's homepage, www.forest.mtu.edu. New postings are added weekly.

School of Forest Resources and Environmental Science

Yes, I would like to support the Jurgensen Teaching Excellence Fund with a gift of:

- \$1,000 Lab Assistant Club
