

Michigan Tech

University Senate

Board of Control Meeting

Sept 19, 2013

Michigan Tech

University Senate

New Senate Officers
for Academic Year 2013-14

President: Brian Barkdoll
Vice President : Shane Sullivan
Secretary: Marty Thompson

Issues on our Plate

- Blended Learning: Who owns the rights to the material?
- Joint Appointments at 0% to help get collaborative research
- Refining Evaluation Procedures for Chairs and Deans

Michigan Tech

University Senate

University Accreditation and Assessment

How can we assess ourselves and get accreditation in the most efficient way?

Currently many volunteer hours are used and its hard to get the buy-in from the faculty.

Executive Team Evaluation

Urge BOC to review results and discuss how to use them in ways forward.

Share actions based on survey results with faculty and staff!

Role of the Michigan Tech Senate?

How can the Senate help the Board
make us a better institution?

Foster communication?

Self Improvement:

Take survey

Share results

Give actions based on survey
results

Max's fault

Senate offers to conduct surveys,
disseminate results and invite
dialogue on actions to be taken.

Both for the administration and for
the BOC.

Results don't obligate change,
necessarily but allows the
discussion of why some actions are
not advisable.

Shared Governance

If the University is really to have shared governance, then the Senate needs to be viewed as a partner in decisions.

We have made some good progress on this issue this year but still have a ways to go.

The administration will need to continue to work with the senate, and the senate will need to step up and act in a deliberate , as well as deliberative, manner.

Some Thoughts

The broad range of thinking styles on campus can be a difficulty in moving forward, but they can also allow diverse problem solving ideas: cognitive diversity. To make use of cognitive diversity:

1. The Senate needs to respond in a timely and responsible manner.
2. The Administration needs to seek input from the Senate early in the process of the development of new policies and procedures.
3. The Board of Control could take advantage of the diversity of ideas if they would allow the Senate to review proposed changes to their policies and make suggestions.

Michigan Tech

University Senate

Summary

Interaction between the Senate, Administration, and Board of Control, if done well, should make Michigan Tech a better University.

We should, as much as possible, think in terms of cognitive diversity.
