Summary Information

Repository:	Michigan Technological University Archives and Copper Country Historical Collections
Title:	Michigan Technological University Proposed Degree Documentation
Identifier:	MTU-176
Date:	1967-1995
Physical Description:	1.22 cubic feet (4 boxes)
Language of Materials:	English
Physical Description:	1.22 cubic feet (4 boxes)
Container Information:	Box 1-4 (Mixed Materials)

Abstract

Documentation, 1967-2006, of basic institutional data for the development of degrees at the PhD level for Michigan Technological University in Houghton, Michigan.

Access

Available for use in the Michigan Technological University Archives and Copper Country Historical Collections.

Preferred Citation

MTU-176, Michigan Technological University Proposed Degree Documentation, Michigan Technological University Archives and Copper Country Historical Collections, Houghton, Michigan.

Processing History

Elizabeth Russell Further processing by Emily Schwiebert, 24 Feb 2023

Biography

Michigan Technological University was established as the Michigan Mining School in 1885. Its initial degrees were awarded in mining engineering, and the curriculum gradually expanded to offer programs in chemical engineering, civil engineering, and other scientific fields at undergraduate and graduate levels.

Collection Scope and Content Summary

Documentation, 1967-2006, of basic institutional data for the development of degrees at the PhD level for Michigan Technological University in Houghton, Michigan. Also includes proposals to develop doctorate degrees in a selection of disciplines.
