Diversity Council Goals

The University’s strategic goals are:

1. An exceptional and diverse community of students, faculty, and staff.

2. A distinctive and rigorous action-based learning experience grounded in science, engineering, technology, sustainability, business, and an understanding of the social and cultural contexts of our contemporary world.

3. Research, scholarship, entrepreneurship, innovation, and creative work that promotes a sustainable, just, and prosperous world.

Each University goal and related strategies place an emphasis on diversity of people, and the benefits that result from an inclusive environment. The Diversity Council:

✓ Is an advocate for institutional diversity

✓ Offers input, insight and recommendations concerning short- and long-term strategic diversity goals

✓ Seeks to engage all campus units in diversity and inclusion activities and related discussions

✓ Based on individual department needs, suggests initiatives to create an inclusive environment

✓ Assists in building collaborative efforts throughout the University that will enhance diversity and inclusion of faculty, students and staff

✓ Provides direction for the development and improvement of outreach programs

✓ Recommends promotion and marketing strategies for communicating diversity initiatives on campus

✓ Seeks to enhance diversity and inclusion efforts through engagement with corporate entities
