Contractor shall list all addenda by number on the bid form to ensure conformity in the bid.

Drawings, Specifications and/or Proposals are herein amended, expanded and/or modified, as hereinafter described, and become a part of the Contract Documents with the same force and effect as if incorporated, herein, originally. Any contrary provisions contained, or referred to, in Drawings and/or Specifications, shall remain applicable unless overridden by this Addendum. Revised or contrary provisions herein shall not affect any other part of the Contract Documents and any deletions, additions, substitutions and/or revisions mentioned, shall include all labor, materials, methods, modifications, etc. required for complete performance of the work.

CONTRACT DOCUMENT MODIFICATIONS AND CLARIFICATIONS:

1. Contractor will be required to obtain an Electrical Permit from Houghton County Building Department for this project.
2. Amber notification strobes were omitted from the drawing package. They have been added to the plans. Wall mounted devices are to be ordered with integral amber strobe. Ceiling devices will require a separate amber strobe. Note: Bid forms ask for an alternate cost (deduct) to eliminate the amber strobes.
3. One(1) white & amber strobe was eliminated from room 207. The strobes were rearranged such that devices can be accessed from existing ceiling catwalks. Room 206 devices can be located such that they can be installed from existing mezzanines.
4. Existing fire alarm locating device is to be removed and coved with a stainless steel cover plate. Flush mount new annunciator panel to this cover.
