Following are schedules and instructions applicable to the closing of the University accounting records for the fiscal year.

It is important to adhere to these schedules and instructions as they are designed to ensure that year-end accounting reports are accurate and timely.

The Ellucian Banner System recognizes two (2) June closings. The first June closing is termed “period 12.” We will close that period on June 30, 2017. If interested, you can run your preliminary month-end reports on July 1, 2017. However, these reports will not include the final payroll charges or other expenses that are in process.

The second Ellucian Banner June closing is termed “period 14.” This final close is tentatively set for Friday, July 14, 2017. Notice will be sent when it is okay to run your final June 30, 2017 statements.

The Board of Trustees has approved that the University carry forward up to the budgeted General Fund Contingency. The current budget contingency is $4.8 million. While this equates to 2.34% of the current year's General Fund operating budget (without fringes), units may carry forward more than 2.34% as long as in total the University does not carry forward more than $4.8 million. The carryforward will be aggregated at the Vice President/Dean Level.

Remaining balances in the General Fund course fee indexes will be carried forward into their respective General Fund indexes in July and are part of the $4.8 million carryforward allowance.

If you have any questions concerning these deadlines or procedures, please feel free to contact Financial Services and Operations at 487-2436.

Thank you for your assistance.
