GAIN YOUR COMPETITIVE EDGE WITH THE TECH MBA

MBA Spotlight

“I really love this program! My professors not only encouraged me to develop ideas, but also to think critically about real-world business. This helped me to be an enthusiastic leader for the Chinese Students and Scholars Association at Michigan Tech, and to start my career at IBM.”

Yu (Summer) Gu
Current MBA Student

MERGING BUSINESS AND TECHNOLOGY
Are you ready to move your career forward? The Tech MBA can be completed in about a year—just three semesters. The program provides a solid foundation in fundamental business principles complementing a host of undergraduate degrees.

The Tech MBA is composed of 36 credits—12 core courses to help you gain leadership and managerial skills, increase cultural awareness, and polish your professional presence. You will learn the fundamentals of business and management, then delve into higher-level courses in communication, technology, innovation, leadership, globalization, marketing, entrepreneurship, and more. Build your professional network by connecting with other MBA students, corporate executives, experienced faculty and alumni, and distinguished community members.

FOCUS ON SUPERIOR QUALITY EDUCATION
Our program is accredited by the Association to Advance Collegiate Schools of Business International (AACSB). This accreditation means that our school meets a strict set of standards that are designed to ensure quality in education and research. Fewer than 5 percent of business schools worldwide hold this accreditation.

TAKE ADVANTAGE OF EXCLUSIVE FACILITIES AND COMPUTING LABS
As a Tech MBA student, you will have access to professional resources including communications coaching, technology support, two conference rooms, and a designated graduate student computer lab. Use business tools designed for communication in the advancing global economy. Web collaboration software, video conferencing, and online simulation experiences will support your learning and understanding of best business practices.
**ADMISSION REQUIREMENTS**

Application deadline: Apply by April 1 for full funding consideration for the fall semester. Applications are reviewed on an individual basis using a holistic approach.

All Students
- Graduate School application
- Statement of purpose

- Two letters of recommendation
- Résumé/curriculum vitae
- Admitted students typically have an undergraduate GPA of 2.9/4.0 or better
- Prerequisites: Statistics and Economics

International Students
- TOEFL: Recommended score of 100 iBT

**FINANCING AND AWARDS**

Earning your MBA is an investment in your career and your future. Here are a few financial aid opportunities you can explore as you look for ways to pay for your degree.

Graduate Teaching Assistantships (GTAs) are awarded competitively through the School of Business and Economics based on merit. Early accepted applications receive the strongest consideration.

Many graduate students are eligible for a new set of federal loans, up to $20,500 per academic year, as independent students.

Contact Michigan Tech’s Financial Aid Office at 906-487-2622 or finaid@mtu.edu for more information on financial aid opportunities.

**ABOUT MICHIGAN TECH**

Michigan Technological University, founded in 1885, has gained world-wide recognition for innovative education and scholarship. Michigan Tech is a leading public research university, exploring the boundaries of knowledge, developing new technologies, and preparing students to create the future for a prosperous and sustainable world. Michigan Tech offers more than seventy graduate degree programs in engineering, forestry and environmental sciences, computing, business and economics, natural and physical sciences, humanities, technology, and social sciences.

**ABOUT HOUGHTON**

Houghton lies in the heart of Upper Michigan’s scenic Keweenaw Peninsula. The campus overlooks the Keweenaw Waterway and is just a few miles from Lake Superior. The area’s waters and forests, including our 600-acre recreational forest adjoining campus, offer students unparalleled opportunity for outdoor recreation and relaxation. The University’s 7,000 students come from all fifty states and more than sixty nations, making the area a vibrant, multicultural community.
