Memo of Understanding

Between: Michigan Technological University and UAW Local 5000

Regarding: Trial Agreement for 2017 Calendar Year for the following:

A supervisor may submit a request for review of a position held by a UAW employee for reclassification. A position which has not been audited for at least six (6) calendar months and whose work has been substantially changed in character other than volume only may submit a request to Human Resources in order to determine whether classification change is justified. The position will not be eligible for a downgrade in this process nor is it appealable.

During this process the UAW and the University will continue to evaluate the program. This process is not precedent setting nor grievable.
