eNEWSWIRE

Office of Innovation and Industry Engagement

MichiganTech

Welcome to Michigan Technological University's Office of Innovation and Industry Engagement (IIE) eNewswire. This periodic briefing provides an update on University recruiting, research, licensing, and professional development news and programs of interest to industry stakeholders.

The mission of the IIE eNewswire is to create awareness of University programs and resources that will help companies and industry achieve their strategic goals. Together, through strong partnerships with industry, Michigan Tech students, faculty, and staff will create the future.

Featured Program

Pavlis Honors College Inspires New Entrepreneurial Venture

Michigan Tech's Pavlis Honors College supports highly motivated students such as Aaron Kostrzewa and Mas Casler who have created their own business, Airmax Aerial.

Featured Technology

Ruthenium Nanoframes

The world is run by catalysts. They clean up after cars, help make fertilizers, and could be the key to better hydrogen fuel. Now, a team of chemists, led by Xiaohu Xia, has found a better way to make metal catalysts.

Philart Jeon

Brainwaves, meet sketching. Dance, meet computer programming. Researcher Philart Jeon teamed up with performance artist Tony Orrico to explore the science and art of making a room-sized graphite drawing. Check out how they turn movement into sound, make better railroad signs, help robots learn, and measure the mind of an artist.
