

April 2017

Ford - Helping Power Michigan Tech STEM Efforts

A key component of Michigan Technological University's STEM outreach effort is hands-on learning. When [Ford Motor Company](#) agreed to help sponsor some programs, it seemed appropriate that the ceremony should be hands-on.

Susan Liebau Wins 2017 Diversity Award

Established in 2014, Michigan Technological University's Diversity Award recognizes the accomplishments of a Michigan Tech faculty or staff member who contributes to diversity and inclusion through exemplary leadership and actions.

Supermileage Systems Enterprise Wins Technical Innovation Award in the Shell Eco-Marathon

Shell Eco-marathon challenges student teams from around the world to design, build, test and drive ultra-energy-efficient vehicles. More than 100 teams from universities and high schools across the country and abroad came to the heart of the Motor City to compete on the track located on the city streets surrounding the Cobo Convention Center.

Thank you to all of our past and current Summer Youth Programs sponsors and friends.

Sparking Kids' Interest in Science and Engineering

Michigan Technological University's Mind Trekkers are doing what they always do: putting on flamboyant science and engineering shows to spark young people's interest in science. And major corporations whose names you know are asking them to do it.

Mind Trekkers students would like to thank 3M, Lockheed Martin, and Dow for helping to bring Mind Trekkers to many locations across America.

Climate Change Basics for Busy People

The university partnered with the US Forest Service to provide education modules designed at Michigan Tech and shared through the Climate Change Resource Center.
