

## Distribution Courses 2007-2008 Academic Year

UN1002, World Cultures, and UN2002, Institutions, serve as prerequisites for the 15-credit distribution requirement. The distribution courses are divided into two lists: World Cultures and Institutions.

Students must take six credits from each list. The final three credits can come from either list. *A number of 2000-level distribution courses, marked with an asterisk, are designated as courses that can be taken during the first year in the same term as Perspectives on Inquiry and/or World Cultures.*

Note the following restrictions:

- If a course is labeled "activities," a student may apply no more than three credits of approved activities courses to satisfy this requirement.
- 9 credit hours must be at the 3000 or higher level.

### Language Courses for Distribution Credit

All 15 credits of the distribution requirement may be filled with Modern Language credits providing the following criteria are met: the courses are not in the student's native language, the courses meet the upper division requirement (3000-4000 level) of 9 credits, and any distribution course specified by the major is also taken.

### International study abroad for Distribution Courses

General Education International transfer credit for study abroad students (students with transfer credit from institutions outside of the U.S.) will be assigned by International Programs and Services (IPS) without regard to specific distribution list requirements. It is understood that IPS will apply non-MTU courses to distribution based on their being equivalent or congruent with existing general education distribution courses. MTU courses taken as study-abroad will be applied to distribution list requirements based upon the distribution list the course is on.

### World Cultures

(Prerequisite: UN1002)

AF2001	History US Air/Space Power I	1
AF2002	History US Air/Space Power II	1
BA4780	International Business Communications	3
