### Required Courses

- UN 4000 Remote Sensing Seminar (1)

Select one of the following two courses:

- FW 4540 Remote Sensing of the Environment (3)
- GE 4250 Fundamentals of Remote Sensing (3)

### Elective Courses (Data Management)

Select 3-6 credits from the following:

- CE 5661 GIS Applications (3)
- CS 2090 Special Topics in CS (3)
- CS 4611 Foundations of Computer Graphics (3)
- FW 3540 Intro to GIS for Natural Resource Management (4)
- FW 5550 Geographic Information Systems (4)
- MA 2720 Statistical Methods (4)
- MA 4515 Intro to Partial Diff. Equations (3)
- MA 4610 Numerical Linear Algebra (3)
- MA 4710 Regression Analysis (3)
- MA 5701 Statistical Methods (3)
- MA 5980 Special Topics in Mathematics (3)

### Elective Courses (Data Acquisition & Processing)

Select 3-6 credits from the following:

- EE 2150 Intro to Signal Processing (3)
- EE 3140 Electromagnetics (3)
- EE 4252 Digital Signal Processing (4)
- EE 5500 Statistical Signal Processing (3)
- EE 5520 Fourier Optics (3)
- FW 5560 Digital Image Processing: A Remote Sensing Perspective (4)
- GE 4250 Fundamentals of Remote Sensing (3)  
  *(Do not select if selected under Required Courses above.)*
- PH 2230 Electronics for Scientists (4)
- PH 3210 Optics (3)
Minor in Remote Sensing (continued)

Elective Courses (Data Analysis and Applications)
Select 3-6 credits from the following list:

_____ BL5520 Satellite Limnolology (3)
_____ CE3620 Water Resources Eng (4)
_____ CE4501 Environ Eng Chem Processes (4)
_____ CE4504 Air Quality Engineering & Science (3)
_____ CE5515/CH5515/CE4515/CH4515 Atmospheric Chemistry (3)
_____ CE/CH5509 Environ. Organic Chemistry (3)
_____ FW4540 Remote Sensing of the Environment (3)
(Do not select if selected under Required Courses above).
_____ GE2500 Introduction to Oceanography (3)
_____ GE2640/PH2640 Atmospheric Observ & Meteor (3)
_____ GE4150 Natural Hazards (3)
_____ GE5150 Advanced Natural Hazards (3)
_____ UN4000 Remote Sensing Seminar (1)
(1 credit of UN4000 may be used in addition to the 1 credit of UN4000 that is required).
_____ PH4640 Intro to Atmospheric Physics (3)

Elective Courses (Independent Study/Senior Research)
Select 0-3 credits from the following:

_____ BL4000 Special Problems in Biology (3)
_____ CE4510 Baccalaureate Thesis (3)
_____ CH4990 Undergrad. Research in Chemistry (3)
_____ CS4090 Special Topics in CS (3)
_____ EE4800 Special Topics in EE (3)
_____ FW4500 Independent Study (3)
_____ GE4960 Independent Geol. Eng. Res. Project (3)
_____ MA4990 Topics in Mathematics (3)
_____ PH4080 Senior Research I (3)

Information and Guidelines

- Minors will require a minimum of 16 semester credit hours. Of these 16 credit hours, no more than 6 may be 1000 or 2000 level. Minors must include at least 6 credit hours of 3000 level or higher courses which are not required for a student’s Major degree except as free electives.

- Undergraduate requirements and special provisions for each Minor are listed and defined by each academic unit offering the Minor. Minors offered in cross-disciplinary areas must originate in a designated department, school, or multidisciplinary program as recognized by the University.

- Students may not take a Minor with the same title as their Major or Major Concentration.

- A minimum cumulative grade point average of 2.0 is required for courses in the Minor.

- It is recommended that students consider Minors as early as possible in their program of study. Students desiring a Minor should indicate their intent by filing a "Change/Addition of Major/Minor" form with the Office of Student Records and Registration no later than the first semester of their junior year.

- Students desiring a Minor must also file the applicable ‘Minor Audit Form’ with the academic advisor of the department offering the minor two semesters prior to completion of their associated undergraduate degree. The academic advisor will approve and forward the form to Degree Services. Once this Minor Audit Form is on file with Degree Services, any change of intent to pursue the minor must be reported directly to the Degree Services Office, 487-2395. Failure to do so could delay the awarding of the undergraduate degree.

- Any changes to the requirements, e.g. course substitutions, must be indicated and submitted to the Degree Services Office on a "Petition to Alter Degree Requirements" form by the academic advisor in the department offering the minor.

Credits Required = 16
