IRBNet provides the research community with an unmatched set of secure, web-based collaboration tools to support the design, management, review and oversight of research involving human subjects, animal models, recombinant DNA, and more.

This Energizer covers advanced submission topics for Researchers, Research Managers, or Research Coordinators. This Energizer will illustrate how to:

- Advanced My Projects Management
- Manage My Reminders
- Review Project Messages & Alerts
- Create a Subsequent Package
- Add and Revise Documents
- Complete and Submit Subsequent Package
Did you submit an incomplete package?

If you have forgotten to add a necessary document or need to make a quick change to a recently submitted project package, CONTACT YOUR LOCAL BOARD COORDINATOR.

Responses to board requests and normal actions in the project life cycle (reportable events, continuing reviews, adverse events, study team changes, investigator - and sponsor - initiated modifications, etc.) require the creation of subsequent packages in a project. CONTACT YOUR LOCAL BOARD COORDINATOR if you have questions.
Advanced My Projects Management

Using the Search field combined with the Search By Tag menu enables focused searching.

✓ Search Example: Find all Oncology Department projects with Dr. Smith as the PI (Search “Smith” + “Oncology Dept” tag)

✓ Click any Project Tag to search for all projects with that Tag.
Receive Notifications

Once the committee has rendered a decision you will receive an automatic e-mail notification. That notification can be found in My Reminders.

- Click My Reminders to view all active notifications sent to you concerning any of your projects.

- The flag indicates an active Reminder for this project.
Review My Reminders

All notifications sent to you across all of your projects will appear here. An e-mail will be sent to your registered e-mail address.

- Click the project title to go to the Project Overview page.
- Click action type to view message.
Silence Reminders

Reminders are indicated with red flags. Silencing the Reminders will remove them from this page in the future.

- Indicates an active Reminder. Clicking the red flag will “silence” the Reminder.
Review Project Messages & Alerts

All project-specific notifications remain filed in the Messages & Alerts page as a permanent part of the project file.

- Grey flags indicate messages and alerts that are silenced, either because:
  - It was sent to another member of the team, or;
  - You have previously silenced the message.

- Click here to access project-specific Messages & Alerts.
Revise Your Project

You can easily revise your project by creating a new package. All versions of your project become a permanent part of your electronic project record.

- Note that this is the first package in the sequence.

To create a new package from an existing package, click on “Project History.”
Create a New Package

The Project History page displays all packages in this project. From here you can create a second package.

- Click "Create New Package."

Access New Package

The new package has a status of Work in Progress and is editable.

- Note that a second package is created.
- The Project History lists all packages in the project lifecycle.
- Now click on the New Document Package to begin building the package.
Add or Revise Documents

Bring forward and revise documents previously submitted, or add a new document as required.

To revise an older document:
1. Download the previous version to your computer, modify as required and save.
2. Click on the pencil icon (see next page for more information).

To add a new document, click “Add New Document”.

All documents from previously submitted packages are listed here.
Attach a Document

Browse and locate the revised or new document on your computer, and attach by clicking the Update button.

- Browse your hard drive for documents, and attach.
- This view is for updating a document from package 1. The view for attaching a new document is similar.
Document Management Tools

IRBNet provides powerful tools to update and review project documents.

- View
- View revision history
- Update
- Delete document

Note that after revising, the document is removed from the visible list of documents from previous packages.
The document revision history tool reveals all versions of a document type in the project.

[Step 1]
Download blank forms, document templates, and reference materials to assist you in assembling your document package.

Select a Library: Metropolitan IRB, Frederick, MD
Select a Document: Application for Continued Approval

[Step 2]
Assemble your document package. In addition to adding project documents, you link your project team's Training & Credentials to your package.
