John Gierke, Graduate Faculty Council
Dave Karnosky, SFRES

Terry McNinch, College of Engineering
Joanne Polzien, Vice Pres. for Research Office

Phil Merkey - guest

There was no agenda for this meeting.

1. Salary Reductions: 5 days to be subtracted for faculty and exempt staff. Supervisors or individuals can make up this from D or E accounts. If expending from that account, make sure to work on that account.
2. Board of Control Report - RSP will include RAC on the distribution list for this report.
3. Internal Awards - 200k was cut from start up. May come back in March but not sure. REF may have to wait until further along in the year to fund - but will still run the program.
