Re: 2009 Fringe Benefit Rates

Date: December 22, 2008

In concert with the compensation shift from benefits to salaries, effective December 28, 2008, the regular and grant funded employees fringe rate of 43.1% will be applied to all funds. This is a reduction from the current rate of 45.2%.

We are in the process of auditing and finalizing the facilities & administrative overhead rate and fringe benefit rate to be submitted to the Office of Naval Research ("ONR") for approval. When approved, the facilities & administrative overhead rate will apply for the three fiscal years 2010-2012. The approved fringe benefit rate will only be applied for the 2010 fiscal year, since it is an annually approved rate.

The current approved 45.2% fringe benefit rate should continue to be used on Sponsored Programs proposal budgets, until we receive approval from the ONR on a new rate for fiscal year 2010. Salary expenditures from active sponsored projects will be charged the new unofficial rate of 43.1%, effective December 28.

The existing rates for other employee types will continue to be applied to all funds and also be used in Sponsored Programs proposal budgets, as described below:

- Extra Compensation 20.2%
- Temporary Employees 10%
- Graduate Students 8.75%
- Undergraduates 0%

Re: 2009 Fringe Benefit Rates

Date: June 23, 2008

The Office of Naval Research has recently audited and finalized negotiations with Michigan Tech for our fringe benefit rates. Effective July 1, 2008 the regular and grant funded employees fringe rate of 45.2% will be applied to all funds.

Effective immediately the regular and grant funded employee fringe benefit rate of 45.2% will be used in Sponsored Programs proposal budgets. The new fringe benefit rate will apply to supplemental or additional funding, where funding is added for work beyond what was contained in the original agreement. The funding will generally be given a new index number in order to be separated from the funding in the original agreement.

For existing and incrementally funded Sponsored Programs, the fringe rate for regular and grant funded employees will be grandfathered at the rates used in the proposal budget.

The existing rates for other employee types will be applied to all funds and also be used in Sponsored Programs proposal budgets, as described below.

- Extra Compensation 20.2%
- Temporary Employees 10%
- Graduate Students 8.75%
- Undergraduates 0%

NEGOTIATION AGREEMENT

INSTITUTION: MICHIGAN TECHNOLOGICAL UNIVERSITY
HOUGHTON, MICHIGAN

The Fringe Benefits rates contained herein are for use on grants, contracts and/or other agreements
issued or awarded to Michigan Technological University by all Federal Agencies of the United
States of America, in accordance with the provisions and cost principles mandated by 2 CFR 220
(formerly Office of Management and Budget Circular A-21). These rates shall be used for
forward pricing and billing purposes beginning with Michigan Technological University's Fiscal
Year 2009.

SECTION II - GENERAL

A. LIMITATIONS: Use of the rates set forth under Section I is subject to any statutory or
administrative limitations and is applicable to a given grant or contract only to the extent that
funds are available. Acceptance of the rates agreed to herein is predicated upon all of the
following conditions: (1) that no costs other than those incurred by the grantee/contractor were
included in this indirect cost pool as finally accepted and that such costs are legal obligations of
the grantee/contractor and allowable under governing cost principles, (2) that the same costs that
have been treated as indirect costs are not claimed as direct costs, (3) that similar types of costs
have been accorded consistent accounting treatment, and (4) that the information provided by the grantee/contractor which was used as a basis for acceptance of the rates agreed to herein, and expressly relied upon by the Government in establishing and accepting the said rates is not subsequently found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: The provisional rates contained in Section I of this agreement are based on the accounting system in effect at the time the agreement was established. Changes to the method(s) of accounting for costs, which affect the amount of reimbursement resulting from the use of these rates, require the prior approval of the authorized representative of the cognizant negotiation agency. Such changes include but are not limited to changes in the charging of a particular type of cost from indirect to direct. Failure to obtain such approval may result in subsequent cost disallowances.

C. USE BY OTHER FEDERAL AGENCIES: The rates set forth in Section I were established in accordance with and under the authority set forth in 2 CFR 220. Accordingly, such rates shall be applied to the extent provided in such Circular to grants and contracts to which 2 CFR 220 applies, subject to any limitations in part A of this section. Copies of this document may be provided by either party to other federal agencies which have or intend to issue or award sponsored agreements using these rates or to otherwise provide such agencies with documentary notice of this agreement and its terms and conditions.

D. PREDETERMINED RATES: The predetermined rates set forth in Section I of this agreement are not subject to adjustment in accordance with the provisions of 2 CFR 220, subject to the limitations contained in Part A of this section.
