Rates in the academic year are based on 9 to 12 credits (depending on the department) and may include: Engineering/Computer Science tuition fee and estimated lab fees. Rates in the summer semester are based on 3 credits and may include: Engineering/Computer Science tuition fee (half of the academic semester rate) and estimated lab fees. The student is responsible for all charges above the calculated departmental cap (9 to 12 cr. ay, 3 cr. su.). A 6% increase should be applied in future years.
