Per Credit Rate - Applied Science Education ONLY	\$675	\$332	\$709	\$349	\$744	\$366	\$781	\$384
If budgeting 1 credit in the summer, subtract these figures from the summer semester rates:	\$1,350	\$664	\$1,417	\$697	\$1,488	\$732	\$1,563	\$769

Rates in the academic year are based on 9 to 12 credits (depending on the department) and may include estimated lab fees. Rates in the summer semester are based on 3 credits and may also include estimated lab fees. The student is responsible for all charges above the calculated departmental cap (9 to 12 cr. ay, 3 cr. su.). A 5% increase should be applied in future years.

The PI/researcher is responsible for any short-fall in tuition and fees when budgeting in research mode
