Audio and video enhancements made to the senate meeting room were noted.

The Tech fund account for the Senate is #3298.

Senate meetings will appear on Charter Cable channel 190 on Mondays and Fridays starting at 7:00 pm.

Waddell stressed the importance of shared governance and stated the goals for the senate in the coming year. Compensation will be requested for all senate officers (currently the vice-president receives no compensation for their work on the University Senate) and standing release time for committee chairs.

Senate meetings will follow Robert’s Rules of Order as stated in the Senate Bylaws. Notable changes to the agenda will be using the term ‘unfinished business’ in place of ‘old business’ and the minutes will reflect what was done not what was said.

6. Unfinished Business

Changes to the bylaws are:

1. Members of standing committees to be determined in the spring.
2. Composition of the executive committee and standing committees will be restructured.

The text of the proposal references sections of the Senate Constitution to clarify the roles and responsibilities of the two new committees. Moran suggested a friendly amendment to strike out the parenthetical references to the constitution describing the charges to the General Education and Assessment Committee and the Information Technology Committee. Scarlett moved to introduce a friendly amendment by rewording Section 7 to state, “As related to all curricular matters related to General Education and Assessment.” Mullins seconded. Waddell asked for discussion. There being none, the motion was accepted. A verbatim change in text was made to Section 8.

3. Officers-elect will assume their duties immediately after the last meeting of the spring semester.
4. Rules permitting non-members to participate in Senate discussions. Limiting guest speakers and presentations to 30 minutes of the Senate meeting time.
5. Appointment of reciprocal liaisons.
6. Senate officers may not chair standing committees.

Mullins moved to approve the proposal as amended. Scarlett seconded. Waddell asked for discussion. There being none. The proposal passed unanimously on a voice vote.

Scarlett moved to approve the rosters for the Senate standing committees. Nooshabadi seconded. Waddell asked for discussion. There being none. Waddell declared the roster approved.

Scarlett moved to approve the rosters for the Senate standing committees. DeWinter seconded. Waddell asked for discussion. There being none. Waddell declared the roster approved.

7. New Business
a. Provost Search Committee [53:46 – 56:50]

Waddell informed the Senate for the need of a Provost search committee and discussed the process to select committee members appointed by the senate. He asked if anyone sought another method to select the Senate search committee members. Beck requested a nomination form be used. Waddell stated that a nomination form was requested for all nominees in order to help the Senate Executive Committee make a decision.

b. Senate’s role in advising on e-cigarette policy [58:35 – 1:01:15]

Waddell suggested having an education campaign rather than having the senate make recommendations to the administration.

Waddell noted that Proposals 2-14, 23-14 and 32-14 were previously approved by the Senate. The administration approved each and made comments. Waddell referred the three proposals back to the committees for discussion regarding administrative amendments. He reminded everyone that if there are not substantive changes made to a given proposal, these can be voted on next meeting.

Described above (Section 7.c.) This proposal was approved by the administration subject to Board of Control consideration and proposed amendments. Scarlett asked that everyone review a reasonable, yet notable change in the proposal that was effectively a non-competitive agreement.
This proposal was approved by the administration and subject to the proposed amendments. This has been referred to the Fringe Benefits Committee. Key changes:
1. Time for notification of change in benefits changed from 90 to 30 days. The exception being retirement benefit changes, which the Senate sought one year and the administration sought 180 days.
2. The Senate will be able to ask questions to any healthcare consultants hired by the administration.

The proposal originated with the Senate Executive Committee.

g. Proposal 3-15 “Creating a Visiting Professor of Practice Position” [1:05:26– 1:05:32]
The proposal originated with the Provost’s Office.

h. Proposal 4-15 “Ensuring Confidentiality of Learning Management System (LMS) Content and Student Records” [1:05:33– 1:06:02]
The proposal originated with the Administrative Policy Committee with input from the Senate Executive Committee. The Center for Teaching and Learning requested some revisions which are currently being discussed in committee.
