SUBJECT: Final Decision – Proposal 23-16

In April 2016, the University's administration responded to Senate proposal 23-16, "Proposal to Move to a University Parental Leave Policy." In their response, the administration declined the proposal "at the present time" in order to allow the President to reconvene the Maternity Leave Group of 2011. The Maternity Leave Group viewed the Senate's proposal and provided recommendations to the President. Based on recommendations, the administration is disapproving the proposal and alternate strategies will be implemented. The full report is found on the President's page at <http://www.mtu.edu/president/reports/maternity-review-group-report-09-09-16.pdf>
