2016 Family Cluster Facilitator Interest Form

Student Activities is looking for interested faculty, staff, and community members to serve as Cluster Facilitators for the LeaderShape® 2016 Institute (January 4-9, 2016). Cluster facilitators serve an important role during the LeaderShape® Institute as the connection between the learning that occurs in the large group and the reflection, activities, and relationship building that occurs in the small group, or “family cluster”.

The Cluster Facilitators have a considerable amount of interaction with the participants and are valuable members of the facilitator team during the LeaderShape® Institute. The Cluster Facilitator supports participants as they develop their Breakthrough Blueprints and encourages positive interpersonal and group development in a safe and trusting environment. Cluster Facilitators are also encouraged to maintain contact with members of their Family Cluster following their session. This contract helps participants “stay in action” on their visions after the six--day program and sustain their commitment to integrity after The LeaderShape® Institute.

If you are interested in serving as a Family Cluster Facilitator, please complete the following interest form and return to Student Activities (112 Memorial Union Building). Individuals interested in serving in the facilitator role for the 2016 session should submit an interest form by Friday, September 11, 2015 by 5:00 pm.
