Updates

Senate Proposal – Graduate and Undergraduate Student on Ombuds Search Committee – Jon
Jon reported this proposal is going to be voted on next week (April 1). Originally the Senate didn't see the need to have two students on the committee because the Ombuds does not see a lot of undergraduate students. Jon commented that is probably the case because the undergraduate students are not aware of this service. Jon also reported that "represented staff" was struck from the proposal because they would not go to the Ombuds person but rather would have Union support.

Jon commented that he will push to have this passed and suggested that GSG and USG members could attend the upcoming meeting and speak in support during the General Discussion time. Jon will report the outcome at the next meeting.

Overnight Parking in Downtown Houghton – Andrey

Andrey reported that the USG representative has not been attending the City Council meetings so he did not have anything to report.

IRHC Rep on Student Commission

Tabled.

Cemetery Road Lighting and Security Cameras – Marco

Gregg reported that this is on the Facilities list of items to complete. He commented that right now it is not a high priority but questioned if somehow it could be determined how much the students use this road. Suggestions included:

- Poll the GSG students
- Could it be a Civil Engineering project
- Count the number of people after a hockey game
- Add a question about usage to the Student Satisfaction survey

New Items

Sense of the Senate Resolution for Sufficient Notice of University Closure - Jon

Jon reported the University Senate is going to be voting on this resolution at next week's meeting (April 1). Jon explained that the "Sense of the Senate" resolution will get voted on and then given to the Administration if passed. Jon will report the outcome at the next meeting.

Congratulations Jon! Visited all 3108 counties in the USA!
