• Zipcar Updates

Angie will keep the Student Commission updated on Transportation Services.

Food Insecurities
Andrey reported that at the USG meeting the Dean of Students asked if students would be interested in forming a committee to determine if there are students going hungry on campus. At that meeting nine students expressed interest.

Lynda reported that Dean Gorman would also like to have a Graduate Student representative on the committee. Marco will forward the name of the GSG rep to Lynda. Chelsea Nikula will serve on this committee.

Blue Light Stanchions
Tabled.

E-Cigarettes
Andrey reported that Steven Steinhoff will provide an informational presentation to USG at their next meeting.
Weather Closure Policy
Lynda distributed Proposal XX-15 “Proposal for Sufficient Notice of University Closure” that Jon Riehl had forwarded to her. Jon had reported to Lynda that the current policy is in the University Senate Administrative Policy Committee but has not been acted upon. He thought it may be on the October 8 University Senate agenda. He asked that the Student Commission review the proposal and comment. After review comments/questions included;

• What does the Senate consider a power outage?
• Policy is ridiculous
• A 2-hour notice is ludicrous
• The University should not have their hands tied by the Senate
• Even though the University closes – graduate students are still on campus
• Welcome to the Copper Country
• What if it clears up in two hours?
• What if there is freezing rain?
• Houghton County Road Commission makes the decision to pull the plows off the road not the University
• No control over the weather
• Public Safety is constantly monitoring any inclement weather and makes their recommendation to the President/Provost
• Campus should be reassured that as notice as possible will be given
• Are faculty understanding if students miss class because of weather?

The Student Commission members present were not in favor of the proposal.

**"Would you be more likely to carpool if there was an incentive program? (Such as priority parking or a discounted rate?)"

He wondered if anybody on the Student Commission would be interested in researching what other universities are doing about carpooling and if they have incentive programs. Angie reported that she will look into this more and report back at a future meeting.
