Pay Your Enrollment Deposit

Your \$200 nonrefundable enrollment deposit guarantees your spot in the incoming class and provides access to the on-campus housing contract.

- Fall semester applicants—pay by May 1, 2026.
- Spring and summer applicants—pay within 30 days of acceptance.

Submit your enrollment deposit early to receive preference when choosing your Summer Session Orientation date.

Set Up Your Husky Portal

Look for an email with the subject line “Set Up Your Husky Portal.” This email contains your portal link and login credentials. If you cannot find the email, please contact your regional admissions manager or the Admissions Office for assistance.

Track Your Enrollment Progress

As an accepted student, you will use your Husky Portal to access important resources during the enrollment process.

- Application checklist
- View your decision
- Regional admissions manager contact information
- Michigan Tech single sign-on (SSO) information
- Michigan Tech student email account
- Student identification number (M Number)
- Scholarship and financial aid information
- Enrollment deposit
- On-campus housing contract (starting in January)
- Summer Session Orientation registration (starting in February)
- Guest access request

For more information, contact the Admissions Office at mtu4u@mtu.edu or **888-688-1885**.

Once enrolled, Michigan Tech’s **Experience** web platform offers access to all online services via a customizable dashboard. Log in at mtu.edu/experience using your Michigan Tech SSO credentials.

- Class schedule
- Financial aid portal
- Guest access
- Housing and dining
- HuskyCard photo
- Student bill
- Transfer, AP, IB, and CLEP credit

Financial Aid and Scholarships

- ☐ Watch your mailbox for your merit-based scholarship information.
- ☐ Apply for competitive scholarships.
- ☐ Use the Net-Price Calculator to estimate merit-based scholarships and need-based financial aid you may qualify for.
- ☐ File your Free Application for Federal Student Aid (FAFSA).
- ☐ Complete the Supplemental Scholarship Survey.

Cost matters when deciding where to go to college. Financing your education is made possible by four types of funding sources:

- Scholarships
- Grants
- Loans
- Employment

To be considered for the most opportunities, start by filing your Free Application for Federal Student Aid (FAFSA).

Apply for Scholarships

Michigan residents are eligible for Presidential Scholars Program awards, and non-Michigan residents are eligible for National Scholars Program awards. These merit-based scholarships are available to first-year students. While you may not have provided official SAT or ACT scores when you applied for admission, we recommend you submit official scores for additional scholarship consideration.

The following Michigan Tech competitive scholarships require additional application materials. Some deadlines are as early as November 15:

- Leading Scholar Award–November 15
- Summer Youth Scholars–December 1
- FIRST Robotics Scholarship–February 1
- Visual and Performing Arts Talent Award–February 15
- Thompson Scholars Program-Working Families Scholarship (*Michigan residents only*)–February 15

Also, start checking with your high school guidance office, community foundations, parent/guardian's place of employment, and other outside sources for additional scholarship opportunities.

Visit mtu.edu/admissions/financial/scholarships for a full list of scholarships and deadlines.

Use the Net-Price Calculator to Estimate Scholarships and Need-Based Aid

Our Net-Price Calculator will prepare a custom estimate of merit-based scholarships and need-based financial aid you may qualify for if you attend Tech. While the results you receive are an estimate, it's a great first step toward determining the affordability of a Tech education. Once you file the FAFSA, your official financial aid package will be mailed to you. Get your estimate at mtu.edu/finaid/tuition/calculator

Supplemental Scholarship Survey

The Supplemental Scholarship Application is used to award both competitive scholarships, like the Leading Scholar Award, and automatic donor-funded scholarships to new incoming students. Complete the survey through the Leading Scholar application process or through your Husky Portal under the "Financial Aid" tab. Students awarded these automatic scholarships will receive notification through their Michigan Tech email account.

Report Private Scholarships

Many students earn scholarships from non-Michigan Tech sources—such as their high school, local foundations, or companies—that can be applied toward their cost of attendance at the school they choose to attend.

If you are awarded scholarships from non-Michigan Tech sources, you must report your scholarship(s) through your Financial Aid Portal under the “2026-2027 Outside Resources” section. You can follow the step-by-step instructions at mtu.edu/finaid/outside-scholarships

All reported scholarships will be applied to your Michigan Tech student account within two to three days of being reported and are considered placeholder amounts until we receive the scholarship check.

On-Campus Student Employment

At Michigan Tech, you’ll find many opportunities for student employment. Even if you don’t qualify for work-study (based on your FAFSA results), many departments on campus hire students for part-time jobs. On average, 2,000 students are employed on campus. Off-campus employment opportunities are also available.

Visit mtu.edu/admissions/financial/paying for details.

Complete Your FAFSA

To be considered for all University-awarded financial aid, including grants, loans (for students and parents/guardians), work-study employment, and other aid, complete your FAFSA. File online at studentaid.gov using our federal school code: **002292**. In order to process your FAFSA, Michigan Tech needs to have your social security number on file. To avoid delays in processing your FAFSA, please use your Husky Portal to provide your social security number. On the Financial Aid tab, enter your social security number in the section “Enter Your Social Security Number (SSN).”

File by the due dates listed below for the best opportunities. FAFSAs processed after these dates will receive consideration for remaining aid.

FAFSA Dates to Remember			
Semester	FAFSA to File	Begin to File	Priority Date
Spring 2026	2025-2026	As soon as possible	December 1, 2025
Summer 2026	2025-2026	As soon as possible	April 1, 2026
Fall 2026	2026-2027	October 1, 2025	March 1, 2026

If you’ve already filed a FAFSA, but did not have the results sent to Michigan Tech, visit studentaid.gov or call **800-433-3243** to have the results released to us.

Financial Aid Package

If you are awarded financial assistance as a result of completing the FAFSA, you will receive a financial aid package that includes the following detailed information:

- Amount of merit- and need-based aid awarded
- Estimated annual cost of attendance for the upcoming school year
- Financial aid deadlines and information
- Information about how to accept your awards and the terms and conditions of your financial aid

Financial Aid Notification Schedule	
Semester	Notification Begins
Spring 2026	November 1, 2025
Summer 2026	February 1, 2026
Fall 2026	January 1, 2026

Cost of Attendance

Your cost of attendance is an estimate of your annual expenses, including tuition, fees, housing and food, books, materials, equipment, personal needs, and travel.

Students who have earned 60 or more credits, including transfer credit, credit earned through early college or dual enrollment, or AP, IB, or CLEP, will be charged upper-division tuition. For details, see mtu.edu/finaid/tuition/cost

Use our Net-Price Calculator to get an estimate of your net cost after financial aid and scholarships. The more accurate the information you provide, the more accurate of an estimate you'll receive. Get started at mtu.edu/finaid/tuition/calculator

2025-26 Estimated Undergraduate Student Expenses

Student Expenses	Michigan Residents	Non-Michigan Residents
Tuition ^{1,2}	\$19,608	\$44,504
Required Fees ³	\$374	\$374
Lab and Course Fees (estimated)	\$621	\$621
Housing and Food ⁴	\$14,142	\$14,142
TOTAL Billed Expenses	\$34,745	\$59,641
Additional costs to consider		
Books, Materials, and Equipment	\$1,200	\$1,200
Personal Expenses	\$640	\$640
Transportation	\$1,474	\$1,474
Loan Origination Fee ⁵	\$64	\$64
Annual TOTAL ⁶	\$38,123	\$63,019

1. Students taking 12 to 18 credits per semester are charged the plateau rate listed above. Students taking fewer than 12 credits will be charged on a per-credit basis (resident: \$740; nonresident: \$1,648). This per-credit price also applies to any credit taken over 18 credits. Students attending summer semester will be charged the per-credit rate.
2. Students who have earned 60 or more credits, including transfer credit, credit earned through early college or dual enrollment, or AP, IB, or CLEP, will be charged upper-division tuition. For details, see mtu.edu/finaid/tuition/cost
3. Required fees per semester include: Fall and Spring Activity Fee—\$80; Fall and Spring Experience Tech Fee—\$107 (not assessed in summer).
4. Housing and food rates vary, depending on hall assignment and meal plan selection. See options at mtu.edu/housing/applications-policies/rates
5. The loan origination fee is only charged to those students receiving federal direct loans.
6. Tuition, fees, and housing and food are payable each semester.

Living On Campus

- ☐ Complete your housing contract for on-campus housing (beginning in January).
- ☐ Complete your housing profile.
- ☐ Participate in roommate matching (opening in March).

Complete Your Housing Contract

Living on campus plays a critical role in your success as a first-year student. It helps you build independence, make new friends, develop important life skills, and connect with the support and resources you'll need to thrive at Michigan Tech. Because of its impact, all first-year students are required to live on campus during their first year.

If you are receiving a merit-based scholarship through the Presidential Scholars, National Scholars, or Leading Scholar programs, you'll need to live in University housing for your first two academic years.

Once you've paid your enrollment deposit, you can apply for housing starting in January by completing your residence hall contract in HuskyHouse, our housing services portal. Log in using your Michigan Tech SSO credentials. While new students don't have the opportunity to choose their specific room, you will have the opportunity to select your roommate. Learn more about our residence halls at mtu.edu/housing/options/undergraduate

Complete Your Housing Profile

After completing your housing contract, you will need to fill out your housing profile. This information helps us match you with a roommate who is a good fit, based on your preferences. If you don't choose a roommate yourself, your profile will help us pair you with someone compatible.

Choose a Roommate

Once your contract and profile are complete, you will be eligible to participate in roommate matching, which opens in early March. You can:

- Request a specific roommate you already know, or
- Search for a potential roommate who's a good match based on housing profiles.

You have until June 1 to enter your roommate choice. If you don't select a roommate by then, we'll assign one for you based on your housing profile.

Please note: Spring or summer students will be put on a waitlist and roommate matching is not available.

Important Dates

If you sign your housing contract, and complete roommate matching by June 1, your housing assignment and roommate information will be available in HuskyHouse starting July 1.

- If you complete your housing contract after June 1, or do not participate in roommate matching, you'll receive your assignment by August 1.

For more information, visit mtu.edu/housing or contact Residential Living at **906-487-2682** or housing@mtu.edu

Learn more at mtu.edu/residential-living/contracts-processes/contracts

Register for Residential Parking

If you will be living on campus and you decide to bring a vehicle, please register your vehicle and purchase your Residential Parking Permit online by visiting the Michigan Tech Parking Portal on the Transportation Services website.

- **Mid-July:** Watch your MTU email for information on how to sign up for the permit waitlist and to purchase your permit.
- Permits for motorcycles, scooters/mopeds, and snowmobiles are only available to purchase at the Transportation Services office in Room 100 of the Administration Building.
- Winter storage is not available on campus.

Visit mtu.edu/transportation for full details, contact Transportation Services at **906-487-1441**, or email us at parking@mtu.edu

Transportation Courtesy Patrol Program

If you experience any vehicle breakdowns on campus, Transportation Services staff are ready to assist you free of charge with the following issues:

- Dead battery
- Flat tire
- Stuck in ice or snow
- Frozen door locks
- Out of gas

Residential Dining

Meal plan options are tailored to meet a variety of dining preferences and needs within our community with flexibility and convenience. First-year students are required to select either the Premium Gold Unlimited or the 19 Meal Plan when signing a contract with Housing Services. These meal plans provide access to the largest number of meals per academic year, minimize the risk of food insecurity, and will ensure you have the nutritional support to be successful.

Our meal plans are carefully designed to meet a large majority of dietary needs. If you have additional dietary needs, a registered dietitian is available to offer complimentary one-on-one nutrition counseling, dining accommodations, and assistance navigating the dining halls with food allergies/intolerance. Husky Eats professional staff strive to accommodate all students and are ready to work with you to address questions or concerns regarding your meal plan or dining experience.

Students can use their meal plans at the locations shown below. Visit dineoncampus.com/MTU to view hours and menus. Between meals, the dining halls are open to students, with a variety of items available.

- The Social House at Wadsworth Hall
- The Eatery at McNair Hall
- The Food Hall at Douglass Houghton Hall

Meal Plans

	Premium Gold Unlimited	19 Meal
Meal Swipes (per week)	Unlimited	19
Dining Dollars (per semester)	\$200	\$150
Guest Passes (per semester)	8	0

Dining Dollars

Dining Dollars are the equivalent of cash or a prepaid credit card and can be used at any of our retail locations on campus. Dining Dollars are included in our two resident meal plans and are automatically loaded on your student ID at the beginning of each semester. Dining Dollars will roll over from fall to spring semester but will expire at the end of the academic year.

For more information, visit dineoncampus.com/MTU

Register for Commuter Parking

If you will commute to campus, please register your vehicle and purchase your commuter parking permit online by visiting the Michigan Tech Parking Portal on the Transportation Services website before classes begin.

- **Mid-July:** Watch your MTU email for information on how to sign up for the permit waitlist and to purchase your permit.
- **August:** Permits will be available for pickup in person after being purchased online.
- Permits for motorcycles, scooters/mopeds, and snowmobiles are only available to purchase at the Transportation Services office in Room 100 of the Administration Building.
- Winter storage is not available on campus.

You also have the option to register your vehicle online and pay to park at metered/visitor parking on campus. Meters can be paid through the Parkmobile app, or by purchasing visitor permits either in person or online at the Michigan Tech Parking Portal.

For full details, visit mtu.edu/transportation, contact Transportation Services at **906-487-1441**, or email us at parking@mtu.edu

Living Off Campus

If you are a Michigan Tech student from the local area (Baraga, Houghton, Keweenaw, or Ontonagon counties), you may choose to live at home with your parent/guardian. In your Husky Portal, complete the "Commuter Eligible Housing Survey."

All of the same resources and opportunities are available to students who commute to campus, and we encourage you to take advantage of them and get involved.

Before Orientation, commuter students will receive communication about connecting with staff and getting their questions answered. Students can always email success@mtu.edu with any questions or concerns they may have prior to the start of the semester.

As part of Fall Orientation, plan to attend the Commuter Orientation event. Don't miss this opportunity to meet fellow commuters and begin to get connected and involved.

Commuter Meal Plans

Commuter students may select from meal options in the residential dining halls or at retail dining locations across campus.

Top Dog Express Plans are available to commuter students and can be purchased and recharged as needed. They are perfect for anyone who spends a mixture of their time eating on campus and cooking at home. Top Dog Express Plans include a set of meals that can be used at The Food Hall at Douglass Houghton Hall, The Eatery at McNair Hall, and The Social House at Wadsworth Hall.

Off-Campus Housing

For information about off-campus housing, including a list of available properties, check out the off-campus housing list at offcampushousing.mtu.edu/listing, or contact the Undergraduate Student Government at **906-487-2406** or usg@mtu.edu

It is common for students to secure their off-campus housing 9-12 months in advance.

Enrollment and Registration

- ☐ Request your final transcript(s).
- ☐ Submit your AP, IB, CLEP, or dual enrollment credit.
- ☐ Register for Summer Session Orientation.
- ☐ Complete the course placement process.
- ☐ Upload your HuskyCard photo.
- ☐ Pay your tuition bill and confirm your enrollment.

Request Your Final High School Transcript

An official final high school transcript is required within 30 days of your high school graduation. Request your final transcript through Parchment or contact your high school upon graduation and ask them to send your official transcript showing your final grades and graduation date. Your final transcript will be reviewed by the Admissions Committee to verify continued academic success after the time of your acceptance to Michigan Tech. A significant decline in academic performance during your senior year may affect your enrollment status and, at the University's discretion, may result in a revocation of your admission and any financial assistance awarded.

To be considered official, a transcript must be sent directly to Michigan Tech's Admissions Office by the institution issuing the transcript or from a transcript service such as Parchment. Transcripts stamped "issued to student" or those hand delivered, even if in a sealed envelope, are not acceptable.

Request Your Official College Transcript

If you completed college-level courses during high school, contact the registrar's office at the participating institution(s) and request that an official transcript with your final grades be sent to Michigan Tech's Admissions Office. Courses will be evaluated for transfer credit. If you are using a third-party transcript service, such as Parchment or National Student Clearinghouse, please make sure to select "Admissions" as the destination.

Submit AP, IB, or CLEP Scores

Your scores on Advanced Placement (AP), International Baccalaureate (IB), or College Level Examination Program (CLEP) tests may earn you credit or placement. Scores must be sent to Michigan Tech directly from the testing agency.

Go to mtu.edu/admissions/enroll/ap-ib-clep to see the list of scores needed to receive Michigan Tech credit.

Plan for Summer and Fall Orientation

Orientation is the time when you become a Michigan Tech Husky. In addition to meeting fellow new students, you'll become acquainted with campus resources, learn important information about academic and co-curricular opportunities, and connect with current Tech students, faculty, and staff members who are here to support you during your time on campus.

Participation in both Summer and Fall Orientation sessions is required for all new students, regardless of living arrangement. Once you have paid your deposit, you will receive more information about how to register for Summer Session Orientation.

Local accommodations are limited, so please make lodging arrangements early if you have family members or friends traveling with you for Orientation.

For more information, contact the Orientation staff at **888-688-1885** or **906-487-3558**, orientation@mtu.edu, or mtu.edu/orientation

Complete Course Placements

Michigan Tech offers placement assessments to ensure you are beginning your coursework at the right level.

Math

Placement in an appropriate initial math course is crucial to your success at Michigan Tech. The Registrar's Office will create your first semester schedule and their goal is to place you into the math course that will provide the best opportunity to complete your degree in four years.

Starting in a math course that is too low may increase your time to graduation. But starting in a course that is too advanced could mean frustration, difficulty understanding important concepts, or retaking courses and increasing your time to graduation.

1. Find your recommended first math course. Visit mtu.edu/math/undergraduate/placement/placement-scores and select your intended major from the drop-down menu to view what scores/credit are needed to place into that course. Tip—your recommended first math course will be highlighted in gold.

2. Provide your official score(s)/credit by June 30, 2026. In order to place you into a math course, we need at least one of the following:

- Official SAT or ACT score
- AP Precalculus or AP Calculus (AB or BC) credit earned with a qualifying score
- IB Mathematics (HL) with a qualifying score
- CLEP Precalculus or Calculus with a qualifying score
- College transfer credit for college algebra or higher

3. If you do not have an official score, or you feel your placement is incorrect, you must take the online ALEKS Math Placement assessment.

- ALEKS is available online from May 1 until the first day of Fall Orientation
 - Scores are due by June 30 for course registration
- The \$25 fee includes one (1) initial assessment, unlimited use of the Prep and Learning Module, and up to four (4) additional assessments. Before submitting your payment, we strongly encourage you to use the free trial of ALEKS.
- Take the ALEKS assessment at apps.mtu.edu/aleks

Visit mtu.edu/math/placement for more information and to see the recommended first math course for your major.

Chemistry

Find details on chemistry course placement at mtu.edu/chemistry/fyc

Modern Language

If you plan to continue studying German or Spanish at Tech, you must take the free online Modern Language Placement Exam to be placed into the correct course. Placement tests are available throughout the summer and during Orientation. Learn more about the test and view sign-up instructions at mtu.edu/humanities/undergraduate/modern-languages/placement

Computer Science Knowledge Assessment

Students enrolling in the majors listed below must take the online Computer Science Knowledge Assessment in June to determine which introductory computer science course is best for you. Visit mtu.edu/cs/undergraduate/placement for details about this online test.

- Computer Engineering
- Computer Science
- Data Science
- General Computing
- Software Engineering

Class Schedule

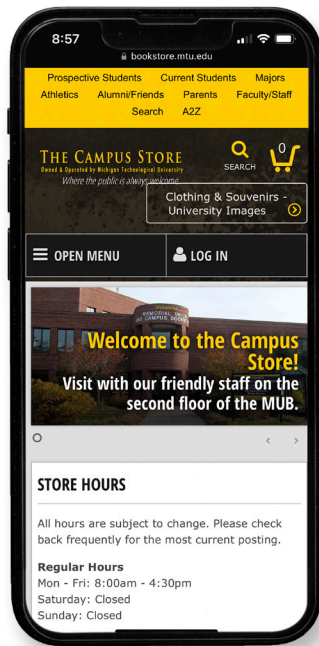

Your schedule will be created by the Registrar's Office in mid-July based on your major, course placement results, AP/IB/CLEP score(s), and transfer credits received.

Your initial schedule may not reflect full-time status (12 credits or more). Prior to the start of classes, you will be able to add other courses (activities, Essential Education, electives) to complete your fall schedule or make changes after consulting with your academic advisor. Changes may also be made by contacting the Registrar's Office at **906-487-2319** or **schedule@mtu.edu**

All first-year students are billed as full-time, making you eligible for financial aid. Schedule changes or adjustments may result in additional charges.

Get Your Books

Once you receive your course schedule, you may order your books online via **bookstore.mtu.edu** prior to the start of the semester. After you place your order, your books will be available for pickup when you arrive on campus.

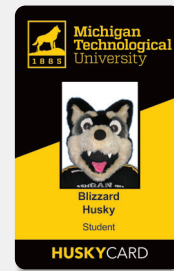

Submit a Photo for Your HuskyCard

Your Michigan Tech HuskyCard is your official photo ID, room and building access card, residence hall meal pass, and an on-campus debit card. You'll submit your HuskyCard photo online through **Experience** at **mtu.edu/experience**

You'll receive your HuskyCard during Summer Session Orientation, so make sure to submit your photo by the deadline.

Once on campus, keep your card with you at all times—there is a fee to replace lost or damaged cards.

Visit **mtu.edu/it/services/accounts/huskycard** for complete information.

Express Cash

The Express Cash debit card program is available as a feature of your HuskyCard. It operates like a debit card for on-campus purchases. After adding funds to your account, you may use your card to make purchases at locations like the Campus Bookstore and University Images, retail dining across campus, campus markets, the Rozsa Center for the Performing Arts Box Office, the Student Development Complex Central Ticket Office, printers and copiers, and some vending machines on campus.

Computing Device Requirement

All students are required to have a computing device that meets minimum specifications for their major. This will help maximize success in a range of class scenarios, including in-class and remote learning, as well as remote assessment.

Find more information at **mtu.edu/it/help/computing-device**

View Our Undergraduate Catalog

Michigan Tech’s Undergraduate Catalog at mtu.edu/catalog provides degree requirements and course descriptions.

Changing Your Major

If you decide prior to starting classes at Michigan Tech that you would like to change your major, email mtu4u@mtu.edu or call **888-688-1885**. Your application will be reviewed to determine if you meet admissions requirements for the new program. To change your major after the drop/add period, you will work directly with your academic advisor to request changes to your program of study.

Declining Your Acceptance

If you decide not to enroll at Michigan Tech, email mtu4u@mtu.edu or call **888-688-1885** to let us know. Your notification will cancel your application for admission and your housing application and contract (if applicable). Any scholarships or financial aid awarded to you will also be canceled. In addition, you will stop receiving notifications and reminders from the University. Please note the \$200 enrollment deposit is nonrefundable.

Student Tuition and Paying Your Bill

Your bill will be available online through the **Experience** web platform at mtu.edu/experience. Please watch your email for the notification once bills are available. This will be the initial bill. Some students may receive a second bill, which will be available during the third week of each semester and will reflect any changes in financial aid, housing, and/or course adjustments made (additions or drops). It is possible to use financial aid to help pay for your books; details will be in your financial aid package.

Billing Schedule		
Semester of Enrollment	First Billing Date Due Date	Second Billing Date Due Date
Spring 2026	November 19, 2025 January 2, 2026	January 20, 2026 February 6, 2026
Summer 2026	April 3, 2026 April 29, 2026	May 19, 2026 June 5, 2026
Fall 2026	July 8, 2026 August 26, 2026	September 15, 2026 September 30, 2026

**Based on the provisional calendar*

Payment Options

Michigan Tech offers several options for paying your bill:

- Check or money order
- Credit card* (online)
- e-check (online)
- Five- or Four-Payment Plan

** There is a 2.3 percent nonrefundable surcharge for Visa, MasterCard, Discover, and American Express payments.*

For more information, visit mtu.edu/student-billing or contact the Student Financial Services Center at **906-487-2622** or student-billing@mtu.edu

Healthy Living

You need to be physically and mentally well to get the most out of your college experience. If you find yourself under the weather or in need of help, there are resources available to you.

Wellness, Relationships, and Responsible Behavior

All new students are required to complete educational programs on responsible behavior with regard to substance use and relationships. These courses promote a healthier and safer campus environment for everyone. Watch your Michigan Tech email account from mid-July to early August for the information you'll need to start the online course(s).

Health Services

Students have access to multiple healthcare providers and services in the Houghton and Hancock area. For more information, visit mtu.edu/deanofstudents/students/services/local-resources

Flu shot clinics will be held during the fall semester on Michigan Tech's campus, with services provided by UP Health System Portage. Please note: A fee is charged for flu shots, and a waiver can be provided to receive reimbursement from your insurance company. Email well-being@mtu.edu for dates, locations, or questions.

For more information on student health services, see mtu.edu/deanofstudents/students/services

Student Disability Services

Student Disability Services at Michigan Tech is committed to assisting students with documented disabilities by providing accommodations and/or modifications. Information is available at mtu.edu/success/disability or contact us at **906-487-3558** or sds@mtu.edu

Immunizations

Michigan Tech highly recommends students have the following vaccinations before arriving on campus, but we do not require your immunization record. If you are not sure about your vaccination status, please contact your healthcare provider or local health department. For more information on Michigan Tech's immunization recommendations, please visit mtu.edu/deanofstudents/students/services/immunizations

- Meningococcal Quadrivalent (A, C, Y, W-135)
- Serogroup B Meningococcal
- Tetanus/Diphtheria/Pertussis
- Measles-Mumps-Rubella (MMR)
- Chickenpox (Varicella)
- Hepatitis A, Hepatitis B
- HPV-Human Papillomavirus (all genders)
- Influenza (Flu)
- Polio
- COVID-19

Student Insurance

We recommend all students have health insurance coverage while attending Michigan Tech. All international and graduate students must have insurance; domestic students may purchase insurance through the University if they desire.

The Student Insurance Office at Michigan Tech offers health insurance to currently enrolled students, covering preventative services, basic medical care, and hospitalization.

For more information, visit mtu.edu/hr/students/insurance or contact us at **906-487-1088** or studentinsurance@mtu.edu

Waino Wahtera Center for Student Success

The Waino Wahtera Center for Student Success is dedicated to helping you develop skills, attitudes, and values that will enhance your academic and personal success. Our staff offers you and your family a variety of programs, services, and opportunities to support your transition to Michigan Tech.

The Center for Student Mental Health and Well-being

Mental health services staff can help students gain perspective and be successful—personally and academically. Our professional staff of licensed therapists provide solution-focused therapies to assist you in navigating challenges you may face while enrolled at the University. Each clinician works closely with all student support services at Michigan Tech and with healthcare professionals both locally and in your home area. Services are free and confidential.

In addition, students have access to telehealth counseling support through the TELUS Health Student Support app. TELUS offers 24/7 multilingual real-time phone and chat services as well as short-term phone and video support by appointment, even when students are studying abroad or working at a co-op or internship position.

If you are currently engaged in mental health support in your home community, we encourage you to contact the Center to discuss options for continued care.

For more information or to schedule an appointment, call us at **906-487-2538**.

Chronic Medical Conditions

Students with chronic medical conditions should register with Student Disability Services in the Waino Wahtera Center for Student Success in case they require support during the semester.

Visit mtu.edu/success/disability/students/policy for more information, call **906-487-3558**, or email sds@mtu.edu

Student Support and Mentorship

Student Support and Mentorship helps all undergraduate students succeed. We offer resources, guidance, and community support to help you navigate your college experience and develop skills for your future. First-year peer mentoring programs are available to help students transition into their first year of college, make meaningful connections, and become part of a supportive community.
