The People of the State of Michigan enact:

Sec. 6. (1) “Center program” means a program operated by a district or by an intermediate district for special education pupils from several districts in programs for pupils with autism spectrum disorder, pupils with severe cognitive impairment, pupils with moderate cognitive impairment, pupils with severe multiple impairments, pupils with

hearing impairment, pupils with visual impairment, and pupils with physical impairment or other health impairment. Programs for pupils with emotional impairment housed in buildings that do not serve regular education pupils also qualify. Unless otherwise approved by the department, a center program either shall serve all constituent districts within an intermediate district or shall serve several districts with less than 50% of the pupils residing in the operating district. In addition, special education center program pupils placed part-time in noncenter programs to comply with the least restrictive environment provisions of section 612 of part B of the individuals with disabilities education act, 20 USC 1412, may be considered center program pupils for pupil accounting purposes for the time scheduled in either a center program or a noncenter program.

(2) "District and high school graduation rate" means the annual completion and pupil dropout rate that is calculated by the center pursuant to nationally recognized standards.

(3) "District and high school graduation report" means a report of the number of pupils, excluding adult participants, in the district for the immediately preceding school year, adjusted for those pupils who have transferred into or out of the district or high school, who leave high school with a diploma or other credential of equal status.

(4) "Membership", except as otherwise provided in this article, means for a district, a public school academy, the education achievement system, or an intermediate district the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year, plus the product of .10 times the final audited count from the supplemental count day for the current school year. A district's, public school academy's, or intermediate district's membership shall be adjusted as provided under section 25e for pupils who enroll in the district, public school academy, or intermediate district after the pupil membership count day. All pupil counts used in this subsection are as determined by the department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit. For the purposes of this section and section 6a, for a school of excellence that is a cyber school, as defined in section 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 380.553a, a pupil's participation in the cyber school's educational program is considered regular daily attendance; for the education achievement system, a pupil's participation in an online educational program of the education achievement system or of an achievement school is considered regular daily attendance; and for a district a pupil's participation in an online course as defined in section 21f is considered regular daily attendance. The amount of the foundation allowance for a pupil in membership is determined under section 20. In making the calculation of membership, all of the following, as applicable, apply to determining the membership of a district, a public school academy, the education achievement system, or an intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection (6), a pupil shall be counted in membership in the pupil's educating district or districts. An individual pupil shall not be counted for more than a total of 1.0 full-time equated membership.

(b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil's district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to the requirement that the educating district must have the approval of the pupil's district of residence to count the pupil in membership, the pupil shall not be counted in membership in any district.

(c) A special education pupil educated by the intermediate district shall be counted in membership in the intermediate district.

(d) A pupil placed by a court or state agency in an on-grounds program of a juvenile detention facility, a child caring institution, or a mental health institution, or a pupil funded under section 53a, shall be counted in membership in the district or intermediate district approved by the department to operate the program.

(e) A pupil enrolled in the Michigan schools for the deaf and blind shall be counted in membership in the pupil's intermediate district of residence.

(f) A pupil enrolled in a career and technical education program supported by a millage levied over an area larger than a single district or in an area vocational-technical education program established pursuant to section 690 of the revised school code, MCL 380.690, shall be counted only in the pupil's district of residence.

(g) A pupil enrolled in a public school academy shall be counted in membership in the public school academy.

(h) A pupil enrolled in an achievement school shall be counted in membership in the education achievement system.

(i) For a new district or public school academy beginning its operation after December 31, 1994, or for the education achievement system or an achievement school, membership for the first 2 full or partial fiscal years of operation shall be determined as follows:

(i) If operations begin before the pupil membership count day for the fiscal year, membership is the average number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year and on the supplemental count day for the current school year, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil membership count

day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(ii) If operations begin after the pupil membership count day for the fiscal year and not later than the supplemental count day for the fiscal year, membership is the final audited count of the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the supplemental count day for the current school year.

(j) If a district is the authorizing body for a public school academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public school academy, the determination of the district's membership shall exclude from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the public school academy on that first pupil membership count day who were also counted in the district on the immediately preceding supplemental count day.

(k) In a district, a public school academy, the education achievement system, or an intermediate district operating an extended school year program approved by the superintendent, a pupil enrolled, but not scheduled to be in regular daily attendance on a pupil membership count day, shall be counted.

(l) To be counted in membership, a pupil shall meet the minimum age requirement to be eligible to attend school under section 1147 of the revised school code, MCL 380.1147, or shall be enrolled under subsection (3) of that section, and shall be less than 20 years of age on September 1 of the school year except as follows:

(i) A special education pupil who is enrolled and receiving instruction in a special education program or service approved by the department, who does not have a high school diploma, and who is less than 26 years of age as of September 1 of the current school year shall be counted in membership.

(ii) A pupil who is determined by the department to meet all of the following may be counted in membership:

(A) Is enrolled in a public school academy or an alternative education high school diploma program, that is primarily focused on educating homeless pupils.

(B) Had dropped out of school for more than 1 year and has re-entered school.

(C) Is less than 22 years of age as of September 1 of the current school year.

(iii) If a child does not meet the minimum age requirement to be eligible to attend school for that school year under section 1147 of the revised school code, MCL 380.1147, but will be 5 years of age not later than December 1 of that school year, the district may count the child in membership for that school year if the parent or legal guardian has notified the district in writing that he or she intends to enroll the child in kindergarten for that school year.

(m) An individual who has obtained a high school diploma shall not be counted in membership. An individual who has obtained a general educational development (G.E.D.) certificate shall not be counted in membership unless the individual is a pupil with a disability as defined in R 340.1702 of the Michigan administrative code. An individual participating in a job training program funded under former section 107a or a jobs program funded under former section 107b, administered by the Michigan strategic fund, or participating in any successor of either of those 2 programs, shall not be counted in membership.

(n) If a pupil counted in membership in a public school academy or the education achievement system is also educated by a district or intermediate district as part of a cooperative education program, the pupil shall be counted in membership only in the public school academy or the education achievement system unless a written agreement signed by all parties designates the party or parties in which the pupil shall be counted in membership, and the instructional time scheduled for the pupil in the district or intermediate district shall be included in the full-time equated membership determination under subdivision (q). However, for pupils receiving instruction in both a public school academy or the education achievement system and in a district or intermediate district but not as a part of a cooperative education program, the following apply:

(i) If the public school academy or the education achievement system provides instruction for at least 1/2 of the class hours specified in subdivision (q), the public school academy or the education achievement system shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the public school academy or the education achievement system provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the district or intermediate district providing the remainder of the hours of instruction.

(ii) If the public school academy or the education achievement system provides instruction for less than 1/2 of the class hours specified in subdivision (q), the district or intermediate district providing the remainder of the hours of instruction shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the district or intermediate district provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the public school academy or the education achievement system.

(o) An individual less than 16 years of age as of September 1 of the current school year who is being educated in an alternative education program shall not be counted in membership if there are also adult education participants being educated in the same program or classroom.

(p) The department shall give a uniform interpretation of full-time and part-time memberships.

(q) The number of class hours used to calculate full-time equated memberships shall be consistent with section 101(3). In determining full-time equated memberships for pupils who are enrolled in a postsecondary institution, a pupil shall not be considered to be less than a full-time equated pupil solely because of the effect of his or her postsecondary enrollment, including necessary travel time, on the number of class hours provided by the district to the pupil.

(r) Beginning in 2012-2013, full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of instructional hours scheduled and provided per year per kindergarten pupil by the same number used for determining full-time equated memberships for pupils in grades 1 to 12. However, to the extent allowable under federal law, for a district or public school academy that provides evidence satisfactory to the department that it used federal title I money in the 2 immediately preceding school fiscal years to fund full-time kindergarten, full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number used for determining full-time equated memberships for pupils in grades 1 to 12. The change in the counting of full-time equated memberships for pupils in kindergarten that took effect for 2012-2013 is not a mandate.

(s) For a district, a public school academy, or the education achievement system that has pupils enrolled in a grade level that was not offered by the district, the public school academy, or the education achievement system in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year, as determined by the department. Membership shall be calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil's district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district's alternative or disciplinary education program that the best instructional placement for a pupil is in the pupil's home or otherwise apart from the general school population, if that placement is authorized in writing by the district superintendent and district alternative or disciplinary education supervisor, and if the district provides appropriate instruction as described in this subdivision to the pupil at the pupil's home or otherwise apart from the general school population, the district may count the pupil in membership on a pro rata basis, with the proration based on the number of hours of instruction the district actually provides to the pupil divided by the number of hours specified in subdivision (q) for full-time equivalency. For the purposes of this subdivision, a district shall be considered to be providing appropriate instruction if all of the following are met:

(i) The district provides at least 2 nonconsecutive hours of instruction per week to the pupil at the pupil's home or otherwise apart from the general school population under the supervision of a certificated teacher.

(ii) The district provides instructional materials, resources, and supplies that are comparable to those otherwise provided in the district's alternative education program.

(iii) Course content is comparable to that in the district's alternative education program.

(iv) Credit earned is awarded to the pupil and placed on the pupil's transcript.

(v) If a pupil was enrolled in a public school academy on the pupil membership count day, if the public school academy's contract with its authorizing body is revoked or the public school academy otherwise ceases to operate, and if the pupil enrolls in a district or the education achievement system within 45 days after the pupil membership count day, the department shall adjust the district's or the education achievement system's pupil count for the pupil membership count day to include the pupil in the count.

(w) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day, whichever is first, occurring after operations resume, plus the product of .10 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent.

(x) If a district's membership for a particular fiscal year, as otherwise calculated under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer pupils per square mile, as determined by the department, and if the district does not receive funding under section 22d(2), the district's membership shall be considered to be the membership figure calculated under this subdivision. If a district educates and counts in its membership pupils in grades 9 to 12 who

reside in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the affected districts request the department to use the determination allowed under this sentence, the department shall include the square mileage of both districts in determining the number of pupils per square mile for each of the districts for the purposes of this subdivision. The membership figure calculated under this subdivision is the greater of the following:

(i) The average of the district's membership for the 3-fiscal-year period ending with that fiscal year, calculated by adding the district's actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

(ii) The district's actual membership for that fiscal year as otherwise calculated under this subsection.

(y) Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are enrolled in a classroom program under R 340.1754 of the Michigan administrative code shall be determined by dividing the number of class hours scheduled and provided per year by 450. Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are receiving early childhood special education services under R 340.1755 or 340.1862 of the Michigan administrative code shall be determined by dividing the number of hours of service scheduled and provided per year per pupil by 180.

(z) A pupil of a district that begins its school year after Labor day who is enrolled in an intermediate district program that begins before Labor day shall not be considered to be less than a full-time pupil solely due to instructional time scheduled but not attended by the pupil before Labor day.

(aa) For the first year in which a pupil is counted in membership on the pupil membership count day in a middle college program, the membership is the average of the full-time equated membership on the pupil membership count day and on the supplemental count day for the current school year, as determined by the department.

(bb) A district, a public school academy, or the education achievement system that educates a pupil who attends a United States Olympic education center may count the pupil in membership regardless of whether or not the pupil is a resident of this state.

(cc) A pupil enrolled in a district other than the pupil's district of residence pursuant to section 1148(2) of the revised school code, MCL 380.1148, shall be counted in the educating district or the education achievement system.

(dd) For a pupil enrolled in a dropout recovery program that meets the requirements of section 23a, the pupil shall be counted as 1/12 of a full-time equated membership for each month that the district operating the program reports that the pupil was enrolled in the program and was in full attendance. However, if the special membership counting provisions under this subdivision and the operation of the other membership counting provisions under this subsection result in a pupil being counted as more than 1.0 FTE in a fiscal year, the payment made for the pupil under sections 22a and 22b shall not be based on more than 1.0 FTE for that pupil, and any portion of an FTE for that pupil that exceeds 1.0 shall instead be paid under section 25f. The district operating the program shall report to the center the number of pupils who were enrolled in the program and were in full attendance for a month not later than the tenth day of the next month. A district shall not report a pupil as being in full attendance for a month unless both of the following are met:

(i) A personalized learning plan is in place on or before the first school day of the month for the first month the pupil participates in the program.

(ii) The pupil meets the district's definition under section 23a of satisfactory monthly progress for that month or, if the pupil does not meet that definition of satisfactory monthly progress for that month, the pupil did meet that definition of satisfactory monthly progress in the immediately preceding month and appropriate interventions are implemented within 10 school days after it is determined that the pupil does not meet that definition of satisfactory monthly progress.

(5) "Public school academy" means that term as defined in section 5 of the revised school code, MCL 380.5.

(6) "Pupil" means a person in membership in a public school. A district must have the approval of the pupil's district of residence to count the pupil in membership, except approval by the pupil's district of residence is not required for any of the following:

(a) A nonpublic part-time pupil enrolled in grades 1 to 12 in accordance with section 166b.

(b) A pupil receiving 1/2 or less of his or her instruction in a district other than the pupil's district of residence.

(c) A pupil enrolled in a public school academy or the education achievement system.

(d) A pupil enrolled in a district other than the pupil's district of residence under an intermediate district schools of choice pilot program as described in section 91a or former section 91 if the intermediate district and its constituent districts have been exempted from section 105.

(e) A pupil enrolled in a district other than the pupil's district of residence if the pupil is enrolled in accordance with section 105 or 105c.

(f) A pupil who has made an official written complaint or whose parent or legal guardian has made an official written complaint to law enforcement officials and to school officials of the pupil's district of residence that the pupil has been

the victim of a criminal sexual assault or other serious assault, if the official complaint either indicates that the assault occurred at school or that the assault was committed by 1 or more other pupils enrolled in the school the pupil would otherwise attend in the district of residence or by an employee of the district of residence. A person who intentionally makes a false report of a crime to law enforcement officials for the purposes of this subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL 750.411a, which provides criminal penalties for that conduct. As used in this subdivision:

(i) "At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.

(ii) "Serious assault" means an act that constitutes a felony violation of chapter XI of the Michigan penal code, 1931 PA 328, MCL 750.81 to 750.90h, or that constitutes an assault and infliction of serious or aggravated injury under section 81a of the Michigan penal code, 1931 PA 328, MCL 750.81a.

(g) A pupil whose district of residence changed after the pupil membership count day and before the supplemental count day and who continues to be enrolled on the supplemental count day as a nonresident in the district in which he or she was enrolled as a resident on the pupil membership count day of the same school year.

In addition, all other available federal funds are appropriated each fiscal year for the fiscal year ending September 30, 2014 and for the fiscal year ending September 30, 2015.

(2) The appropriations under this section shall be allocated as provided in this article. Money appropriated under this section from the general fund shall be expended to fund the purposes of this article before the expenditure of money appropriated under this section from the state school aid fund.

(3) Any general fund allocations under this article that are not expended by the end of the state fiscal year are transferred to the school aid stabilization fund created under section 11a.

Sec. 11a. (1) The school aid stabilization fund is created as a separate account within the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(2) The state treasurer may receive money or other assets from any source for deposit into the school aid stabilization fund. The state treasurer shall deposit into the school aid stabilization fund all of the following:

(b) Money statutorily dedicated to the school aid stabilization fund.

(c) Money appropriated to the school aid stabilization fund.

(5) Money in the school aid stabilization fund at the close of a fiscal year shall remain in the school aid stabilization fund and shall not lapse to the unreserved school aid fund balance or the general fund.

(6) If the maximum amount appropriated under section 11 from the state school aid fund for a fiscal year exceeds the amount available for expenditure from the state school aid fund for that fiscal year, there is appropriated from the school aid stabilization fund to the state school aid fund an amount equal to the projected shortfall as determined by the department of treasury, but not to exceed available money in the school aid stabilization fund. If the money in the school aid stabilization fund is insufficient to fully fund an amount equal to the projected shortfall, the state budget director shall notify the legislature as required under section 296(2) and state payments in an amount equal to the remainder of the projected shortfall shall be prorated in the manner provided under section 296(3).

(7) For 2014-2015, in addition to the appropriations in section 11, there is appropriated from the school aid stabilization fund to the state school aid fund the amount necessary to fully fund the allocations under this article.

Sec. 11g. (1) From the appropriation in section 11, there is allocated for this section an amount not to exceed \$39,500,000.00 for the fiscal year ending September 30, 2015, after which these payments will cease. These allocations are for paying the amounts described in subsection (3) to districts and intermediate districts, other than those receiving a lump-sum payment under section 11f(2), that were not plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492 and that, on or before March 2, 1998, submitted to the state treasurer a waiver resolution described in section 11f. The amounts paid under this section represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this section.

(2) This section does not create any obligation or liability of this state to any district or intermediate district that does not submit a waiver resolution described in section 11f. This section and any other provision of this article are not intended to admit liability or waive any defense that is or would be available to this state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district regarding these claims or potential claims.

(3) The amount paid each fiscal year to each district or intermediate district under this section shall be 1 of the following:

(a) If the district or intermediate district does not borrow money and issue bonds under section 11i, 1/30 of the total amount listed in section 11h for the district or intermediate district through the fiscal year ending September 30, 2015.

(b) If the district or intermediate district borrows money and issues bonds under section 11i, an amount in each fiscal year calculated by the department of treasury that is equal to the debt service amount in that fiscal year on the bonds issued by that district or intermediate district under section 11i and that will result in the total payments made to all districts and intermediate districts in each fiscal year under this section being no more than the amount appropriated under this section in each fiscal year.

(4) The entire amount of each payment under this section each fiscal year shall be paid on May 15 of the applicable fiscal year or on the next business day following that date. If a district or intermediate district borrows money and issues bonds under section 11i, the district or intermediate district shall use funds received under this section to pay debt service on bonds issued under section 11i. If a district or intermediate district does not borrow money and issue bonds under section 11i, the district or intermediate district shall use funds received under this section only for the following purposes, in the following order of priority:

(a) First, to pay debt service on voter-approved bonds issued by the district or intermediate district before the effective date of this section.

(b) Second, to pay debt service on other limited tax obligations.

(c) Third, for deposit into a sinking fund established by the district or intermediate district under the revised school code.

(5) To the extent payments under this section are used by a district or intermediate district to pay debt service on debt payable from millage revenues, and to the extent permitted by law, the district or intermediate district may make a corresponding reduction in the number of mills levied for debt service.

(6) A district or intermediate district may pledge or assign payments under this section as security for bonds issued under section 11i, but shall not otherwise pledge or assign payments under this section.

(7) If a district eligible for payments under this section is dissolved under section 12 of the revised school code, MCL 380.12, the payment otherwise due to the dissolved district under this section shall be paid instead to the intermediate district of the dissolved district. The intermediate district of the dissolved district shall perform any functions and responsibilities of the board and other officers of the dissolved district necessary under this section on behalf of the dissolved district. As used in this subsection, “dissolved district” and “receiving district” mean those terms as defined in section 20.

Sec. 11j. From the appropriation in section 11, there is allocated an amount not to exceed \$126,000,000.00 for 2014-2015 for payments to the school loan bond redemption fund in the department of treasury on behalf of districts and intermediate districts. Notwithstanding section 296 or any other provision of this act, funds allocated under this section are not subject to proration and shall be paid in full.

Sec. 11k. For 2014-2015, there is appropriated from the general fund to the school loan revolving fund an amount equal to the amount of school bond loans assigned to the Michigan finance authority, not to exceed the total amount of school bond loans held in reserve as long-term assets. As used in this section, “school loan revolving fund” means that fund created in section 16c of the shared credit rating act, 1985 PA 227, MCL 141.1066c.

Sec. 11m. From the appropriation in section 11, there is allocated for 2014-2015 an amount not to exceed \$4,000,000.00 for fiscal year cash-flow borrowing costs solely related to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

Sec. 11r. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$4,000,000.00 to be deposited into the distressed districts emergency grant fund created under this section for the purpose of funding grants under this section.

(2) The distressed districts emergency grant fund is created as a separate account within the state school aid fund. The state treasurer may receive money or other assets from any source for deposit into the distressed districts emergency grant fund. The state treasurer shall direct the investment of the distressed districts emergency grant fund and shall credit to the distressed districts emergency grant fund interest and earnings from the fund.

(3) Subject to subsection (4), a district is eligible to receive a grant from the distressed districts emergency grant fund if either of the following applies:

(a) The district has adopted a resolution authorizing the voluntary dissolution of the district approved by the state treasurer under section 12 of the revised school code, MCL 380.12, but the dissolution has not yet taken effect under that section.

(b) The district is a receiving district under section 12 of the revised school code, MCL 380.12, and the district enrolls pupils who were previously enrolled in a district that was dissolved under section 12 of the revised school code, MCL 380.12, in the immediately preceding school year.

(4) A district receiving funds under section 20g is not eligible to receive funds under this section.

(5) The amount of a grant under this section shall be determined by the state treasurer after consultation with the superintendent of public instruction, but shall not exceed the estimated amount of remaining district costs in excess of available revenues, including, but not limited to, payroll, benefits, retirement system contributions, pupil transportation, food services, special education, building security, and other costs necessary to allow the district to operate schools directly and provide public education services until the end of the current school fiscal year. For a district that meets the eligibility criteria under subsection (3)(b), the amount of the grant shall be determined in the same manner as transition costs under section 20g.

(6) Before disbursing funds under this section, the state treasurer shall notify the house and senate appropriations subcommittees on school aid and the house and senate fiscal agencies. The notification shall include, but not be limited to, the district receiving funds under this section, the amount of the funds awarded under this section, an explanation of the district conditions that necessitate funding under this section, and the intended use of funds disbursed under this section.

(7) Money in the distressed districts emergency grant fund at the close of a fiscal year shall remain in the distressed districts emergency grant fund and shall not lapse to the state school aid fund or to the general fund.

Sec. 12. It is the intent of the legislature to appropriate and allocate for the fiscal year ending September 30, 2016 the same amounts of money from the same sources for the same purposes as are appropriated and allocated under this article for the fiscal year ending September 30, 2015, as adjusted for changes in pupil membership, taxable values, special education costs, interest costs, retirement costs, and available revenue. These adjustments will be determined after the January 2015 consensus revenue estimating conference.

Sec. 15. (1) If a district or intermediate district fails to receive its proper apportionment, the department, upon satisfactory proof that the district or intermediate district was entitled justly, shall apportion the deficiency in the next apportionment. Subject to subsections (2) and (3), if a district or intermediate district has received more than its proper apportionment, the department, upon satisfactory proof, shall deduct the excess in the next apportionment. Notwithstanding any other provision in this article, state aid overpayments to a district, other than overpayments in payments for special education or special education transportation, may be recovered from any payment made under this article other than a special education or special education transportation payment, from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211. State aid overpayments made in special education or special education transportation payments may be recovered from subsequent special education or special education transportation payments, from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211.

(2) If the result of an audit conducted by or for the department affects the current fiscal year membership, affected payments shall be adjusted in the current fiscal year. A deduction due to an adjustment made as a result of an audit conducted by or for the department, or as a result of information obtained by the department from the district, an intermediate district, the department of treasury, or the office of auditor general, shall be deducted from the district's apportionments when the adjustment is finalized. At the request of the district and upon the district presenting evidence satisfactory to the department of the hardship, the department may grant up to an additional 4 years for the adjustment and may advance payments to the district otherwise authorized under this article if the district would otherwise experience a significant hardship in satisfying its financial obligations.

(3) If, based on an audit by the department or the department's designee or because of new or updated information received by the department, the department determines that the amount paid to a district or intermediate district under this article for the current fiscal year or a prior fiscal year was incorrect, the department shall make the appropriate deduction or payment in the district's or intermediate district's allocation in the next apportionment after the adjustment is finalized. The deduction or payment shall be calculated according to the law in effect in the fiscal year in which the incorrect amount was paid. If the district does not receive an allocation for the fiscal year or if the allocation is not sufficient to pay the amount of any deduction, the amount of any deduction otherwise applicable shall be satisfied from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211, as determined by the department.

(4) The department may conduct audits, or may direct audits by designee of the department, for the current fiscal year and the immediately preceding 3 fiscal years of all records related to a program for which a district or intermediate district has received funds under this article.

(5) Expenditures made by the department under this article that are caused by the write-off of prior year accruals may be funded by revenue from the write-off of prior year accruals.

(6) In addition to funds appropriated in section 11 for all programs and services, there is appropriated for 2014-2015 for obligations in excess of applicable appropriations an amount equal to the collection of overpayments, but not to exceed amounts available from overpayments.

Sec. 17a. (1) The department may withhold all or part of any payment that a district or intermediate district is entitled to receive under this article to the extent the withholdings are a component part of a plan, developed and implemented pursuant to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, the local financial stability and choice act, 2012 PA 436, MCL 141.1541 to 141.1575, or other statutory authority, for financing an outstanding obligation upon which the district or intermediate district defaulted or for other financial obligations of the district or intermediate district. Amounts withheld shall be used to pay, on behalf of the district or intermediate district, unpaid amounts or subsequently due amounts, or both, of principal and interest on the outstanding obligation upon which the district or intermediate district defaulted.

(2) The state treasurer may withhold all or part of any payment that a district or intermediate district is entitled to receive under this article to the extent authorized or required under section 15 of the school bond qualification, approval, and loan act, 2005 PA 92, MCL 388.1935, the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, the local financial stability and choice act, 2012 PA 436, MCL 141.1541 to 141.1575, or other statutory authority.

(3) Under an agreement entered into by a district or intermediate district assigning all or a portion of the payment that it is eligible to receive under this article to the Michigan finance authority or to the trustee of a pooled arrangement or pledging the amount for payment of an obligation it incurred with the Michigan finance authority or with the trustee of a pooled arrangement, the state treasurer shall transmit to the Michigan finance authority or a trustee designated by the Michigan finance authority or to the trustee of a pooled arrangement or other designated depository the amount of the payment that is assigned or pledged under the agreement.

(4) If a district or intermediate district for which an emergency manager is in place under the local financial stability and choice act, 2012 PA 436, MCL 141.1541 to 141.1575, or that has an approved deficit elimination plan or an approved enhanced deficit elimination plan under section 102, enters into or has entered into an agreement described in subsection (3) pursuant to section 1225(2) of the revised school code, MCL 380.1225, whether the obligation was issued before or after the effective date of this subsection, the portion of state school aid paid or to be paid on behalf of the district or intermediate district directly to the Michigan finance authority, or to a trustee designated by the Michigan finance authority, for the sole purpose of paying the principal of and interest on the obligation is subject to a lien and trust that is a statutory lien and trust, paramount and superior to all other liens and interests of any kind, for the sole purpose of paying the principal of and interest on the obligation. The statutory lien and trust applies to the state school aid received or to be received by the Michigan finance authority, or trustee designated by the Michigan finance authority, on behalf of the district or intermediate district, immediately upon the later of the effective date of this subsection or the time when the state school aid is allocated to the district or intermediate district, but is subject to any subsequent reduction of the state school aid allocation by operation of law or executive order. The lien and trust imposed by this section with respect to state school aid has a priority as established in the agreement, except that the agreement shall not impair any existing lien and trust previously created pursuant to this section, including any lien and trust applicable to a multi-year repayment agreement under section 1225 of the revised school code, MCL 380.1225. Except as otherwise provided in this subsection, the lien and trust created under this subsection for the benefit of holders of the obligation issued pursuant to this section is valid and binding against a party having a claim of any kind in tort, contract, or otherwise against the district or intermediate district that has issued the obligation secured by a pledge of state school aid pursuant to this section, regardless of whether that party has notice of the pledge. A pledge made pursuant to this section for the benefit of the holders of obligations or others is perfected without delivery, recording, or notice. The state school aid paid or to be paid on behalf of a district or intermediate district to the Michigan finance authority, or trustee designated by the Michigan finance authority, shall be held in trust for the sole benefit of the holders of the obligation issued pursuant to this section or section 1225 of the revised school code, MCL 380.1225, and is exempt from being levied upon, taken, sequestered, or applied toward paying the debts or liabilities of the district or intermediate district other than for payment of the obligation to which the lien applies. However, nothing in this subsection alters the ability of the state treasurer to withhold state school aid from a district or intermediate district as provided by law.

(5) Notwithstanding the payment dates prescribed by this article for distributions under this article, the state treasurer may advance all or part of a payment that is dedicated for distribution or for which the appropriation authorizing the payment has been made if and to the extent, under the terms of an agreement entered into by a district or intermediate district and the Michigan finance authority, the payment that the district or intermediate district is eligible to receive has been assigned to or pledged for payment of an obligation it incurred with the Michigan finance authority.

(6) This section does not require the state to make an appropriation to any school district or intermediate school district and shall not be construed as creating an indebtedness of the state, and any agreement made pursuant to this section shall contain a statement to that effect.

(7) As used in this section, “trustee of a pooled arrangement” means the trustee of a trust approved by the state treasurer and, subject to the conditions and requirements of that approval, established for the purpose of offering for sale, as part of a pooled arrangement, certificates representing undivided interests in notes issued by districts or intermediate districts under section 1225 of the revised school code, MCL 380.1225.

(8) If a trustee applies to the state treasurer for approval of a trust for the purposes of this section, the state treasurer shall approve or disapprove the trust within 10 days after receipt of the application.

Sec. 18. (1) Except as provided in another section of this article, each district or other entity shall apply the money received by the district or entity under this article to salaries and other compensation of teachers and other employees, tuition, transportation, lighting, heating, ventilation, water service, the purchase of textbooks, other supplies, and any other school operating expenditures defined in section 7. However, not more than 20% of the total amount received by a district under sections 22a and 22b or received by an intermediate district under section 81 may be transferred by the board to either the capital projects fund or to the debt retirement fund for debt service. The money shall not be applied or taken for a purpose other than as provided in this section. The department shall determine the reasonableness of expenditures and may withhold from a recipient of funds under this article the apportionment otherwise due upon a violation by the recipient.

(2) Within 15 days after a board adopts its annual operating budget for the following school fiscal year, or after a board adopts a subsequent revision to that budget, the district shall make all of the following available through a link on its website home page, or may make the information available through a link on its intermediate district’s website home page, in a form and manner prescribed by the department:

(A) Salaries and wages.

(C) Retirement benefit costs.

(D) All other personnel costs.

(ii) A chart of all district expenditures, broken into the following subcategories:

(A) Instruction.

(B) Support services.

(C) Business and administration.

(D) Operations and maintenance.

(c) Links to all of the following:

(ii) Each health care benefits plan, including, but not limited to, medical, dental, vision, disability, long-term care, or any other type of benefits that would constitute health care services, offered to any bargaining unit or employee in the district.

(iii) The audit report of the audit conducted under subsection (4) for the most recent fiscal year for which it is available.

(e) The annual amount spent on dues paid to associations.

(f) The annual amount spent on lobbying or lobbying services. As used in this subdivision, “lobbying” means that term as defined in section 5 of 1978 PA 472, MCL 4.415.

(g) Any deficit elimination plan or enhanced deficit elimination plan the district was required to submit under this article.

(h) Identification of all credit cards maintained by the district as district credit cards, the identity of all individuals authorized to use each of those credit cards, the credit limit on each credit card, and the dollar limit, if any, for each individual’s authorized use of the credit card.

(i) Costs incurred for each instance of out-of-state travel by the school administrator of the district that is fully or partially paid for by the district and the details of each of those instances of out-of-state travel, including at least identification of each individual on the trip, destination, and purpose.

(3) For the information required under subsection (2)(a), (2)(b)(i), and (2)(c), an intermediate district shall provide the same information in the same manner as required for a district under subsection (2).

(4) For the purposes of determining the reasonableness of expenditures, whether a district or intermediate district has received the proper amount of funds under this article, and whether a violation of this article has occurred, all of the following apply:

(a) The department shall require that each district and intermediate district have an audit of the district's or intermediate district's financial and pupil accounting records conducted at least annually, and at such other times as determined by the department, at the expense of the district or intermediate district, as applicable. The audits must be performed by a certified public accountant or by the intermediate district superintendent, as may be required by the department, or in the case of a district of the first class by a certified public accountant, the intermediate superintendent, or the auditor general of the city. A district or intermediate district shall retain these records for the current fiscal year and from at least the 3 immediately preceding fiscal years.

(b) If a district operates in a single building with fewer than 700 full-time equated pupils, if the district has stable membership, and if the error rate of the immediately preceding 2 pupil accounting field audits of the district is less than 2%, the district may have a pupil accounting field audit conducted biennially but must continue to have desk audits for each pupil count. The auditor must document compliance with the audit cycle in the pupil auditing manual. As used in this subdivision, "stable membership" means that the district's membership for the current fiscal year varies from the district's membership for the immediately preceding fiscal year by less than 5%.

(c) A district's or intermediate district's annual financial audit shall include an analysis of the financial and pupil accounting data used as the basis for distribution of state school aid.

(d) The pupil and financial accounting records and reports, audits, and management letters are subject to requirements established in the auditing and accounting manuals approved and published by the department.

(e) All of the following shall be done not later than November 15, 2014 for reporting 2013-2014 data during 2014-2015, and not later than October 15 for reporting the prior fiscal year data for all subsequent fiscal years:

(i) A district shall file the annual financial audit reports with the intermediate district and the department.

(ii) The intermediate district shall file the annual financial audit reports for the intermediate district with the department.

(iii) The intermediate district shall enter the pupil membership audit reports for its constituent districts and for the intermediate district, for the pupil membership count day and supplemental count day, in the Michigan student data system.

(f) The annual financial audit reports and pupil accounting procedures reports shall be available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(g) Not later than January 31 of each year, the department shall notify the state budget director and the legislative appropriations subcommittees responsible for review of the school aid budget of districts and intermediate districts that have not filed an annual financial audit and pupil accounting procedures report required under this section for the school year ending in the immediately preceding fiscal year.

(5) By November 15, 2014 for 2014-2015 and by October 15 for all subsequent fiscal years, each district and intermediate district shall submit to the center, in a manner prescribed by the center, annual comprehensive financial data consistent with accounting manuals and charts of accounts approved and published by the department. For an intermediate district, the report shall also contain the website address where the department can access the report required under section 620 of the revised school code, MCL 380.620. The department shall ensure that the prescribed Michigan public school accounting manual chart of accounts includes standard conventions to distinguish expenditures by allowable fund function and object. The functions shall include at minimum categories for instruction, pupil support, instructional staff support, general administration, school administration, business administration, transportation, facilities operation and maintenance, facilities acquisition, and debt service; and shall include object classifications of salary, benefits, including categories for active employee health expenditures, purchased services, supplies, capital outlay, and other. Districts shall report the required level of detail consistent with the manual as part of the comprehensive annual financial report.

(6) By September 30 of each year, each district and intermediate district shall file with the department the special education actual cost report, known as "SE-4096", on a form and in the manner prescribed by the department.

(7) By October 7 of each year, each district and intermediate district shall file with the center the transportation expenditure report, known as "SE-4094", on a form and in the manner prescribed by the center.

(8) The department shall review its pupil accounting and pupil auditing manuals at least annually and shall periodically update those manuals to reflect changes in this article.

(9) If a district that is a public school academy purchases property using money received under this article, the public school academy shall retain ownership of the property unless the public school academy sells the property at fair market value.

(10) If a district or intermediate district does not comply with subsections (4), (5), (6), and (7), the department shall withhold all state school aid due to the district or intermediate district under this article, beginning with the next payment due to the district or intermediate district, until the district or intermediate district complies with subsections (4), (5), (6), and (7). However, the department shall not withhold the payment due on October 20 due to the operation of this subsection. If the district or intermediate district does not comply with subsections (4), (5), (6), and (7) by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

(11) Not later than November 1, 2014, if a district or intermediate district offers online learning under section 21f, the district or intermediate district shall submit to the department a report that details the per-pupil costs of operating the online learning by vendor type. The report shall include at least all of the following information concerning the operation of online learning for the school fiscal year ending June 30, 2014:

(a) The name of the district operating the online learning and of each district that enrolled students in the online learning.

(b) The total number of students enrolled in the online learning and the total number of membership pupils enrolled in the online learning.

(c) For each pupil who is enrolled in a district other than the district offering online learning, the name of that district.

(d) The district in which the pupil was enrolled before enrolling in the district offering online learning.

(e) The number of participating students who had previously dropped out of school.

(f) The number of participating students who had previously been expelled from school.

(g) The total cost to enroll a student in the program. This cost shall be reported on a per-pupil, per-course, per-semester or trimester basis by vendor type. The total shall include costs broken down by cost for content development, content licensing, training, online instruction and instructional support, personnel, hardware and software, payment to each online learning provider, and other costs associated with operating online learning.

(h) The name of each online education provider contracted by the district and the state in which each online education provider is headquartered.

(12) Not later than March 31, 2015, the department shall submit to the house and senate appropriations subcommittees on state school aid, the state budget director, and the house and senate fiscal agencies a report summarizing the per pupil costs by vendor type of online courses available under section 21f.

(13) As used in subsections (11) and (12), "vendor type" means the following:

(a) Online courses provided by the Michigan virtual university.

(b) Online courses provided by a school of excellence that is a cyber school, as defined in section 551 of the revised school code, MCL 380.551.

(c) Online courses provided by third party vendors not affiliated with a Michigan public school.

(d) Online courses created and offered by a district or intermediate district.

Sec. 19. (1) A district or intermediate district shall comply with all applicable reporting requirements specified in state and federal law. Data provided to the center, in a form and manner prescribed by the center, shall be aggregated and disaggregated as required by state and federal law. In addition, a district or intermediate district shall cooperate with all measures taken by the center to establish and maintain a statewide P-20 longitudinal data system.

(2) Each district shall furnish to the center not later than 5 weeks after the pupil membership count day and by June 30 of the school fiscal year ending in the fiscal year, in a manner prescribed by the center, the information necessary for the preparation of the district and high school graduation report. This information shall meet requirements established in the pupil auditing manual approved and published by the department. The center shall calculate an annual graduation and pupil dropout rate for each high school, each district, and this state, in compliance with nationally recognized standards for these calculations. The center shall report all graduation and dropout rates to the senate and house education committees and appropriations committees, the state budget director, and the department not later than 30 days after the publication of the list described in subsection (6).

(3) By the first business day in December and by June 30 of each year, a district shall furnish to the center, in a manner prescribed by the center, information related to educational personnel as necessary for reporting required by state and federal law.

(4) By June 30 of each year, a district shall furnish to the center, in a manner prescribed by the center, information related to safety practices and criminal incidents as necessary for reporting required by state and federal law.

(5) If a district or intermediate district fails to meet the requirements of this section, the department shall withhold 5% of the total funds for which the district or intermediate district qualifies under this article until the district or intermediate district complies with all of those subsections. If the district or intermediate district does not comply with all of those

subsections by the end of the fiscal year, the department shall place the amount withheld in an escrow account until the district or intermediate district complies with all of those subsections.

(6) Before publishing a list of school or district accountability designations as required by the no child left behind act of 2001, Public Law 107-110, the department shall allow a school or district to appeal that determination. The department shall consider and act upon the appeal within 30 days after it is submitted and shall not publish the list until after all appeals have been considered and decided.

(7) It is the intent of the legislature to implement not later than 2016-2017, statewide standard reporting requirements for education data approved by the department in conjunction with the center. The department shall work with the center, intermediate districts, districts, and other interested stakeholders to develop recommendations on the implementation of this policy change. A district or intermediate district shall implement the statewide standard reporting requirements not later than 2014-2015 or when a district or intermediate district updates its education data reporting system, whichever is later.

Sec. 20. (1) For 2014-2015, both of the following apply:

(a) The basic foundation allowance is \$8,099.00.

(b) The minimum foundation allowance is \$7,126.00.

(2) The amount of each district's foundation allowance shall be calculated as provided in this section, using a basic foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the amount of a district's foundation allowance shall be calculated as follows, using in all calculations the total amount of the district's foundation allowance as calculated before any proration:

(a) Except as otherwise provided in this subdivision, for a district that had a foundation allowance for the immediately preceding state fiscal year that was equal to the minimum foundation allowance for the immediately preceding state fiscal year, but less than the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the difference between twice the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year made in the basic foundation allowance and [(the difference between the basic foundation allowance for the current state fiscal year and basic foundation allowance for the immediately preceding state fiscal year minus \$10.00) times (the difference between the district's foundation allowance for the immediately preceding state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year) divided by the difference between the basic foundation allowance for the current state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year]. However, the foundation allowance for a district that had less than the basic foundation allowance for the immediately preceding state fiscal year shall not exceed the basic foundation allowance for the current state fiscal year. For the purposes of this subdivision, for 2014-2015, the minimum foundation allowance for the immediately preceding state fiscal year shall be considered to be \$7,076.00. For 2014-2015, for a district that had a foundation allowance for the immediately preceding state fiscal year that was at least equal to the minimum foundation allowance for the immediately preceding state fiscal year but less than the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the district's foundation allowance for 2013-2014 plus \$50.00.

(b) Except as otherwise provided in this subsection, for a district that in the immediately preceding state fiscal year had a foundation allowance in an amount equal to the amount of the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance for 2014-2015 in an amount equal to the basic foundation allowance for 2014-2015.

(c) For a district that had a foundation allowance for the immediately preceding state fiscal year that was greater than the basic foundation allowance for the immediately preceding state fiscal year, the district's foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the lesser of the increase in the basic foundation allowance for the current state fiscal year, as compared to the immediately preceding state fiscal year, or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

(d) For a district that has a foundation allowance that is not a whole dollar amount, the district's foundation allowance shall be rounded up to the nearest whole dollar.

(e) For a district that received a payment under section 22c as that section was in effect for 2013-2014, the district's 2013-2014 foundation allowance shall be considered to have been an amount equal to the sum of the district's actual 2013-2014 foundation allowance as otherwise calculated under this section plus the per pupil amount of the district's equity payment for 2013-2014 under section 22c as that section was in effect for 2013-2014.

(4) Except as otherwise provided in this subsection, the state portion of a district's foundation allowance is an amount equal to the district's foundation allowance or the basic foundation allowance for the current state fiscal year, whichever is less, minus the local portion of the district's foundation allowance divided by the district's membership excluding special education pupils. For a district described in subsection (3)(c), the state portion of the district's foundation allowance is an amount equal to \$6,962.00 plus the difference between the district's foundation allowance for the current state fiscal year and the district's foundation allowance for 1998-99, minus the local portion of the district's foundation allowance divided by the district's membership excluding special education pupils. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur. For a receiving district, if school operating taxes continue to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, the taxable value per membership pupil of property in the receiving district used for the purposes of this subsection does not include the taxable value of property within the geographic area of the dissolved district.

(5) The allocation calculated under this section for a pupil shall be based on the foundation allowance of the pupil's district of residence. For a pupil enrolled pursuant to section 105 or 105c in a district other than the pupil's district of residence, the allocation calculated under this section shall be based on the lesser of the foundation allowance of the pupil's district of residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is enrolled in another district in a grade not offered by the pupil's district of residence, the allocation calculated under this section shall be based on the foundation allowance of the educating district if the educating district's foundation allowance is greater than the foundation allowance of the pupil's district of residence.

(6) Except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public school academy, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the public school academy equal to the foundation allowance of the district in which the public school academy is located or the state maximum public school academy allocation, whichever is less. However, a public school academy that had an allocation under this subsection before 2009-2010 that was equal to the sum of the local school operating revenue per membership pupil other than special education pupils for the district in which the public school academy is located and the state portion of that district's foundation allowance shall not have that allocation reduced as a result of the 2010 amendment to this subsection. Notwithstanding section 101, for a public school academy that begins operations after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the public school academy after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection.

(7) Except as otherwise provided in this subsection, for pupils attending an achievement school and in membership in the education achievement system, other than special education pupils, the allocation calculated under this section is an amount per membership pupil other than special education pupils equal to the foundation allowance of the district in which the achievement school is located, not to exceed the basic foundation allowance. Notwithstanding section 101, for an achievement school that begins operation after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the achievement school after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection. For the purposes of this subsection, if a public school is transferred from a district to the state school reform/redesign district or the achievement authority under section 1280c of the revised school code, MCL 380.1280c, that public school is considered to be an achievement school within the education achievement system and not a school that is part of a district, and a pupil attending that public school is considered to be in membership in the education achievement system and not in membership in the district that operated the school before the transfer.

(8) Subject to subsection (4), for a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the lesser of the sum of the average of the foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district who reside in the geographic area of each of the original or affected districts plus \$100.00 or the highest foundation allowance among the original or affected districts. This subsection does not apply to a receiving district unless there is a subsequent consolidation or annexation that affects the district.

(9) Each fraction used in making calculations under this section shall be rounded to the fourth decimal place and the dollar amount of an increase in the basic foundation allowance shall be rounded to the nearest whole dollar.

(10) State payments related to payment of the foundation allowance for a special education pupil are not calculated under this section but are instead calculated under section 51a.

(11) To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor shall be computed by dividing the estimated membership in the school year ending in the current state fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent state fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor shall be computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent state fiscal year plus the estimated total state school aid fund revenue for the current state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund and excluding money transferred into that fund from the countercyclical budget and economic stabilization fund under the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, by the sum of the estimated total school aid fund revenue for the current state fiscal year plus the estimated total state school aid fund revenue for the immediately preceding state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(12) Payments to districts, public school academies, or the education achievement system shall not be made under this section. Rather, the calculations under this section shall be used to determine the amount of state payments under section 22b.

(13) If an amendment to section 2 of article VIII of the state constitution of 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this state, each foundation allowance or per pupil payment calculation under this section may be reduced.

(14) As used in this section:

(a) "Certified mills" means the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94.

(h) "Local school operating revenue" means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, local school operating revenue does not include school operating taxes levied within the geographic area of the dissolved district.

(i) "Local school operating revenue per membership pupil" means a district's local school operating revenue divided by the district's membership excluding special education pupils.

(j) "Maximum public school academy allocation", except as otherwise provided in this subdivision, means the maximum per-pupil allocation as calculated by adding the highest per-pupil allocation among all public school academies for the immediately preceding state fiscal year plus the difference between twice the amount of the difference between

the basic foundation allowance for the current state fiscal year and the basic foundation for the immediately preceding state fiscal year and [(the amount of the difference between the basic foundation allowance for the current state fiscal year and the basic foundation for the immediately preceding state fiscal year minus \$10.00) times (the difference between the highest per-pupil allocation among all public school academies for the immediately preceding state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year) divided by the difference between the basic foundation allowance for the current state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year]. For the purposes of this subdivision, for 2014-2015, the minimum foundation allowance for the immediately preceding state fiscal year shall be considered to be \$7,076.00. For 2014-2015, the maximum public school academy allocation is \$7,218.00.

(k) "Membership" means the definition of that term under section 6 as in effect for the particular fiscal year for which a particular calculation is made.

(l) "Nonexempt property" means property that is not a principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, or commercial personal property.

(m) "Principal residence", "qualified agricultural property", "qualified forest property", "supportive housing property", "industrial personal property", and "commercial personal property" mean those terms as defined in section 1211 of the revised school code, MCL 380.1211.

(n) "Receiving district" means a district to which all or part of the territory of a dissolved district is attached under section 12 of the revised school code, MCL 380.12.

(r) "Taxable value per membership pupil" means taxable value, as certified by the county treasurer and reported to the department, for the calendar year ending in the current state fiscal year divided by the district's membership excluding special education pupils for the school year ending in the current state fiscal year.

Sec. 20d. In making the final determination required under former section 20a of a district's combined state and local revenue per membership pupil in 1993-94 and in making calculations under section 20 for 2014-2015, the department and the department of treasury shall comply with all of the following:

(a) For a district that had combined state and local revenue per membership pupil in the 1994-95 state fiscal year of \$6,500.00 or more and served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, total state school aid received by or paid on behalf of the district pursuant to this act in 1993-94 shall exclude payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services to the area vocational education center. Not later than June 30, 1996, the department shall make an adjustment under this subdivision to the district's combined state and local revenue per membership pupil in the 1994-95 state fiscal year and the department of treasury shall make a final certification of the number of mills that may be levied by the district under section 1211 of the revised school code, MCL 380.1211, as a result of the adjustment under this subdivision.

(b) If a district had an adjustment made to its 1993-94 total state school aid that excluded payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services for intermediate district center programs operated by the district under article 5, if nonresident pupils attending the center programs were included in the district's membership for purposes of calculating the combined state and local revenue per membership pupil for 1993-94, and if there is a signed agreement by all constituent districts of the intermediate district that an adjustment under this subdivision shall be made, the foundation allowances for 1995-96 and 1996-97 of all districts that had pupils attending the intermediate district center program operated by the district that had the adjustment shall be calculated as if their combined state and local revenue per membership pupil for 1993-94 included resident pupils attending the center program and excluded nonresident pupils attending the center program.

Sec. 20f. (1) From the funds appropriated in section 11, there is allocated an amount not to exceed \$6,000,000.00 for 2014-2015 for payments to eligible districts under this section. (2) The amount allocated to each eligible district under this section is an amount per membership pupil equal to the amount per membership pupil the district received in 2013-2014.

(3) If the allocation under subsection (1) is insufficient to fully fund payments as otherwise calculated under this section, the department shall prorate payments under this section on an equal per-pupil basis.

Sec. 20g. (1) From the money appropriated under section 11, there is allocated an amount not to exceed \$2,200,000.00 for 2014-2015 for grants to eligible districts that first received payments under this section in 2013-2014 for transition costs related to the enrollment of pupils who were previously enrolled in a district that was dissolved under section 12 of the revised school code, MCL 380.12, allocated as provided under subsection (3). Payments under this section shall continue for a total of 4 fiscal years following the dissolution of a district, after which the payments shall cease.

(2) A receiving school district, as that term is defined in section 12 of the revised school code, MCL 380.12, is an eligible district under this section.

(3) The amount allocated to each eligible district under this section is an amount equal to the product of the number of membership pupils enrolled in the eligible district who were previously enrolled in the dissolved school district in the school year immediately preceding the dissolution, or who reside in the geographic area of the dissolved school district and are entering kindergarten, times 10.0% of the lesser of the foundation allowance of the eligible district as calculated under section 20 or the basic foundation allowance under section 20(1).

(4) As used in this section, "dissolved school district" means a school district that has been declared dissolved under section 12 of the revised school code, 1976 PA 451, MCL 380.12.

Sec. 21b. (1) Subject to subsections (2) and (3), a district shall use funds received under section 22a or 22b to support the attendance of a district pupil who is an eligible student at an eligible postsecondary institution under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, or under the career and technical preparation act, 2000 PA 258, MCL 388.1901 to 388.1913, by paying eligible charges on behalf of the district pupil as required under those acts.

(2) A district is not required to pay transportation costs, parking costs, or activity fees on behalf of an eligible student for attendance at an eligible postsecondary institution as described in subsection (1).

(3) A district may pay more money to an eligible postsecondary institution on behalf of an eligible student than required under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, or the career and technical preparation act, 2000 PA 258, MCL 388.1901 to 388.1913, and may use local school operating revenue for that purpose. An eligible student is responsible for payment of the remainder of the costs associated with his or her postsecondary enrollment that exceed the amount the district is required to pay under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, or the career and technical preparation act, 2000 PA 258, MCL 388.1901 to 388.1913, and that are not paid by the district. Sec. 21f. (1) A pupil enrolled in a district in any of grades 6 to 12 is eligible to enroll in an online course as provided for in this section.

(2) With the consent of the pupil's parent or legal guardian, a district shall enroll an eligible pupil in up to 2 online courses as requested by the pupil during an academic term, semester, or trimester. Unless the pupil is newly enrolled in the district, the request for online course enrollment must be made in the academic term, semester, trimester, or summer preceding the enrollment. A district may not establish additional requirements that would prohibit a pupil from taking an online course. If a pupil has demonstrated previous success with online courses and the school leadership and the pupil's parent or legal guardian determine that it is in the best interest of the pupil, a pupil may be enrolled in more than 2 online courses in a specific academic term, semester, or trimester. Consent of the pupil's parent or legal guardian is not required if the pupil is at least age 18 or is an emancipated minor.

(3) An eligible pupil may enroll in an online course published in the pupil's educating district's catalog of online courses described in subsection (7)(a) or the statewide catalog of online courses maintained by the Michigan virtual university pursuant to section 98.

(4) A district shall determine whether or not it has capacity to accept applications for enrollment from nonresident applicants in online courses and may use that limit as the reason for refusal to enroll an applicant. If the number of

nonresident applicants eligible for acceptance in an online course does not exceed the capacity of the district to provide the online course, the district shall accept for enrollment all of the nonresident applicants eligible for acceptance. If the number of nonresident applicants exceeds the district's capacity to provide the online course, the district shall use a random draw system, subject to the need to abide by state and federal antidiscrimination laws and court orders.

(5) A district may deny a pupil enrollment in an online course if any of the following apply, as determined by the district:

(a) The pupil has previously gained the credits provided from the completion of the online course.

(b) The online course is not capable of generating academic credit.

(c) The online course is inconsistent with the remaining graduation requirements or career interests of the pupil.

(d) The pupil does not possess the prerequisite knowledge and skills to be successful in the online course or has demonstrated failure in previous online coursework in the same subject.

(e) The online course is of insufficient quality or rigor. A district that denies a pupil enrollment for this reason shall make a reasonable effort to assist the pupil to find an alternative course in the same or a similar subject that is of acceptable rigor and quality.

(f) The cost of the online course exceeds the amount identified in subsection (8), unless the pupil's parent or legal guardian agrees to pay the cost that exceeds this amount.

(g) The online course enrollment request does not occur within the same timelines established by the district for enrollment and schedule changes for regular courses.

(6) If a pupil is denied enrollment in an online course by a district, the pupil may appeal the denial by submitting a letter to the superintendent of the intermediate district in which the pupil's educating district is located. The letter of appeal shall include the reason provided by the district for not enrolling the pupil and the reason why the pupil is claiming that the enrollment should be approved. The intermediate district superintendent or designee shall respond to the appeal within 5 days after it is received. If the intermediate district superintendent or designee determines that the denial of enrollment does not meet 1 or more of the reasons specified in subsection (5), the district shall allow the pupil to enroll in the online course.

(7) To offer or provide an online course under this section, a district or intermediate district shall do all of the following:

(a) Provide the Michigan virtual university with the course syllabus in a form and method prescribed by the Michigan virtual university for inclusion in a statewide online course catalog. The district or intermediate district shall also provide on its publicly accessible website a link to the course syllabi for all of the online courses offered by the district or intermediate district and a link to the statewide catalog of online courses maintained by the Michigan virtual university.

(b) Offer the online course on an open entry and exit method, or aligned to a semester, trimester, or accelerated academic term format.

(c) Not later than October 1, 2014, provide the Michigan virtual university with the number of enrollments in each online course the district or intermediate district offered to pupils pursuant to this section in the immediately preceding school year, and the number of enrollments in which the pupil earned 60% or more of the total course points for each online course.

(8) For a pupil enrolled in 1 or more online courses published in the pupil's educating district's catalog of online courses under subsection (7) or in the statewide catalog of online courses maintained by the Michigan virtual university, the district shall use foundation allowance or per pupil funds calculated under section 20 to pay for the expenses associated with the online course or courses. The district shall pay 80% of the cost of the online course upon enrollment and 20% upon completion as determined by the district. A district is not required to pay toward the cost of an online course an amount that exceeds 8.33% of the minimum foundation allowance for the current fiscal year as calculated under section 20.

(9) An online learning pupil shall have the same rights and access to technology in his or her primary district's school facilities as all other pupils enrolled in the pupil's primary district.

(10) If a pupil successfully completes an online course, as determined by the pupil's primary district, the pupil's primary district shall grant appropriate academic credit for completion of the course and shall count that credit toward completion of graduation and subject area requirements. A pupil's school record and transcript shall identify the online course title as it appears in the online course syllabus.

(11) The enrollment of a pupil in 1 or more online courses shall not result in a pupil being counted as more than 1.0 full-time equivalent pupils under this article.

(12) The portion of the full-time equated pupil membership for which a pupil is enrolled in 1 or more online courses under this section shall not be transferred under the pupil transfer process under section 25e.

(13) As used in this section:

(a) “Online course” means a course of study that is capable of generating a credit or a grade, that is provided in an interactive internet-connected learning environment, in which pupils are separated from their teachers by time or location, or both, and in which a teacher who holds a valid Michigan teaching certificate is responsible for determining appropriate instructional methods for each pupil, diagnosing learning needs, assessing pupil learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.

Sec. 22a. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$5,393,000,000.00 for 2014-2015 for payments to districts and qualifying public school academies to guarantee each district and qualifying public school academy an amount equal to its 1994-95 total state and local per pupil revenue for school operating purposes under section 11 of article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the state constitution of 1963, this guarantee does not apply to a district in a year in which the district levies a millage rate for school district operating purposes less than it levied in 1994. However, subsection (2) applies to calculating the payments under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22b and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) To ensure that a district receives an amount equal to the district’s 1994-95 total state and local per pupil revenue for school operating purposes, there is allocated to each district a state portion of the district’s 1994-95 foundation allowance in an amount calculated as follows:

(a) Except as otherwise provided in this subsection, the state portion of a district’s 1994-95 foundation allowance is an amount equal to the district’s 1994-95 foundation allowance or \$6,500.00, whichever is less, minus the difference between the sum of the product of the taxable value per membership pupil of all property in the district that is nonexempt property times the district’s certified mills and, for a district with certified mills exceeding 12, the product of the taxable value per membership pupil of property in the district that is commercial personal property times the certified mills minus 12 mills and the quotient of the ad valorem property tax revenue of the district captured under tax increment financing acts divided by the district’s membership. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district’s foundation allowance shall be calculated as if that reduction did not occur. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, taxable value per membership pupil of all property in the receiving district that is nonexempt property and taxable value per membership pupil of property in the receiving district that is commercial personal property do not include property within the geographic area of the dissolved district; ad valorem property tax revenue of the receiving district captured under tax increment financing acts does not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts; and certified mills do not include the certified mills of the dissolved district.

(b) For a district that had a 1994-95 foundation allowance greater than \$6,500.00, the state payment under this subsection shall be the sum of the amount calculated under subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision shall be equal to the difference between the district's 1994-95 foundation allowance minus \$6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount shall be an offset against any state payment calculated under this subdivision. If the result of a calculation under this subdivision is negative, there shall not be a state payment or a deduction under this subdivision. The taxable values per membership pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under tax increment financing acts divided by the district's membership. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, ad valorem property tax revenue captured under tax increment financing acts do not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts.

(3) Beginning in 2003-2004, for pupils in membership in a qualifying public school academy, there is allocated under this section to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy an amount equal to the 1994-95 per pupil payment to the qualifying public school academy under section 20.

(4) A district or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district or qualifying public school academy otherwise would be eligible.

(5) Except as otherwise provided in this subsection, for a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district's 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district in the state fiscal year in which the consolidation takes place who reside in the geographic area of each of the original districts. If an affected district's 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance. This subsection does not apply to a receiving district unless there is a subsequent consolidation or annexation that affects the district.

(6) Payments under this section are subject to section 25f.

(7) As used in this section:

(a) "1994-95 foundation allowance" means a district's 1994-95 foundation allowance calculated and certified by the department of treasury or the superintendent under former section 20a as enacted in 1993 PA 336 and as amended by 1994 PA 283.

Sec. 22b. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$3,492,000,000.00 for 2014-2015 for discretionary nonmandated payments to districts under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) Subject to subsection (3) and section 296, the allocation to a district under this section shall be an amount equal to the sum of the amounts calculated under sections 20, 51a(2), 51a(3), and 51a(11), minus the sum of the allocations to the district under sections 22a and 51c.

(3) In order to receive an allocation under subsection (1), each district shall do all of the following:

(5) From the allocation in subsection (1), the department shall pay up to \$1,000,000.00 in litigation costs incurred by this state related to commercial or industrial property tax appeals, including, but not limited to, appeals of classification, that impact revenues dedicated to the state school aid fund.

If funds are escrowed, the escrowed funds are a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of litigation. The work project shall be completed upon resolution of the litigation.

If the claim exceeds \$10,000,000.00, this state may remove the action to the court of appeals, and the court of appeals shall have and shall exercise jurisdiction over the claim.

(10) If payments resulting from a final determination by the local claims review board or a court of competent jurisdiction that there has been a violation of section 29 of article IX of the state constitution of 1963 exceed the amount allocated for discretionary nonmandated payments under this section, the legislature shall provide for adequate funding for this state's constitutional obligations at its next legislative session.

A district that does not directly employ its staff or a district with a voluntary employee beneficiary association that pays no more than the maximum per employee contribution amount and that contributes no more than the maximum employer contribution percentage of total annual costs for the medical benefit plans as described in sections 3 and 4 of the publicly funded health insurance contribution act, 2011 PA 152, MCL 15.563 and 15.564, is considered to have satisfied this requirement.

(b) The district has obtained competitive bids on the provision of pupil transportation, food service, custodial, or 1 or more other noninstructional services for 2014-2015. In comparing competitive bids to the current costs of providing 1 or more of these services, a district shall exclude the unfunded accrued liability costs for retirement and other benefits from the district's current costs.

(c) The district accepts applications for enrollment by nonresident applicants under section 105 or 105c. A public school academy is considered to have met this requirement.

(d) The district offers online courses or blended learning opportunities to all eligible pupils. In order to satisfy this requirement, a district must make all eligible pupils and their parents or guardians aware of these opportunities and must publish an online course syllabus as described in section 21f for each online course that the district offers. For the purposes of this subdivision:

(i) "Blended learning" means a hybrid instructional delivery model where pupils are provided content, instruction, and assessment in part at a supervised educational facility away from home where the pupil and a teacher with a valid Michigan teaching certificate are in the same physical location and in part through internet-connected learning environments with some degree of pupil control over time, location, and pace of instruction.

(ii) "Online course" means a course of study that is capable of generating a credit or a grade, that is provided in an interactive internet-connected learning environment, in which pupils are separated from their teachers by time or location, or both, and in which a teacher with a valid Michigan teaching certificate is responsible for determining appropriate instructional methods for each pupil, diagnosing learning needs, assessing pupil learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.

(e) The district provides to parents and community members a dashboard or report card demonstrating the district's efforts to manage its finances responsibly. The dashboard or report card shall include revenue and expenditure projections for the district for fiscal year 2014-2015 and fiscal year 2015-2016, a listing of all debt service obligations, detailed by project, including anticipated fiscal year 2014-2015 payment for each project, a listing of total outstanding debt, and at least all of the following for the 3 most recent school years for which the data are available:

(i) Graduation and dropout rates.

(ii) Average class size in grades kindergarten to 3.

(iii) College readiness as measured by Michigan merit examination test scores.

(iv) Elementary and middle school MEAP scores.

(v) Teacher, principal, and superintendent salary information including at least minimum, average, and maximum pay levels.

(vi) General fund balance.

(vii) The total number of days of instruction provided.

(f) The district complies with a method of compensation for teachers and school administrators that includes job performance and accomplishments as a significant factor in determining compensation, as required under section 1250 of the revised school code, MCL 380.1250.

(g) The district's collective bargaining agreements, including, but not limited to, appendices, addenda, letters of agreement, or any other documents reflecting agreements with collective bargaining representatives, do not contain any provisions pertaining to, relating to, or that are otherwise contrary to the prohibited subjects of bargaining enumerated in section 15(3) of 1947 PA 336, MCL 423.215.

(h) The district implements a comprehensive guidance and counseling program.

(i) The district offers pupils in grades K to 8 the opportunity to complete coursework or other learning experiences that are substantially equivalent to 1 credit in a language other than English.

(3) If the department determines that a district has intentionally submitted false information in order to qualify for an incentive payment under this section, the district forfeits an amount equal to the amount it received under this section from its total state school aid for 2015-2016.

(4) If the department determines that funds allocated under this section will remain unexpended after the initial allocation of \$50.00 per pupil to eligible districts under subsection (2), the remaining unexpended amount is allocated on an equal per pupil basis to districts that meet the requirements of subsection (2) and that have a foundation allowance, as calculated under section 20, in an amount that is less than the basic foundation allowance under that section.

Sec. 22g. (1) From the funds appropriated in section 11, there is allocated for 2014-2015 only an amount not to exceed \$2,000,000.00 for competitive assistance grants to districts and intermediate districts.

(2) Funds received under this section may be used for reimbursement of transition costs associated with the consolidation of operations or services between 2 or more districts, intermediate districts, or other local units of government, the consolidation or sharing of technology and data operations or services between 50 or more districts or 5 or more intermediate districts, or the consolidation of districts or intermediate districts. Grant funding shall be available for consolidations that occur on or after June 1, 2014. The department shall develop an application process and method of grant distribution. The department shall give priority to applicants that propose including at least 1 of the following statewide activities:

(a) A comprehensive, research-based academic early warning indicator and dropout prevention solution.

(b) A data-driven system for identifying early reading challenges and establishing individual reading development plans for every student by the end of grade 3.

Sec. 22i. (1) From the funds appropriated in section 11, there is allocated for 2013-2014 an amount not to exceed \$45,000,000.00 and there is allocated for 2014-2015 an amount not to exceed \$41,500,000.00 for the technology infrastructure grant program for districts or intermediate districts on behalf of their constituent districts. Funds received under this subsection shall be used for the development or improvement of a district's technology infrastructure, the shared services consolidation of technology and data, and hardware in preparation for the planned implementation in 2014-2015 of online assessments.

(2) The department shall develop a competitive application process and method of grant distribution to eligible districts and intermediate districts that demonstrate need for grants under subsection (1). The department may consult with the department of technology, management, and budget during the grant process and grant distribution. Grants to districts shall not exceed \$2,000,000.00 per district. A grant to an intermediate district on behalf of its constituent districts shall not exceed \$2,000,000.00 per constituent district. To receive a grant under subsection (1), an intermediate district shall demonstrate that a grant awarded to the intermediate district on behalf of its constituent districts would provide savings compared to providing grants to individual districts.

(3) From the general fund money appropriated in section 11, there is allocated an amount not to exceed \$5,000,000.00 for 2013-2014 to be awarded through a competitive bid process to a single provider of whole-school technology as described in this subsection. The department shall issue a single request for proposal with application rules written and administered by the department, and with a focus on economic and geographic diversity. To be eligible to receive the grant under this section, a provider shall meet all of the following:

(a) Agrees to submit evaluation criteria in a form and manner determined by the department.

(b) Provides at least all of the following:

(i) One-to-one mobile devices.

(ii) Laptop or desktop computers for each classroom.

- (vi) Operating software.
- (vii) Instructional software.
- (viii) Repairs and replacements.
- (ix) Professional development.
- (x) Ongoing support.

(4) The funds allocated under subsection (1) are a work project appropriation. Any unexpended funds for 2013-2014 are carried forward into 2014-2015 and any unexpended funds for 2014-2015 are carried forward into 2015-2016. The purpose of the work project is to continue to implement the projects described under this section. The estimated completion date of the work project is September 30, 2016.

Sec. 22j. (1) From the appropriation in section 11, there is allocated for 2014-2015 an amount not to exceed \$51,100,000.00 to provide separate incentive payments to districts that meet student academic performance funding goals under subsections (2) to (5). Payments received under this section may be used for any purpose for which payments under sections 22a and 22b may be used.

(2) The maximum amount of the incentive payment for student academic performance is an amount equal to \$100.00 per pupil. Payments calculated and awarded to qualifying districts under subsections (3) to (5) shall be calculated and awarded separately, and a district may receive a payment under any or all of subsections (3) to (5).

(3) An amount not to exceed 30% of the maximum per pupil amount allocated under subsection (2) shall be used to make performance incentive payments to qualifying districts under this subsection based on pupil performance on state assessments in mathematics in grades 3 to 8. The amount of a payment under this subsection is an amount equal to \$30.00 per pupil for all pupils in membership in a qualifying district. The department shall determine the qualifying districts under this subsection as follows:

(a) Using a model determined by the department that incorporates the most recent cut scores adopted for the Michigan educational assessment program for each pupil in grades 3 to 8 in the 2012-2013 school year, the department shall calculate a point score using a metric that assigns points to each of those pupils as follows:

(i) For each pupil who began the school year not performing proficiently in mathematics and who declines in proficiency, as determined by the department, over the school year, 0 points.

(ii) For each pupil who began the school year performing proficiently in mathematics and declines in proficiency, as determined by the department, over the school year, 0 points.

(iii) For each pupil who began the school year not performing proficiently in mathematics and who maintains his or her level of proficiency, as determined by the department, over the school year, 1 point.

(iv) For each pupil who began the school year performing proficiently in mathematics and who maintains his or her level of proficiency, as determined by the department, over the school year, 2 points.

(v) For each pupil who began the school year not performing proficiently in mathematics and who improves in proficiency, as determined by the department, over the school year, 3 points.

(vi) For each pupil who began the school year performing proficiently in mathematics and who improves in proficiency, as determined by the department, over the school year, 2 points.

(b) The department shall then calculate a district average for this metric for the 2012-2013 school year by totaling the number of points for all pupils in grades 3 to 8 under subdivision (a) and dividing that total by the number of those pupils.

(c) A district is a qualifying district for the payment under this subsection if the district average for the 2012-2013 school year under subdivision (b) is at least equal to a factor of 1.5, and the district tested at least 95% of its pupils in mathematics, and the district had at least 30 full academic year pupils in grades 3 to 8 with a performance level change designation in mathematics.

(4) An amount not to exceed 30% of the maximum per pupil amount allocated under subsection (2) shall be used to make performance incentive payments to qualifying districts under this subsection based on pupil performance on state assessments in reading in grades 3 to 8. The amount of a payment under this subsection is an amount equal to \$30.00 per pupil for all pupils in membership in the district. The department shall determine the qualifying districts under this subsection as follows:

(a) Using a model determined by the department that incorporates the most recent cut scores adopted for the Michigan educational assessment program for each pupil in grades 3 to 8 in the 2012-2013 school year, the department shall calculate a point score using a metric that assigns points to each of those pupils as follows:

(i) For each pupil who began the school year not performing proficiently in reading and who declines in proficiency, as determined by the department, over the school year, 0 points.

(ii) For each pupil who began the school year performing proficiently in reading and declines in proficiency, as determined by the department, over the school year, 0 points.

(iii) For each pupil who began the school year not performing proficiently in reading and who maintains proficiency, as determined by the department, over the school year, 1 point.

(iv) For each pupil who began the school year performing proficiently in reading and who maintains proficiency, as determined by the department, over the school year, 2 points.

(v) For each pupil who began the school year not performing proficiently in reading and who improves in proficiency, as determined by the department, over the school year, 3 points.

(vi) For each pupil who began the school year performing proficiently in reading and who improves in proficiency, as determined by the department, over the school year, 2 points.

(b) The department shall then calculate a district average for this metric for the 2012-2013 school year by totaling the number of points for all pupils in grades 3 to 8 under subdivision (a) and dividing that total by the number of those pupils.

(c) A district is a qualifying district for the payment under this subsection if the district average for the 2012-2013 school year under subdivision (b) is at least equal to a factor of 1.5, and the district tested at least 95% of its pupils in reading, and the district had at least 30 full academic year pupils in grades 3 to 8 reading with a performance level change designation in reading.

(5) An amount not to exceed 40% of the maximum per pupil amount allocated under subsection (2) shall be used to make performance incentive payments to qualifying districts under this subsection for high school improvement using a metric based on the positive trend over a 4-year period in the percentage of high school pupils in the district testing as proficient in all tested subject areas on the state assessments of high school pupils. The amount of a payment under this subsection is an amount equal to \$40.00 per pupil for all pupils in membership in the district. The department shall determine the qualifying districts under this subsection as follows:

(a) Calculate a linear regression of the percentage of high school pupils in the district testing as proficient in all tested subject areas on state assessments of high school pupils on school year over the 4-year period ending with the 2012-2013 school year as adjusted for changes in cut scores most recently adopted for the Michigan merit examination.

(b) Calculate a statewide average for all districts operating a high school of the linear regression of the percentage of high school pupils testing as proficient in all tested subject areas on state assessments of high school pupils on school year over the 4-year period ending with the 2012-2013 school year, as adjusted for changes in cut scores most recently adopted for the Michigan merit examination as the base year for all comparisons.

(c) A district is a qualifying district for the payment under this subsection if the district's linear regression over the 4-year period ending with the 2012-2013 school year under subdivision (a) is at least equal to the statewide average linear regression over the 4-year period ending with the base year under subdivision (b), and the district's linear regression over the 4-year period ending with the 2012-2013 school year under subdivision (a) is positive, and the district tested 95% of high school pupils in each tested subject on state assessments, and the district had at least 20 full academic year pupils take all tested subjects on state assessments of high school pupils over each of the most recent 4 years.

(6) If the allocation under subsection (1) is insufficient to fully fund payments as otherwise calculated under this section, the department shall prorate payments under this section on an equal percentage basis.

Sec. 24. (1) From the appropriation in section 11, there is allocated for 2014-2015 an amount not to exceed \$8,000,000.00 for payments to the educating district or intermediate district for educating pupils assigned by a court or the department of human services to reside in or to attend a juvenile detention facility or child caring institution licensed by the department of human services and approved by the department to provide an on-grounds education program. The amount of the payment under this section to a district or intermediate district shall be calculated as prescribed under subsection (2).

(2) The total amount allocated under this section shall be allocated by paying to the educating district or intermediate district an amount equal to the lesser of the district's or intermediate district's added cost or the department's approved per pupil allocation for the district or intermediate district. For the purposes of this subsection:

(a) "Added cost" means 100% of the added cost each fiscal year for educating all pupils assigned by a court or the department of human services to reside in or to attend a juvenile detention facility or child caring institution licensed by the department of human services or the department of licensing and regulatory affairs and approved by the department to provide an on-grounds education program. Added cost shall be computed by deducting all other revenue received under this article for pupils described in this section from total costs, as approved by the department, in whole or in part, for educating those pupils in the on-grounds education program or in a program approved by the department that is located on property adjacent to a juvenile detention facility or child caring institution. Costs reimbursed by federal funds are not included.

(b) "Department's approved per pupil allocation" for a district or intermediate district shall be determined by dividing the total amount allocated under this section for a fiscal year by the full-time equated membership total for all

pupils approved by the department to be funded under this section for that fiscal year for the district or intermediate district.

(3) A district or intermediate district educating pupils described in this section at a residential child caring institution may operate, and receive funding under this section for, a department-approved on-grounds educational program for those pupils that is longer than 181 days, but not longer than 233 days, if the child caring institution was licensed as a child caring institution and offered in 1991-92 an on-grounds educational program that was longer than 181 days but not longer than 233 days and that was operated by a district or intermediate district.

(4) Special education pupils funded under section 53a shall not be funded under this section.

Sec. 24a. From the appropriation in section 11, there is allocated an amount not to exceed \$2,195,500.00 for 2014-2015 for payments to intermediate districts for pupils who are placed in juvenile justice service facilities operated by the department of human services. Each intermediate district shall receive an amount equal to the state share of those costs that are clearly and directly attributable to the educational programs for pupils placed in facilities described in this section that are located within the intermediate district's boundaries. The intermediate districts receiving payments under this section shall cooperate with the department of human services to ensure that all funding allocated under this section is utilized by the intermediate district and department of human services for educational programs for pupils described in this section. Pupils described in this section are not eligible to be funded under section 24. However, a program responsibility or other fiscal responsibility associated with these pupils shall not be transferred from the department of human services to a district or intermediate district unless the district or intermediate district consents to the transfer.

Sec. 24c. From the appropriation in section 11, there is allocated an amount not to exceed \$1,500,000.00 for 2014-2015 for payments to districts for pupils who are enrolled in a nationally administered community-based education and youth mentoring program, known as the youth challenge program, that is administered by the department of military and veterans affairs. Both of the following apply to a district receiving payments under this section:

(a) The district shall contract with the department of military and veterans affairs to ensure that all funding allocated under this section is utilized by the district and the department of military and veterans affairs for the youth challenge program.

(b) The district may retain for its administrative expenses an amount not to exceed 3% of the amount of the payment the district receives under this section.

Sec. 25e. (1) The pupil membership transfer application and pupil transfer process administered by the center under this section shall be used for processing pupil transfers.

(2) If a pupil counted in membership for the pupil membership count day transfers from a district or intermediate district to enroll in another district or intermediate district after the pupil membership count day and before the supplemental count day and, due to the pupil's enrollment and attendance status as of the pupil membership count day, the pupil was not counted in membership in the educating district or intermediate district, the educating district or intermediate district may report the enrollment and attendance information to the center through the pupil transfer process within 30 days after the transfer or within 30 days after the pupil membership count certification date, whichever is later. Pupil transfers may be submitted no earlier than the first day after the certification deadline for the pupil membership count day and before the supplemental count day. Upon receipt of the transfer information under this subsection indicating that a pupil has enrolled and is in attendance in an educating district or intermediate district as described in this subsection, the pupil transfer process shall do the following:

(a) Notify the district in which the pupil was previously enrolled.

(b) Notify both the pupil auditing staff of the intermediate district in which the educating district is located and the pupil auditing staff of the intermediate district in which the district that previously enrolled the pupil is located. The pupil auditing staff shall investigate a representative sample based on required audit sample sizes in the pupil auditing manual and may deny the pupil membership transfer.

(c) Aggregate the districtwide changes and notify the department for use in adjusting the state aid payment system.

(3) The department shall do all of the following:

(a) Adjust the membership calculation for each district or intermediate district in which the pupil was previously counted in membership or that previously received an adjustment in its membership calculation under this section due to a change in the pupil's enrollment and attendance so that the district's or intermediate district's membership is prorated to allow the district or intermediate district to receive for each school day, as determined by the financial calendar furnished by the center, in which the pupil was enrolled and in attendance in the district or intermediate district an amount equal to 1/105 of a full-time equated membership claimed in the fall pupil membership count. The district or intermediate district shall receive a prorated foundation allowance in an amount equal to the product of the adjustment under this subdivision for the district or intermediate district multiplied by the foundation allowance or per pupil payment as calculated under section 20 for the district or intermediate district. The foundation allowance or per

pupil payment shall be adjusted by the pupil's full-time equated status as affected by the membership definition under section 6(4).

(b) Adjust the membership calculation for the educating district or intermediate district in which the pupil is enrolled and is in attendance so that the district's or intermediate district's membership is increased to allow the district or intermediate district to receive an amount equal to the difference between the full-time equated membership claimed in the fall pupil membership count and the sum of the adjustments calculated under subdivision (a) for each district or intermediate district in which the pupil was previously enrolled and in attendance. The educating district or intermediate district shall receive a prorated foundation allowance in an amount equal to the product of the adjustment under this subdivision for the educating district or intermediate district multiplied by the foundation allowance or per pupil payment as calculated under section 20 for the educating district or intermediate district. The foundation allowance or per pupil payment shall be adjusted by the pupil's full-time equated status as affected by the membership definition under section 6(4).

(4) The changes in calculation of state school aid required under subsection (3) shall take effect as of the date that the pupil becomes enrolled and in attendance in the educating district or intermediate district, and the department shall base all subsequent payments under this article for the fiscal year to the affected districts or intermediate districts on this recalculation of state school aid.

(5) If a pupil enrolls in an educating district or intermediate district as described in subsection (2), the district or intermediate district in which the pupil is counted in membership or another educating district or intermediate district that received an adjustment in its membership calculation under subsection (3), if any, and the educating district or intermediate district shall provide to the center and the department all information they require to comply with this section.

(6) Not later than December 1, 2014, the center in conjunction with the department shall report to the legislature data related to the implementation of this section, including, but not limited to, the number of transfer transactions and the net change in pupil memberships in 2013-2014 by district and intermediate district.

(7) The portion of the full-time equated pupil membership for which a pupil is enrolled in 1 or more online courses under section 21f shall not be counted or transferred under the pupil transfer process under this section.

(8) As used in this section:

(a) "Educating district or intermediate district" means the district or intermediate district in which a pupil enrolls after the pupil membership count day or after an adjustment was made in another district's or intermediate district's membership calculation under this section due to the pupil's enrollment and attendance.

(b) "Pupil" means that term as defined under section 6 and also children receiving early childhood special education programs and services.

Sec. 25f. (1) From the state school aid fund money appropriated in section 11, there is allocated an amount not to exceed \$2,000,000.00 for 2014-2015 for payments to strict discipline academies established under sections 1311b to 1311m of the revised school code, MCL 380.1311b to 380.1311m, as provided under this section and for the purposes described in subsection (5).

(2) In order to receive funding under this section, a strict discipline academy shall first comply with section 25e and use the pupil transfer process under that section for changes in enrollment as prescribed under that section.

(3) Not later than June 30, 2015, a strict discipline academy shall report to the center and to the department, in a manner prescribed by the center and the department, the following information for 2014-2015:

(a) The number of pupils enrolled and in attendance at the strict discipline academy.

(b) The number of days each pupil enrolled was in attendance at the strict discipline academy, not to exceed 180.

(4) The amount of the payment to a strict discipline academy under this section shall be an amount equal to the difference between the product of 1/180 of the per-pupil payment as calculated under section 20 for the strict discipline academy multiplied by the number of days of pupil attendance reported under subsection (3)(b) minus the product of the per-pupil payment as calculated under section 20 for the strict discipline academy multiplied by the pupils in membership at the strict discipline academy as calculated under section 6 and as adjusted by section 25e.

(5) If the operation of the special membership counting provisions under section 6(4)(dd) and the other membership counting provisions under section 6(4) result in a pupil being counted as more than 1.0 FTE in a fiscal year, then the payment made for the pupil under sections 22a and 22b shall not be based on more than 1.0 FTE for that pupil, and that portion of the FTE that exceeds 1.0 shall be paid under this section in an amount equal to that portion multiplied by the educating district's foundation allowance or per-pupil payment calculated under section 20.

(6) If the funds allocated under this section are insufficient to fully fund the adjustments under subsections (4) and (5), payments under this section shall be prorated on an equal per-pupil basis.

(7) Payments to districts under this section shall be made according to the payment schedule under section 17b.

Sec. 26a. From the funds appropriated in section 11, there is allocated an amount not to exceed \$26,300,000.00 for 2014-2015 to reimburse districts and intermediate districts pursuant to section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for taxes levied in 2014. The allocations shall be made not later than 60 days after the department of treasury certifies to the department and to the state budget director that the department of treasury has received all necessary information to properly determine the amounts due to each eligible recipient.

Sec. 26b. (1) From the appropriation in section 11, there is allocated for 2014-2015 an amount not to exceed \$4,210,000.00 for payments to districts, intermediate districts, and community college districts for the portion of the payment in lieu of taxes obligation that is attributable to districts, intermediate districts, and community college districts pursuant to section 2154 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.2154.

(2) If the amount appropriated under this section is not sufficient to fully pay obligations under this section, payments shall be prorated on an equal basis among all eligible districts, intermediate districts, and community college districts.

Sec. 26c. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$293,100.00 for 2014-2015 to the promise zone fund created in subsection (3).

(2) Funds allocated to the promise zone fund under this section shall be used solely for payments to eligible districts and intermediate districts that have a promise zone development plan approved by the department of treasury under section 7 of the Michigan promise zone authority act, 2008 PA 549, MCL 390.1667.

(3) The promise zone fund is created as a separate account within the state school aid fund to be used solely for the purposes of the Michigan promise zone authority act, 2008 PA 549, MCL 390.1661 to 390.1679. All of the following apply to the promise zone fund:

(a) The state treasurer shall direct the investment of the promise zone fund. The state treasurer shall credit to the promise zone fund interest and earnings from fund investments.

(b) Money in the promise zone fund at the close of a fiscal year shall remain in the promise zone fund and shall not lapse to the general fund.

(4) Subject to subsection (2), the state treasurer may make payments from the promise zone fund to eligible districts and intermediate districts pursuant to the Michigan promise zone authority act, 2008 PA 549, MCL 390.1661 to 390.1679, to be used for the purposes of a promise zone authority created under that act.

Sec. 31a. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2014-2015 an amount not to exceed \$317,695,500.00 for payments to eligible districts, eligible public school academies, and the education achievement system for the purposes of ensuring that pupils are proficient in reading by the end of grade 3 and that high school graduates are career and college ready and for the purposes under subsections (6) and (7).

(2) For a district or public school academy, or the education achievement system, to be eligible to receive funding under this section, other than funding under subsection (6) or (7), the sum of the district's or public school academy's or the education achievement system's combined state and local revenue per membership pupil in the current state fiscal year, as calculated under section 20, must be less than or equal to the basic foundation allowance under section 20 for the current state fiscal year.

(3) Except as otherwise provided in this subsection, an eligible district or eligible public school academy or the education achievement system shall receive under this section for each membership pupil in the district or public school academy or the education achievement system who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769, and as reported to the department in the form and manner prescribed by the department not later than the fifth Wednesday after the pupil membership count day of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year, an amount per pupil equal to 11.5% of the sum of the district's foundation allowance or the public school academy's or the education achievement system's per pupil amount calculated under section 20, not to exceed the basic foundation allowance under section 20 for the current state fiscal year, or of the public school academy's or the education achievement system's per membership pupil amount calculated under section 20 for the current state fiscal year. However, a public school academy that began operations as a public school academy, or an achievement school that began operations as an achievement school, after the pupil membership count day of the immediately preceding school year shall receive under this section for each membership pupil in the public school academy or in the education achievement system who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department not later than the fifth Wednesday after the pupil membership count day of the current fiscal year and adjusted not later than December 31 of the current fiscal year, an amount per pupil equal to 11.5% of the public school academy's or the education achievement system's per membership pupil amount calculated under section 20 for the current state fiscal year.

(4) Except as otherwise provided in this section, a district or public school academy, or the education achievement system, receiving funding under this section shall use that money only to provide instructional programs and direct

noninstructional services, including, but not limited to, medical, mental health, or counseling services, for at-risk pupils; for school health clinics; and for the purposes of subsection (5), (6), (7), or (10). In addition, a district that is a school district of the first class or a district or public school academy in which at least 50% of the pupils in membership met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (3), or the education achievement system if it meets this requirement, may use not more than 20% of the funds it receives under this section for school security. A district, the public school academy, or the education achievement system shall not use any of that money for administrative costs. The instruction or direct noninstructional services provided under this section may be conducted before or after regular school hours or by adding extra school days to the school year.

Each grant recipient shall remain in compliance with the terms of the grant award or shall forfeit the grant award for the duration of the 5-year period after the noncompliance. To continue to receive funding for a child and adolescent health center under this section a grant recipient shall ensure that the child and adolescent health center has an advisory committee and that at least one-third of the members of the advisory committee are parents or legal guardians of school-aged children. A child and adolescent health center program shall recognize the role of a child's parents or legal guardian in the physical and emotional well-being of the child. Funding under this subsection shall be used to support child and adolescent health center services provided to children up to age 21. If any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds shall be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (14) for that fiscal year.

(7) From the funds allocated under subsection (1), there is allocated for 2014-2015 an amount not to exceed \$5,150,000.00 for the state portion of the hearing and vision screenings as described in section 9301 of the public health code, 1978 PA 368, MCL 333.9301. If a district or public school academy or the education achievement system does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district or public school academy or the education achievement system complies with this subsection. If the district or public school academy or the education achievement system does not comply with this subsection by the end of the state fiscal year, the withheld funds shall be forfeited to the school aid fund.

(9) In order to receive funds under this section, a district or public school academy or the education achievement system shall allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. (11) If necessary, and before any proration required under section 296, the department shall prorate payments under this section by reducing the amount of the per pupil payment under this section by a dollar amount calculated by determining the amount by which the amount necessary to fully fund the requirements of this section exceeds the maximum amount allocated under this section and then dividing that amount by the total statewide number of pupils who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as described in subsection (3).

(12) If a district is formed by consolidation after June 1, 1995, and if 1 or more of the original districts was not eligible before the consolidation for an additional allowance under this section, the amount of the additional allowance under this section for the consolidated district shall be based on the number of pupils described in subsection (1) enrolled in the consolidated district who reside in the territory of an original district that was eligible before the consolidation for an additional allowance under this section. In addition, if a district is dissolved pursuant to section 12 of the revised school code, MCL 380.12, the intermediate district to which the dissolved school district was constituent shall determine the estimated number of pupils that meet the income eligibility criteria for free breakfast, lunch, or milk, as described under subsection (3), enrolled in each of the other districts within the intermediate district and provide that estimate to the department for the purposes of distributing funds under this section within 60 days after the school district is declared dissolved.

In addition, from the funds appropriated in section 11, there is allocated to the great start readiness reserve fund created under subsection (19) an amount not to exceed \$25,000,000.00 for 2014-2015. Funds allocated under this section for great start readiness programs shall be used to provide part-day, school-day, or GSRP/head start blended comprehensive free compensatory classroom programs designed to improve the readiness and subsequent achievement of educationally disadvantaged children who meet the participant eligibility and prioritization guidelines as defined by the department. For a child to be eligible to participate in a program under this section, the child shall be at least 4, but less than 5, years of age as of the date specified for determining a child's eligibility to attend school under section 1147 of the revised school code, MCL 380.1147.

(2) Funds allocated under subsection (1) shall be allocated to intermediate districts or consortia of intermediate districts based on the formula in section 39. An intermediate district or consortium of intermediate districts receiving funding under this section shall act as the fiduciary for the great start readiness programs. In order to be eligible to receive funds allocated under this subsection from an intermediate district or consortium of intermediate districts, a district, a consortium of districts, or a public or private for-profit or nonprofit legal entity or agency shall comply with this section and section 39.

(3) In addition to the allocation under subsection (1), from the general fund money appropriated under section 11, there is allocated an amount not to exceed \$300,000.00 for 2014-2015 for a competitive grant to continue a longitudinal evaluation of children who have participated in great start readiness programs.

(4) To be eligible for funding under this section, a program shall prepare children for success in school through comprehensive part-day, school-day, or GSRP/head start blended programs that contain all of the following program components, as determined by the department:

(a) Participation in a collaborative recruitment and enrollment process to assure that each child is enrolled in the program most appropriate to his or her needs and to maximize the use of federal, state, and local funds.

(b) An age-appropriate educational curriculum that is in compliance with the early childhood standards of quality for prekindergarten children adopted by the state board.

(c) Nutritional services for all program participants supported by federal, state, and local resources as applicable.

The advisory committee also shall make recommendations to the great start collaborative regarding other community services designed to improve all children's school readiness.

(i) The ongoing articulation of the kindergarten and first grade programs offered by the program provider.

(j) Participation in this state's great start to quality process with a rating of at least 3 stars.

(5) An application for funding under this section shall provide for the following, in a form and manner determined by the department:

(a) Ensure compliance with all program components described in subsection (4).

(b) Except as otherwise provided in this subdivision, ensure that at least 90% of the children participating in an eligible great start readiness program for whom the intermediate district is receiving funds under this section are children who live with families with a household income that is equal to or less than 250% of the federal poverty level. If the intermediate district determines that all eligible children are being served and that there are no children on the waiting list under section 39(1)(d) who live with families with a household income that is equal to or less than 250% of the federal poverty level, the intermediate district may then enroll children who live with families with a household income that is equal to or less than 300% of the federal poverty level. The enrollment process shall consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subdivision, all age-eligible children served in foster care or who are experiencing homelessness or who have individualized education plans recommending placement in an inclusive preschool setting shall be considered to live with families with household income equal to or less than 250% of the federal poverty level regardless of actual family income.

(c) Ensure that the applicant only uses qualified personnel for this program, as follows:

(i) Teachers possessing proper training. A lead teacher must have a valid teaching certificate with an early childhood (ZA or ZS) endorsement or a bachelor's degree in child development or early child development with specialization in preschool teaching. However, if an applicant demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, teachers who have significant but incomplete training in early childhood education or child development may be used if the applicant provides to the department, and the department approves, a plan for each teacher to come into compliance with the standards in this subparagraph. A teacher's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses per calendar year.

(ii) Paraprofessionals possessing proper training in early childhood development, including an associate's degree in early childhood education or child development or the equivalent, or a child development associate (CDA) credential. However, if an applicant demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, the applicant may use paraprofessionals who have completed at least 1 course that earns college credit in early childhood education or child development if the applicant provides to the department, and the department approves, a plan for each paraprofessional to come into compliance with the standards in this subparagraph. A paraprofessional's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses or 60 clock hours of training per calendar year.

(d) Include a program budget that contains only those costs that are not reimbursed or reimbursable by federal funding, that are clearly and directly attributable to the great start readiness program, and that would not be incurred if the program were not being offered. Eligible costs include transportation costs. The program budget shall indicate the extent to which these funds will supplement other federal, state, local, or private funds. Funds received under this section shall not be used to supplant any federal funds received by the applicant to serve children eligible for a federally funded preschool program that has the capacity to serve those children.

(6) For a grant recipient that enrolls pupils in a school-day program funded under this section, each child enrolled in the school-day program shall be counted as 2 children served by the program for purposes of determining the number of children to be served and for determining the amount of the grant award. A grant award shall not be increased solely on the basis of providing a school-day program.

(7) For a grant recipient that enrolls pupils in a GSRP/head start blended program, the grant recipient shall ensure that all head start and GSRP policies and regulations are applied to the blended slots, with adherence to the highest standard from either program, to the extent allowable under federal law.

(8) An intermediate district or consortium of intermediate districts receiving a grant under this section shall designate an early childhood coordinator, and may provide services directly or may contract with 1 or more districts or public or private for-profit or nonprofit providers that meet all requirements of subsection (4).

(9) Funds received under this section may be retained for administrative services as follows:

(a) For the portion of the total grant amount for which services are provided directly by an intermediate district or consortium of intermediate districts, the intermediate district or consortium of intermediate districts may retain an amount equal to not more than 7% of that portion of the grant amount.

(b) For the portion of the total grant amount for which services are contracted, the intermediate district or consortium of intermediate districts receiving the grant may retain an amount equal to not more than 2% of that portion of the grant amount and the subrecipients engaged by the intermediate district to provide program services may retain for administrative services an amount equal to not more than 5% of that portion of the grant amount.

(10) An intermediate district or consortium of intermediate districts may expend not more than 2% of the total grant amount for outreach, recruiting, and public awareness of the program.

(11) Each grant recipient shall enroll children identified under subsection (5)(b) according to how far the child's household income is below 250% of the federal poverty level by ranking each applicant child's household income from lowest to highest and dividing the applicant children into quintiles based on how far the child's household income is below 250% of the federal poverty level, and then enrolling children in the quintile with the lowest household income before enrolling children in the quintile with the next lowest household income until slots are completely filled. If the grant recipient determines that all eligible children are being served and that there are no children on the waiting list under section 39(1)(d) who live with families with a household income that is equal to or less than 250% of the federal poverty level, the grant recipient may then enroll children who live with families with a household income that is equal to or less than 300% of the federal poverty level. The enrollment process shall consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subdivision, all age-eligible children served in foster care or who are experiencing homelessness or who have individualized education plans recommending placement in an inclusive preschool setting shall be considered to live with families with household income equal to or less than 250% of the federal poverty level regardless of actual family income.

(12) An intermediate district or consortium of intermediate districts receiving a grant under this section shall allow parents of eligible children who are residents of the intermediate district or within the consortium to choose a program operated by or contracted with another intermediate district or consortium of intermediate districts and shall pay to the educating intermediate district or consortium the per-child amount attributable to each child enrolled pursuant to this sentence, as determined under section 39.

(13) An intermediate district or consortium of intermediate districts receiving a grant under this section shall conduct a local process to contract with interested and eligible public and private for-profit and nonprofit community-based providers that meet all requirements of subsection (4) for at least 30% of its total slot allocation. The intermediate district or consortium shall report to the department, in a manner prescribed by the department, a detailed list of community-based providers by provider type, including private for-profit, private nonprofit, community college or university, head start grantee or delegate, and district or intermediate district, and the number and proportion of its total slot allocation allocated to each provider as subrecipient. If the intermediate district or consortium is not able to contract for at least 30% of its total slot allocation, the grant recipient shall notify the department and, if the department verifies that the intermediate district or consortium attempted to contract for at least 30% of its total slot allocation and was not able to do so, then the intermediate district or consortium may retain and use all of its allocated slots as provided under this section. To be able to use this exemption, the intermediate district or consortium shall demonstrate to the department that the intermediate district or consortium increased the percentage of its total slot allocation for which it contracts with a community-based provider and the intermediate district or consortium shall submit evidence satisfactory to the department, and the department must be able to verify this evidence, demonstrating that the intermediate district or consortium took measures to contract for at least 30% of its total slot allocation as required under this subsection, including, but not limited to, at least all of the following measures:

(a) The intermediate district or consortium notified each licensed child care center located in the service area of the intermediate district or consortium at least twice regarding the center's eligibility to participate. One of these notifications may be made electronically, but at least 1 of these notifications shall be made via hard copy through the United States mail. At least 1 of these notifications shall be made within 7 days after the intermediate district or consortium receives notice from the department of its slot allocations.

(b) The intermediate district or consortium provided to each licensed child care center located in the service area of the intermediate district or consortium information regarding great start readiness program requirements and a description of the application and selection process for community-based providers.

(c) The intermediate district or consortium provided to the public and to participating families a list of community-based great start readiness program subrecipients with a great start to quality rating of at least 3 stars.

(14) If an intermediate district or consortium of intermediate districts receiving a grant under this section fails to submit satisfactory evidence to demonstrate its effort to contract for at least 30% of its total slot allocation, as required under subsection (1), the department shall reduce the slots allocated to the intermediate district or consortium by a percentage equal to the difference between the percentage of an intermediate district's or consortium's total slot allocation awarded to community-based providers and 30% of its total slot allocation.

(15) In order to assist intermediate districts and consortia in complying with the requirement to contract with community-based providers for at least 30% of their total slot allocation, the department shall do all of the following:

(a) Ensure that a great start resource center or the department provides each intermediate district or consortium receiving a grant under this section with the contact information for each licensed child care center located in the service area of the intermediate district or consortium by March 1 of each year.

(b) Provide, or ensure that an organization with which the department contracts provides, a community-based provider with a validated great start to quality rating within 90 days of the provider's having submitted a request and self-assessment.

(c) Ensure that all intermediate district, district, community college or university, head start grantee or delegate, private for-profit, and private nonprofit providers are subject to a single great start to quality rating system. The rating system shall ensure that regulators process all prospective providers at the same pace on a first-come, first-served basis and shall not allow 1 type of provider to receive a great start to quality rating ahead of any other type of provider.

(d) Not later than November 1 of each year, compile the results of the information reported by each intermediate district or consortium under subsection (10) and report to the legislature a list by intermediate district or consortium with the number and percentage of each intermediate district's or consortium's total slot allocation allocated to community-based providers by provider type, including private for-profit, private nonprofit, community college or university, head start grantee or delegate, and district or intermediate district.

(16) A recipient of funds under this section shall report to the department in a form and manner prescribed by the department the number of children participating in the program who meet the income eligibility criteria under subsection (5)(b) and the total number of children participating in the program. For children participating in the program who meet the income eligibility criteria specified under subsection (5)(b), a recipient shall also report whether or not a parent is available to provide care based on employment status. For the purposes of this subsection, "employment status" shall be defined by the department of human services in a manner consistent with maximizing the amount of spending that may be claimed for temporary assistance for needy families maintenance of effort purposes.

(17) As used in this section:

(a) "GSRP/head start blended program" means a part-day program funded under this section and a head start program, which are combined for a school-day program.

(b) "Part-day program" means a program that operates at least 4 days per week, 30 weeks per year, for at least 3 hours of teacher-child contact time per day but for fewer hours of teacher-child contact time per day than a school-day program.

(c) "School-day program" means a program that operates for at least the same length of day as a district's first grade program for a minimum of 4 days per week, 30 weeks per year. A classroom that offers a school-day program must enroll all children for the school day to be considered a school-day program.

(18) An intermediate district or consortium of intermediate districts receiving funds under this section shall establish a sliding scale of tuition rates based upon household income for children participating in an eligible great start readiness program who live with families with a household income that is more than 250% of the federal poverty level to be used by all of its providers, as approved by the department. A grant recipient shall charge tuition according to that sliding scale of tuition rates on a uniform basis for any child who does not meet the income eligibility requirements under this section.

(19) The great start readiness reserve fund is created as a separate account within the state school aid fund established by section 11 of article IX of the state constitution of 1963. Money available in the great start readiness reserve fund may not be expended for 2014-2015 unless transferred by the legislature not later than December 15, 2014 to the allocation under subsection (1) for great start readiness programs. Money in the great start readiness reserve fund shall be expended only for purposes for which state school aid fund money may be expended. The state treasurer shall direct the investment of the great start readiness reserve fund. The state treasurer shall credit to the great start readiness reserve fund interest and earnings from fund investments. Money in the great start readiness reserve fund at the close of a fiscal year shall remain in the great start readiness reserve fund and shall not lapse to the unreserved school aid fund balance or the general fund.

(20) From the amount appropriated in subsection (1), there is allocated an amount not to exceed \$10,000,000.00 for reimbursement of transportation costs for children attending great start readiness programs funded under this section. To receive reimbursement under this subsection, not later than November 1, 2014, a program funded under this section that provides transportation shall submit to the intermediate district that is the fiscal agent for the program a projected transportation budget. The amount of the reimbursement for transportation under this subsection shall be the lesser of the projected transportation budget or \$150.00 multiplied by the number of slots funded for the program under this section. If the amount allocated under this subsection is insufficient to fully reimburse the transportation costs for all programs that provide transportation and submit the required information, the reimbursement shall be prorated in an equal amount per slot funded. Payments shall be made to the intermediate district that is the fiscal agent for each program, and the intermediate district shall then reimburse the program provider for transportation costs as prescribed under this subsection.

Sec. 32p. (1) From the school aid fund appropriation in section 11, there is allocated an amount not to exceed \$10,900,000.00 to intermediate districts for 2014-2015 for the purpose of providing early childhood funding to intermediate school districts in block grants, supporting the activities under subsection (2), and providing early childhood programs for children from birth through age 8. The funding provided to each intermediate district under this section shall be determined by the distribution formula established by the department's office of great start to provide equitable funding statewide. In order to receive funding under this section, each intermediate district shall provide an application to the office of great start not later than September 15 of the immediately preceding fiscal year indicating the activities planned to be provided.

(2) Each intermediate district or consortium of intermediate districts that receives funding under this section shall convene a local great start collaborative and a parent coalition. The goal of each great start collaborative and parent coalition shall be to ensure the coordination and expansion of local early childhood infrastructure and programs that allow every child in the community to achieve the following outcomes:

- (a) Children born healthy.
- (b) Children healthy, thriving, and developmentally on track from birth to third grade.
- (c) Children developmentally ready to succeed in school at the time of school entry.
- (d) Children prepared to succeed in fourth grade and beyond by reading proficiently by the end of third grade.

(3) Each local great start collaborative and parent coalition shall convene workgroups to make recommendations about community services designed to achieve the outcomes described in subsection (2) and to ensure that its local great start system includes the following supports for children from birth through age 8:

- (a) Physical health.
- (b) Social-emotional health.
- (c) Family supports and basic needs.
- (d) Parent education and child advocacy.
- (e) Early education and care.

(4) Not later than December 1 of each year, each intermediate district shall provide a report to the department detailing the activities actually provided during the immediately preceding school year and the families and children actually served. The department shall compile and summarize these reports and submit its summary to the house and senate appropriations subcommittees on school aid and to the house and senate fiscal agencies not later than February 15 of each year.

(5) An intermediate district or consortium of intermediate districts that receives funding under this section may carry over any unexpended funds received under this section into the next fiscal year and may expend those unused funds through June 30 of the next fiscal year. A recipient of a grant shall return any unexpended grant funds to the department in the manner prescribed by the department not later than September 30 of the next fiscal year after the fiscal year in which the funds are received.

Sec. 39. (1) An eligible applicant receiving funds under section 32d shall submit an application, in a form and manner prescribed by the department, by a date specified by the department in the immediately preceding state fiscal year. The application shall include a comprehensive needs assessment using aggregated data from the applicant's entire service area and a community collaboration plan that is endorsed by the local great start collaborative and is part of the community's great start strategic plan that includes, but is not limited to, great start readiness program and head start providers, and shall identify all of the following:

- (a) The estimated total number of children in the community who meet the criteria of section 32d and how that calculation was made.
- (b) The estimated number of children in the community who meet the criteria of section 32d and are being served by other early childhood development programs operating in the community, and how that calculation was made.

(c) The number of children the applicant will be able to serve who meet the criteria of section 32d including a verification of physical facility and staff resources capacity.

(d) The estimated number of children who meet the criteria of section 32d who will remain unserved after the applicant and community early childhood programs have met their funded enrollments. The applicant shall maintain a waiting list of identified unserved eligible children who would be served when openings are available.

(2) After notification of funding allocations, an applicant receiving funds under section 32d shall also submit an implementation plan for approval, in a form and manner prescribed by the department, by a date specified by the department, that details how the applicant complies with the program components established by the department pursuant to section 32d.

(3) The number of prekindergarten children construed to be in need of special readiness assistance under section 32d shall be calculated for each applicant in the following manner: 1/2 of the percentage of the applicant's pupils in grades 1 to 5 in all districts served by the applicant who are eligible for free lunch, as determined using the district's pupil membership count as of the pupil membership count day in the school year prior to the fiscal year for which the calculation is made, under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769i, shall be multiplied by the average kindergarten enrollment of the districts served by the applicant on the pupil membership count day of the 2 immediately preceding fiscal years.

(4) The initial allocation for each fiscal year to each eligible applicant under section 32d shall be determined by multiplying the number of children determined by the formula under subsection (3) or the number of children the applicant indicates it will be able to serve under subsection (1)(c), whichever is less, by \$3,625.00 and shall be distributed among applicants in decreasing order of concentration of eligible children as determined by the formula under subsection (3). If the number of children an applicant indicates it will be able to serve under subsection (1)(c) includes children able to be served in a school-day program, then the number able to be served in a school-day program shall be doubled for the purposes of making this calculation of the lesser of the number of children determined by the formula under subsection (3) and the number of children the applicant indicates it will be able to serve under subsection (1)(c) and determining the amount of the initial allocation to the applicant under section 32d. A district may contract with a head start agency to serve children enrolled in head start with a school-day program by blending head start funds with a part-day great start readiness program allocation. All head start and great start readiness program policies and regulations apply to the blended program.

(5) If funds allocated for eligible applicants or to the great start readiness reserve fund under section 32d remain after the initial allocation under subsection (4), the allocation under this subsection shall be distributed to each eligible applicant under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). The allocation shall be determined by multiplying the number of children each district within the applicant's service area served in the immediately preceding fiscal year or the number of children the applicant indicates it will be able to serve under subsection (1)(c), whichever is less, minus the number of children for which the applicant received funding in subsection (4) by \$3,625.00.

(6) If funds allocated for eligible applicants or to the great start readiness reserve fund under section 32d remain after the allocations under subsections (4) and (5), remaining funds shall be distributed to each eligible applicant under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). If the number of children the applicant indicates it will be able to serve under subsection (1)(c) exceeds the number of children for which funds have been received under subsections (4) and (5), the allocation under this subsection shall be determined by multiplying the number of children the applicant indicates it will be able to serve under subsection (1)(c) less the number of children for which funds have been received under subsections (4) and (5) by \$3,625.00 until the funds allocated for eligible applicants in section 32d are distributed.

(7) An applicant that offers supplementary child care funded by funds other than those received under section 32d and therefore offers full-day programs as part of its early childhood development program shall receive priority in the allocation of funds under section 32d over other eligible applicants. As used in this subsection, "full-day program" means a program that provides supplementary child care that totals at least 10 hours of programming per day.

(8) If, taking into account the total amount to be allocated to the applicant as calculated under this section, an applicant determines that it is able to include additional eligible children in the great start readiness program without additional funds under section 32d, the applicant may include additional eligible children but shall not receive additional funding under section 32d for those children.

Sec. 39a. (1) From the federal funds appropriated in section 11, there is allocated for 2014-2015 to districts, intermediate districts, and other eligible entities all available federal funding, estimated at \$807,969,900.00 for the federal programs under the no child left behind act of 2001, Public Law 107-110. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(4) For the purposes of applying for federal grants appropriated under this article, the department shall allow an intermediate district to submit a consortium application on behalf of 2 or more districts with the agreement of those districts as appropriate according to federal rules and guidelines.

Sec. 41. From the appropriation in section 11, there is allocated an amount not to exceed \$1,200,000.00 each fiscal year for 2013-2014 and for 2014-2015 to applicant districts and intermediate districts offering programs of instruction for pupils of limited English-speaking ability under section 1153 of the revised school code, MCL 380.1153. Reimbursement shall be on a per-pupil basis and shall be based on the number of pupils of limited English-speaking ability in membership on the pupil membership count day. Funds allocated under this section shall be used solely for instruction in speaking, reading, writing, or comprehension of English. A pupil shall not be counted under this section or instructed in a program under this section for more than 3 years.

Sec. 43. From the general fund money appropriated in section 11, there is allocated to the department for 2014-2015 an amount not to exceed \$1,800,000.00 for updating teacher certification tests. The department shall use these funds to update the set of teacher certification tests, including content-specific and subject-relevant tests, to reflect current education standards by not later than September 30, 2016.

Sec. 51a. (1) From the appropriation in section 11, there is allocated an amount not to exceed \$938,946,100.00 for 2014-2015 from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities education act, 20 USC 1411 to 1419, estimated at \$370,000,000.00 for 2014-2015, plus any carryover federal funds from previous year appropriations. The allocations under this subsection are for the purpose of reimbursing districts and intermediate districts for special education programs, services, and special education personnel as

prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1766; net tuition payments made by intermediate districts to the Michigan schools for the deaf and blind; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals or other entities, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated the amount necessary, estimated at \$252,000,000.00 for 2014-2015, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection shall be made as follows:

(a) The initial amount allocated to a district under this subsection toward fulfilling the specified percentages shall be calculated by multiplying the district's special education pupil membership, excluding pupils described in subsection (11), times the foundation allowance under section 20 of the pupil's district of residence, not to exceed the basic foundation allowance under section 20 for the current fiscal year, or, for a special education pupil in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil calculated under section 20(6) or, for a pupil described in this subsection who is counted in membership in the education achievement system, times an amount equal to the amount per membership pupil under section 20(7). For an intermediate district, the amount allocated under this subdivision toward fulfilling the specified percentages shall be an amount per special education membership pupil, excluding pupils described in subsection (11), and shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed the basic foundation allowance under section 20 for the current fiscal year.

(b) After the allocations under subdivision (a), districts and intermediate districts for which the payments calculated under subdivision (a) do not fulfill the specified percentages shall be paid the amount necessary to achieve the specified percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), there is allocated for 2014-2015 an amount not to exceed \$1,000,000.00 to make payments to districts and intermediate districts under this subsection. If the amount allocated to a district or intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the amounts allocated to the district or intermediate district for 1996-97 under sections 52 and 58, there is allocated to the district or intermediate district for the fiscal year an amount equal to that difference, adjusted by applying the same proration factor that was used in the distribution of funds under section 52 in 1996-97 as adjusted to the district's or intermediate district's necessary costs of special education used in calculations for the fiscal year. This adjustment is to reflect reductions in special education program operations or services between 1996-97 and subsequent fiscal years. Adjustments for reductions in special education program operations or services shall be made in a manner determined by the department and shall include adjustments for program or service shifts.

(4) If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) is not sufficient to fulfill the specified percentages in subsection (2), then the shortfall shall be paid to the district or intermediate district during the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the specified percentages in subsection (2), then the department shall deduct the amount of the excess from the district's or intermediate district's payments under this article for the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill the specified percentages in subsection (2), there shall be no deduction under this subsection.

(5) State funds shall be allocated on a total approved cost basis. Federal funds shall be allocated under applicable federal requirements, except that an amount not to exceed \$3,500,000.00 may be allocated by the department for 2014-2015 to districts, intermediate districts, or other eligible entities on a competitive grant basis for programs, equipment, and services that the department determines to be designed to benefit or improve special education on a statewide scale.

(6) From the amount allocated in subsection (1), there is allocated an amount not to exceed \$2,200,000.00 for 2014-2015 to reimburse 100% of the net increase in necessary costs incurred by a district or intermediate district in implementing the revisions in the administrative rules for special education that became effective on July 1, 1987. As used in this subsection, "net increase in necessary costs" means the necessary additional costs incurred solely because of new or revised requirements in the administrative rules minus cost savings permitted in implementing the revised rules. Net increase in necessary costs shall be determined in a manner specified by the department.

(7) For purposes of sections 51a to 58, all of the following apply:

(a) "Total approved costs of special education" shall be determined in a manner specified by the department and may include indirect costs, but shall not exceed 115% of approved direct costs for section 52 and section 53a programs. The total approved costs include salary and other compensation for all approved special education personnel for the program, including payments for social security and medicare and public school employee retirement system contributions. The total approved costs do not include salaries or other compensation paid to administrative personnel who are not special education personnel as defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included in the allocation made under this article, are not included. Special education approved personnel not utilized full time in the evaluation of students or in the delivery of special education programs, ancillary, and other related services shall be reimbursed under this section only for that portion of time actually spent providing these programs and services, with the exception of special education programs and services provided to youth placed in child caring institutions or juvenile detention programs approved by the department to provide an on-grounds education program.

(b) Beginning with the 2004-2005 fiscal year, a district or intermediate district that employed special education support services staff to provide special education support services in 2003-2004 or in a subsequent fiscal year and that in a fiscal year after 2003-2004 receives the same type of support services from another district or intermediate district shall report the cost of those support services for special education reimbursement purposes under this article. This subdivision does not prohibit the transfer of special education classroom teachers and special education classroom aides if the pupils counted in membership associated with those special education classroom teachers and special education classroom aides are transferred and counted in membership in the other district or intermediate district in conjunction with the transfer of those teachers and aides.

(c) If the department determines before bookclosing for a fiscal year that the amounts allocated for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 will exceed expenditures for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56, then for a district or intermediate district whose reimbursement for that fiscal year would otherwise be affected by subdivision (b), subdivision (b) does not apply to the calculation of the reimbursement for that district or intermediate district and reimbursement for that district or intermediate district shall be calculated in the same manner as it was for 2003-2004. If the amount of the excess allocations under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 is not sufficient to fully fund the calculation of reimbursement to those districts and intermediate districts under this subdivision, then the calculations and resulting reimbursement under this subdivision shall be prorated on an equal percentage basis. This reimbursement shall not be made after 2014-2015.

(d) Reimbursement for ancillary and other related services, as defined by R 340.1701c of the Michigan administrative code, shall not be provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, shall not be borne by the parent. In addition, the filing of claims shall not delay the education of a pupil. A district or intermediate district shall be responsible for payment of a deductible amount and for an advance payment required until the time a claim is paid.

(e) Beginning with calculations for 2004-2005, if an intermediate district purchases a special education pupil transportation service from a constituent district that was previously purchased from a private entity; if the purchase from the constituent district is at a lower cost, adjusted for changes in fuel costs; and if the cost shift from the intermediate district to the constituent does not result in any net change in the revenue the constituent district receives from payments under sections 22b and 51c, then upon application by the intermediate district, the department shall direct the intermediate district to continue to report the cost associated with the specific identified special education pupil transportation service and shall adjust the costs reported by the constituent district to remove the cost associated with that specific service.

(8) A pupil who is enrolled in a full-time special education program conducted or administered by an intermediate district or a pupil who is enrolled in the Michigan schools for the deaf and blind shall not be included in the membership count of a district, but shall be counted in membership in the intermediate district of residence.

(9) Special education personnel transferred from 1 district to another to implement the revised school code shall be entitled to the rights, benefits, and tenure to which the person would otherwise be entitled had that person been employed by the receiving district originally.

(10) If a district or intermediate district uses money received under this section for a purpose other than the purpose or purposes for which the money is allocated, the department may require the district or intermediate district to refund the amount of money received. Money that is refunded shall be deposited in the state treasury to the credit of the state school aid fund.

(11) From the funds allocated in subsection (1), there is allocated the amount necessary, estimated at \$3,300,000.00 for 2014-2015, to pay the foundation allowances for pupils described in this subsection. The allocation to a district under this subsection shall be calculated by multiplying the number of pupils described in this subsection who are counted in

membership in the district times the foundation allowance under section 20 of the pupil's district of residence, not to exceed the basic foundation allowance under section 20 for the current fiscal year, or, for a pupil described in this subsection who is counted in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil under section 20(6) or, for a pupil described in this subsection who is counted in membership in the education achievement system, times an amount equal to the amount per membership pupil under section 20(7). The allocation to an intermediate district under this subsection shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed the basic foundation allowance under section 20 for the current fiscal year. This subsection applies to all of the following pupils:

(a) Pupils described in section 53a.

(b) Pupils counted in membership in an intermediate district who are not special education pupils and are served by the intermediate district in a juvenile detention or child caring facility.

(c) Pupils with an emotional impairment counted in membership by an intermediate district and provided educational services by the department of community health.

(12) If it is determined that funds allocated under subsection (2) or (11) or under section 51c will not be expended, funds up to the amount necessary and available may be used to supplement the allocations under subsection (2) or (11) or under section 51c in order to fully fund those allocations. After payments under subsections (2) and (11) and section 51c, the remaining expenditures from the allocation in subsection (1) shall be made in the following order:

(a) 100% of the reimbursement required under section 53a.

(b) 100% of the reimbursement required under subsection (6).

(c) 100% of the payment required under section 54.

(d) 100% of the payment required under subsection (3).

(e) 100% of the payments under section 56.

(13) The allocations under subsections (2), (3), and (11) shall be allocations to intermediate districts only and shall not be allocations to districts, but instead shall be calculations used only to determine the state payments under section 22b.

(14) If a public school academy enrolls pursuant to this section a pupil who resides outside of the intermediate district in which the public school academy is located and who is eligible for special education programs and services according to statute or rule, or who is a child with disabilities, as defined under the individuals with disabilities education act, Public Law 108-446, the provision of special education programs and services and the payment of the added costs of special education programs and services for the pupil are the responsibility of the district and intermediate district in which the pupil resides unless the enrolling district or intermediate district has a written agreement with the district or intermediate district in which the pupil resides or the public school academy for the purpose of providing the pupil with a free appropriate public education and the written agreement includes at least an agreement on the responsibility for the payment of the added costs of special education programs and services for the pupil.

Sec. 51c. As required by the court in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492, from the allocation under section 51a(1), there is allocated for 2014-2015 the amount necessary, estimated at \$630,500,000.00, for payments to reimburse districts for 28.6138% of total approved costs of special education excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 22b in order to fully fund those calculated allocations for the same fiscal year.

Sec. 51d. (1) From the federal funds appropriated in section 11, there is allocated for 2014-2015, all available federal funding, estimated at \$74,000,000.00, for special education programs and services that are funded by federal grants. All federal funds allocated under this section shall be distributed in accordance with federal law. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the federal funds allocated under subsection (1), the following amounts are allocated for 2014-2015:

(a) An amount estimated at \$15,000,000.00 for handicapped infants and toddlers, funded from DED-OSERS, handicapped infants and toddlers funds.

(b) An amount estimated at \$14,000,000.00 for preschool grants (Public Law 94-142), funded from DED-OSERS, handicapped preschool incentive funds.

(c) An amount estimated at \$45,000,000.00 for special education programs funded by DED-OSERS, handicapped program, individuals with disabilities act funds.

(3) As used in this section, "DED-OSERS" means the United States department of education office of special education and rehabilitative services.

Sec. 53a. Sec. 101. (1) To be eligible to receive state aid under this article, not later than the fifth Wednesday after the pupil membership count day and not later than the fifth Wednesday after the supplemental count day, each district superintendent shall submit to the center and the intermediate superintendent, in the form and manner prescribed by the center, the number of pupils enrolled and in regular daily attendance in the district as of the pupil membership count day and as of the supplemental count day, as applicable, for the current school year. In addition, a district maintaining school during the entire year, as provided under section 1561 of the revised school code, MCL 380.1561, shall submit to the center and the intermediate superintendent, in the form and manner prescribed by the center, the number of pupils enrolled and in regular daily attendance in the district for the current school year pursuant to rules promulgated by the superintendent. Not later than the sixth Wednesday after the pupil membership count day and not later than the sixth Wednesday after the supplemental count day, the district shall certify the data in a form and manner prescribed by the center and file the certified data with the intermediate superintendent. If a district fails to submit and certify the attendance data, as required under this subsection, the center shall notify the department and state aid due to be distributed under this article shall be withheld from the defaulting district immediately, beginning with the next payment after the failure and continuing with each payment until the district complies with this subsection. If a district does not comply with this subsection by the end of the fiscal year, the district forfeits the amount withheld. A person who willfully falsifies a figure or statement in the certified and sworn copy of enrollment shall be punished in the manner prescribed by section 161.

(2) To be eligible to receive state aid under this article, not later than the twenty-fourth Wednesday after the pupil membership count day and not later than the twenty-fourth Wednesday after the supplemental count day, an intermediate district shall submit to the center, in a form and manner prescribed by the center, the audited enrollment and attendance data for the pupils of its constituent districts and of the intermediate district. If an intermediate district fails to submit the audited data as required under this subsection, state aid due to be distributed under this article shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If an intermediate district does not comply with this subsection by the end of the fiscal year, the intermediate district forfeits the amount withheld.

(3) Except as otherwise provided in subsections (11) and (12), all of the following apply to the provision of pupil instruction:

(a) Except as otherwise provided in this section, each district shall provide at least 1,098 hours and, beginning in 2010-2011, the required minimum number of days of pupil instruction. Beginning in 2014-2015, the required minimum number of days of pupil instruction is 175. However, all of the following apply to these requirements:

(i) If a collective bargaining agreement that provides a complete school calendar was in effect for employees of a district as of July 1, 2013, and if that school calendar is not in compliance with this subsection, then this subsection does

not apply to that district until after the expiration of that collective bargaining agreement. If a district entered into a collective bargaining agreement on or after July 1, 2013 and if that collective bargaining agreement did not provide for at least 175 days of pupil instruction beginning in 2014-2015, then the department shall withhold from the district's total state school aid an amount equal to 5% of the funding the district receives in 2014-2015 under sections 22a and 22b.

(i) A district may apply for a waiver under subsection (9) from the requirements of this subdivision.

(b) Beginning in 2016-2017, the required minimum number of days of pupil instruction is 180. If a collective bargaining agreement that provides a complete school calendar was in effect for employees of a district as of the effective date of the amendatory act that added this subdivision, and if that school calendar is not in compliance with this subdivision, then this subdivision does not apply to that district until after the expiration of that collective bargaining agreement. A district may apply for a waiver under subsection (9) from the requirements of this subdivision.

(c) Except as otherwise provided in this article, a district failing to comply with the required minimum hours and days of pupil instruction under this subsection shall forfeit from its total state aid allocation an amount determined by applying a ratio of the number of hours or days the district was in noncompliance in relation to the required minimum number of hours and days under this subsection. Not later than August 1, the board of each district shall certify to the department the number of hours and days of pupil instruction in the previous school year. If the district did not provide at least the required minimum number of hours and days of pupil instruction under this subsection, the deduction of state aid shall be made in the following fiscal year from the first payment of state school aid. A district is not subject to forfeiture of funds under this subsection for a fiscal year in which a forfeiture was already imposed under subsection (6).

(d) Hours or days lost because of strikes or teachers' conferences shall not be counted as hours or days of pupil instruction.

(e) If a collective bargaining agreement that provides a complete school calendar is in effect for employees of a district as of October 19, 2009, and if that school calendar is not in compliance with this subsection, then this subsection does not apply to that district until after the expiration of that collective bargaining agreement.

(f) Except as otherwise provided in subdivisions (g) and (h), a district not having at least 75% of the district's membership in attendance on any day of pupil instruction shall receive state aid in that proportion of 1/180 that the actual percent of attendance bears to the specified percentage.

(g) If a district adds 1 or more days of pupil instruction to the end of its instructional calendar for a school year to comply with subdivision (a) because the district otherwise would fail to provide the required minimum number of days of pupil instruction even after the operation of subsection (4) due to conditions not within the control of school authorities, then subdivision (f) does not apply for any day of pupil instruction that is added to the end of the instructional calendar. Instead, for any of those days, if the district does not have at least 60% of the district's membership in attendance on that day, the district shall receive state aid in that proportion of 1/180 that the actual percentage of attendance bears to the specified percentage. For any day of pupil instruction added to the instructional calendar as described in this subdivision, the district shall report to the department the percentage of the district's membership that is in attendance, in the form and manner prescribed by the department.

(h) At the request of a district that operates a department-approved alternative education program and that does not provide instruction for pupils in all of grades K to 12, the superintendent may grant a waiver from the requirements of subdivision (f). The waiver shall indicate that an eligible district is subject to the proration provisions of subdivision (f) only if the district does not have at least 50% of the district's membership in attendance on any day of pupil instruction. In order to be eligible for this waiver, a district must maintain records to substantiate its compliance with the following requirements:

(i) The district offers the minimum hours of pupil instruction as required under this section.

(ii) For each enrolled pupil, the district uses appropriate academic assessments to develop an individual education plan that leads to a high school diploma.

(iii) The district tests each pupil to determine academic progress at regular intervals and records the results of those tests in that pupil's individual education plan.

(i) All of the following apply to a waiver granted under subdivision (h):

(i) If the waiver is for a blended model of delivery, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(ii) If the waiver is for a 100% online model of delivery and the educational program for which the waiver is granted makes educational services available to pupils for a minimum of at least 1,098 hours during a school year and ensures that each pupil participates in the educational program for at least 1,098 hours during a school year, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(iii) A waiver that is not a waiver described in subparagraph (i) or (ii) is valid for 1 fiscal year and must be renewed annually to remain in effect.

(j) The superintendent shall promulgate rules for the implementation of this subsection.

(4) Except as otherwise provided in this subsection, the first 6 days or the equivalent number of hours for which pupil instruction is not provided because of conditions not within the control of school authorities, such as severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or health conditions as defined by the city, county, or state health authorities, shall be counted as hours and days of pupil instruction. With the approval of the superintendent of public instruction, the department shall count as hours and days of pupil instruction for a fiscal year not more than 6 additional days or the equivalent number of additional hours for which pupil instruction is not provided in a district after April 1 of the applicable school year due to unusual and extenuating occurrences resulting from conditions not within the control of school authorities such as those conditions described in this subsection. Subsequent such hours or days shall not be counted as hours or days of pupil instruction.

(5) A district shall not forfeit part of its state aid appropriation because it adopts or has in existence an alternative scheduling program for pupils in kindergarten if the program provides at least the number of hours required under subsection (3) for a full-time equated membership for a pupil in kindergarten as provided under section 6(4).

(6) In addition to any other penalty or forfeiture under this section, if at any time the department determines that 1 or more of the following have occurred in a district, the district shall forfeit in the current fiscal year beginning in the next payment to be calculated by the department a proportion of the funds due to the district under this article that is equal to the proportion below the required minimum number of hours and days of pupil instruction under subsection (3), as specified in the following:

(a) The district fails to operate its schools for at least the required minimum number of hours and days of pupil instruction under subsection (3) in a school year, including hours and days counted under subsection (4).

(b) The board of the district takes formal action not to operate its schools for at least the required minimum number of hours and days of pupil instruction under subsection (3) in a school year, including hours and days counted under subsection (4).

(7) In providing the minimum number of hours and days of pupil instruction required under subsection (3), a district shall use the following guidelines, and a district shall maintain records to substantiate its compliance with the following guidelines:

(a) Except as otherwise provided in this subsection, a pupil must be scheduled for at least the required minimum number of hours of instruction, excluding study halls, or at least the sum of 90 hours plus the required minimum number of hours of instruction, including up to 2 study halls.

(b) The time a pupil is assigned to any tutorial activity in a block schedule may be considered instructional time, unless that time is determined in an audit to be a study hall period.

(c) Except as otherwise provided in this subdivision, a pupil in grades 9 to 12 for whom a reduced schedule is determined to be in the individual pupil's best educational interest must be scheduled for a number of hours equal to at least 80% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil. A pupil in grades 9 to 12 who is scheduled in a 4-block schedule may receive a reduced schedule under this subsection if the pupil is scheduled for a number of hours equal to at least 75% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.

(d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program or a special education pupil cannot receive the required minimum number of hours of pupil instruction solely because of travel time between instructional sites during the school day, that travel time, up to a maximum of 3 hours per school week, shall be considered to be pupil instruction time for the purpose of determining whether the pupil is receiving the required minimum number of hours of pupil instruction. However, if a district demonstrates to the satisfaction of the department that the travel time limitation under this subdivision would create undue costs or hardship to the district, the department may consider more travel time to be pupil instruction time for this purpose.

(e) In grades 7 through 12, instructional time that is part of a junior reserve officer training corps (JROTC) program shall be considered to be pupil instruction time regardless of whether the instructor is a certificated teacher if all of the following are met:

(i) The instructor has met all of the requirements established by the United States department of defense and the applicable branch of the armed services for serving as an instructor in the junior reserve officer training corps program.

(ii) The board of the district or intermediate district employing or assigning the instructor complies with the requirements of sections 1230 and 1230a of the revised school code, MCL 380.1230 and 380.1230a, with respect to the instructor to the same extent as if employing the instructor as a regular classroom teacher.

(8) Except as otherwise provided in subsections (11) and (12), the department shall apply the guidelines under subsection (7) in calculating the full-time equivalency of pupils.

(9) Upon application by the district for a particular fiscal year, the superintendent may waive for a district the minimum number of hours and days of pupil instruction requirement of subsection (3) for a department-approved alternative education program or another innovative program approved by the department, including a 4-day school week. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, the district is not subject to forfeiture under this section for the specific program covered by the waiver. If the district

does not comply with the terms of the waiver, the amount of the forfeiture shall be calculated based upon a comparison of the number of hours and days of pupil instruction actually provided to the minimum number of hours and days of pupil instruction required under subsection (3). Pupils enrolled in a department-approved alternative education program under this subsection shall be reported to the center in a form and manner determined by the center. All of the following apply to a waiver granted under this subsection:

(a) If the waiver is for a blended model of delivery, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(b) If the waiver is for a 100% online model of delivery and the educational program for which the waiver is granted makes educational services available to pupils for a minimum of at least 1,098 hours during a school year and ensures that each pupil participates in the educational program for at least 1,098 hours during a school year, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(c) A waiver that is not a waiver described in subdivision (a) or (b) is valid for 1 fiscal year and must be renewed annually to remain in effect.

(10) Until 2014-2015, a district may count up to 38 hours of qualifying professional development for teachers as hours of pupil instruction. However, if a collective bargaining agreement that provides for the counting of up to 38 hours of qualifying professional development for teachers as pupil instruction is in effect for employees of a district as of July 1, 2013, then until the school year that begins after the expiration of that collective bargaining agreement a district may count up to the contractually specified number of hours of qualifying professional development for teachers as hours of pupil instruction. Professional development provided online is allowable and encouraged, as long as the instruction has been approved by the district. The department shall issue a list of approved online professional development providers, which shall include the Michigan virtual school. As used in this subsection, "qualifying professional development" means professional development that is focused on 1 or more of the following:

(a) Achieving or improving adequate yearly progress as defined under the no child left behind act of 2001, Public Law 107-110.

(b) Achieving accreditation or improving a school's accreditation status under section 1280 of the revised school code, MCL 380.1280.

(c) Achieving highly qualified teacher status as defined under the no child left behind act of 2001, Public Law 107-110.

(d) Integrating technology into classroom instruction.

(e) Maintaining teacher certification.

(11) Subsections (3) and (8) do not apply to a school of excellence that is a cyber school, as defined in section 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 380.553a.

(12) Subsections (3) and (8) do not apply to eligible pupils enrolled in a dropout recovery program that meets the requirements of section 23a. As used in this subsection, "eligible pupil" means that term as defined in section 23a.

(13) Beginning in 2013, at least every 2 years the superintendent shall review the waiver standards set forth in the pupil accounting and auditing manuals to ensure that the waiver standards and waiver process continue to be appropriate and responsive to changing trends in online learning. The superintendent shall solicit and consider input from stakeholders as part of this review.

Sec. 104. (1) In order to receive state aid under this article, a district shall comply with sections 1249, 1278a, 1278b, 1279, 1279g, and 1280b of the revised school code, MCL 380.1249, 380.1278a, 380.1278b, 380.1279, 380.1279g, and 380.1280b, and 1970 PA 38, MCL 388.1081 to 388.1086. (2) The results of each test administered as part of the Michigan educational assessment program, including tests administered to high school students, shall include an item analysis that lists all items that are counted for individual pupil scores and the percentage of pupils choosing each possible response.

(3) All federal funds allocated under this section shall be distributed in accordance with federal law and with flexibility provisions outlined in Public Law 107-116, and in the education flexibility partnership act of 1999, Public Law 106-25.

(4) Notwithstanding section 17b, payments on behalf of districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(5) From the allocation in subsection (1), there is allocated an amount not to exceed \$8,500,000.00 for the following purposes:

(a) Converting existing student assessments to online assessments.

(b) Providing paper and pencil test versions to districts not prepared to implement online assessments.

(c) Expanding writing assessments to additional grade levels.

(d) Providing an increased number of constructed response test questions so that pupils can demonstrate higher-order skills such as problem solving and communicating reasoning.

(6) From the allocation in subsection (1), there is allocated an amount not to exceed \$3,200,000.00 for the development or selection of an online reporting tool to provide student-level assessment data in a secure environment to educators, parents, and pupils immediately after assessments are scored. The department and the center shall ensure that any data collected by the online reporting tool do not provide individually identifiable student data to the federal government.

(7) From the allocation in subsection (1), there is allocated an amount not to exceed \$3,000,000.00 for the purpose of implementing a summative assessment system pursuant to section 104c.

(8) As used in this section:

(a) "DED" means the United States department of education.

(b) "DED-OESE" means the DED office of elementary and secondary education.

(c) "DED-OSERS" means the DED office of special education and rehabilitative services.

Sec. 104b. (1) In order to receive state aid under this article, a district shall comply with this section and shall administer the Michigan merit examination to pupils in grade 11, and to pupils in grade 12 who did not take the complete Michigan merit examination in grade 11, as provided in this section.

(2) For the purposes of this section, the department of technology, management, and budget shall contract with 1 or more providers to develop, supply, and score the Michigan merit examination. The Michigan merit examination shall consist of all of the following:

(a) Assessment instruments that measure English language arts, mathematics, reading, and science and are used by colleges and universities in this state for entrance or placement purposes. This shall include 1 or more writing components.

(b) One or more tests from 1 or more test developers that assess a pupil's ability to apply at least reading and mathematics skills in a manner that is intended to allow employers to use the results in making employment decisions. The department of technology, management, and budget and the superintendent shall ensure that any test or tests selected under this subdivision have all the components necessary to allow a pupil to be eligible to receive the results of a nationally recognized evaluation of workforce readiness if the pupil's test performance is adequate.

(c) A social studies component.

(d) Any other component that is necessary to obtain the approval of the United States department of education to use the Michigan merit examination for the purposes of the no child left behind act of 2001, Public Law 107-110.

(3) In addition to all other requirements of this section, all of the following apply to the Michigan merit examination:

(a) The department of technology, management, and budget and the superintendent shall ensure that any contractor used for scoring the Michigan merit examination supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The department of technology, management, and budget and the superintendent shall ensure that any contractor used for scoring, developing, or processing the Michigan merit examination meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the software engineering institute of Carnegie Mellon university for the first year the Michigan merit examination is offered to all grade 11 pupils and at least meeting level 3 of the capability maturity model for subsequent years.

(c) The department of technology, management, and budget and the superintendent shall ensure that any contract for scoring, administering, or developing the Michigan merit examination includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent shall ensure that the Michigan merit examination meets all of the following:

(i) Is designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Complies with requirements of the no child left behind act of 2001, Public Law 107-110.

(iii) Is consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American psychological association.

(iv) Is factually accurate. If the superintendent determines that a question is not factually accurate and should be excluded from scoring, the state board and the superintendent shall ensure that the question is excluded from scoring.

(4) A district shall include on each pupil's high school transcript all of the following:

(a) For each high school graduate who has completed the Michigan merit examination under this section, the pupil's scaled score on each subject area component of the Michigan merit examination.

(b) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(5) The superintendent shall work with the provider or providers of the Michigan merit examination to produce Michigan merit examination subject area scores for each pupil participating in the Michigan merit examination, including scaling and merging of test items for the different subject area components. The superintendent shall design and distribute to districts, intermediate districts, and nonpublic schools a simple and concise document that describes the scoring for each subject area and indicates the scaled score ranges for each subject area.

(6) The Michigan merit examination shall be administered in each district during the last 12 weeks of the district's school year. The superintendent shall ensure that the Michigan merit examination is scored and the scores are returned to pupils, their parents or legal guardians, and districts not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate at least the pupil's scaled score for each subject area component and the range of scaled scores for each subject area. In reporting the scores to pupils, parents, and schools, the superintendent shall provide standards-specific, meaningful, and timely feedback on the pupil's performance on the Michigan merit examination.

(7) A district shall administer the complete Michigan merit examination to a pupil only once and shall not administer the complete Michigan merit examination to the same pupil more than once. If a pupil does not take the complete Michigan merit examination in grade 11, the district shall administer the complete Michigan merit examination to the pupil in grade 12. If a pupil chooses to retake the college entrance examination component of the Michigan merit examination, as described in subsection (2)(a), the pupil may do so through the provider of the college entrance examination component and the cost of the retake is the responsibility of the pupil unless all of the following are met:

(a) The pupil has taken the complete Michigan merit examination.

(b) The pupil did not qualify for a Michigan promise grant under section 6 of the Michigan promise grant act, 2006 PA 479, MCL 390.1626, based on the pupil's performance on the complete Michigan merit examination.

(c) The pupil meets the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769i.

(d) The pupil has applied to the provider of the college entrance examination component for a scholarship or fee waiver to cover the cost of the retake and that application has been denied.

(e) After taking the complete Michigan merit examination, the pupil has not already received a free retake of the college entrance examination component paid for either by this state or through a scholarship or fee waiver by the provider.

(8) The superintendent shall ensure that the length of the Michigan merit examination and the combined total time necessary to administer all of the components of the Michigan merit examination are the shortest possible that will still maintain the degree of reliability and validity of the Michigan merit examination results determined necessary by the superintendent. The superintendent shall ensure that the maximum total combined length of time that schools are required to set aside for pupils to answer all test questions on the Michigan merit examination does not exceed 8 hours if the superintendent determines that sufficient alignment to applicable Michigan merit curriculum content standards can be achieved within that time limit.

(9) A district shall provide accommodations to a pupil with disabilities for the Michigan merit examination, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes. The provider or providers of the Michigan merit examination and the superintendent shall mutually agree upon the accommodations to be provided under this subsection.

(10) To the greatest extent possible, the Michigan merit examination shall be based on grade level content expectations or course content expectations, as appropriate. Not later than July 1, 2008, the department shall identify specific grade level content expectations to be taught before and after the middle of grade 11, so that teachers will know what content will be covered within the Michigan merit examination.

(11) A child who is a student in a nonpublic school or home school may take the Michigan merit examination under this section. To take the Michigan merit examination, a child who is a student in a home school shall contact the district in which the child resides, and that district shall administer the Michigan merit examination, or the child may take the Michigan merit examination at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent shall direct the provider or providers to supply the Michigan merit examination to the

nonpublic school and the nonpublic school may administer the Michigan merit examination. If a district administers the Michigan merit examination under this subsection to a child who is not enrolled in the district, the scores for that child are not considered for any purpose to be scores of a pupil of the district.

(12) In contracting under subsection (2), the department of management and budget shall consider a contractor that provides electronically-scored essays with the ability to score constructed response feedback in multiple languages and provide ongoing instruction and feedback.

(13) The purpose of the Michigan merit examination is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards and promotes pupil participation in higher level mathematics, science, social studies, and English language arts courses. These standards are based upon the expectations of what pupils should learn through high school and are aligned with national standards.

(14) For a pupil enrolled in a middle college program, other than a middle college operated as a shared educational entity or a specialized shared educational entity, if the pupil receives at least 50% of his or her instruction at the high school while in grade 11, the Michigan merit examination shall be administered to the pupil at the high school at which the pupil receives high school instruction, and the department shall include the pupil's scores on the Michigan merit examination in the scores for that high school for all purposes for which a school's or district's results are reported. The department shall allow the middle college program to use a 5-year graduation rate for determining adequate yearly progress. As used in this subsection, "middle college" means a program consisting of a series of courses and other requirements and conditions, including an early college or other program created under a memorandum of understanding, that allows a pupil to graduate from high school with both a high school diploma and a certificate or degree from a community college or state public university.

(15) As used in this section:

(a) "English language arts" means reading and writing.

(b) "Social studies" means United States history, world history, world geography, economics, and American government.

Sec. 104c. (1) In order to receive state aid under this article, a district shall administer the state assessments described in this section.

(2) For the purposes of this section, the department shall develop for use in the spring of 2014-2015 new Michigan education assessment program (MEAP) assessments in English language arts and mathematics. These assessments shall be aligned to state standards.

(3) For the purposes of this section, the department shall implement beginning in the 2015-2016 school year a summative assessment system that is proven to be valid and reliable for administration to pupils as provided under this subsection. The summative assessment system shall meet all of the following requirements:

(a) The summative assessment system shall measure student proficiency on the current state standards, shall measure student growth for consecutive grade levels in which students are assessed in the same subject area in both grade levels, and shall be capable of measuring individual student performance.

(b) The summative assessments for English language arts and mathematics shall be administered to all public school pupils in grades 3 to 10, including those pupils as required by the federal individuals with disabilities education act, Public Law 108-446, and by title I of the federal elementary and secondary education act.

(c) The summative assessments for science shall be administered to all public school pupils in at least grades 4 and 7, including those pupils as required by the federal individuals with disabilities education act, Public Law 108-446, and by title I of the federal elementary and secondary education act.

(d) The summative assessments for social studies shall be administered to all public school pupils in at least grades 5 and 8, including those pupils as required by the federal individuals with disabilities education act, Public Law 108-446, and by title I of the federal elementary and secondary education act.

(e) The content of the summative assessments shall be aligned to state standards.

(f) The pool of questions for the summative assessments shall be subject to a transparent review process for quality, bias, and sensitive issues involving educator review and comment. The department shall post samples from tests or retired tests featuring questions from this pool for review by the public.

(g) The summative assessment system shall ensure that students, parents, and teachers are provided with reports that convey individual student proficiency and growth on the assessment and that convey individual student domain-level performance in each subject area, including representative questions, and individual student performance in meeting state standards.

(h) The summative assessment system shall be capable of providing, and the department shall ensure that students, parents, teachers, administrators, and community members are provided with, reports that convey aggregate student proficiency and growth data by teacher, grade, school, and district.

(i) The summative assessment system shall ensure the capability of reporting the available data to support educator evaluations.

(j) The summative assessment system shall ensure that the reports provided to districts containing individual student data are available within 60 days after completion of the assessments.

(k) The assessments shall be capable of being implemented statewide in a fully operational manner no later than the 2015-2016 school year.

(l) The summative assessment system shall ensure that access to individually identifiable student data meets all of the following:

(i) Is in compliance with 20 USC 1232g, commonly referred to as the family educational rights and privacy act of 1974.

(ii) Except as may be provided for in an agreement with a vendor to provide assessment services, as necessary to support educator evaluations pursuant to subdivision (i), or for research or program evaluation purposes, is available only to the student; to the student's parent or legal guardian; and to a school administrator or teacher, to the extent that he or she has a legitimate educational interest.

(m) The summative assessment system shall ensure that the assessments are pilot tested before statewide implementation.

(n) The summative assessment system shall ensure that assessments are designed so that the maximum total combined length of time that schools are required to set aside for a pupil to answer all test questions on all assessments that are part of the system for the pupil's grade level does not exceed that maximum total combined length of time for the previous statewide assessment system or 9 hours, whichever is less. This subdivision does not limit the amount of time a district may allow a pupil to complete a test.

(o) The total cost of executing the summative assessment system statewide each year, including, but not limited to, the cost of contracts for administration, scoring, and reporting, shall not exceed an amount equal to 2 times the cost of executing the previous statewide assessment after adjustment for inflation.

(4) To begin the process required under subsection (3), not later than September 1, 2014, the department shall issue a request for proposals for the summative assessment system described in that subsection.

(5) This section does not prohibit districts from adopting interim assessments.

(6) The department shall seek a waiver or amendment to an existing waiver for federal approval of the assessment framework under this section and shall notify the United States department of education about the provisions of this section and take necessary steps to assure the United States department of education that this state is on track to develop and implement a summative assessment system as required by federal law.

(7) As used in this section, "English language arts" means that term as defined in section 104b.

All local processes, criteria, and provider determinations must be approved by the department before funds may be distributed to the fiscal agent.

(d) Report adult education program and participant data and information as prescribed by the department.

(7) Except as provided in subsection (4), the department of treasury shall not award more than \$3,200,000.00 in tuition grants to eligible students enrolled in the same independent nonprofit college or university in this state.
