

# Support a new generation of women at Michigan Tech

## Pioneering Women in Business Scholarships

### Legacy

The Pioneering Women in Business Scholarship is an opportunity to support women studying in the School of Business and Economics at Michigan Technological University through general and named scholarships in recognition of women leaders.

The program was founded in 2014 through a partnership with President Glenn Mroz, Gene Klippel, dean emeritus of the School of Business and Economics, and through the generosity of alumni Joyce '72 and David Lyth '73. There are 11 female students being supported through the Pioneering Women in Business program.

### Impact

Recipients of the Pioneering Women in Business Scholarships are leaders in and out of the classroom who embrace hard work and embody strong ethics. Students focus on academics, gain confidence and skills in business, and receive support and mentoring from successful SBE alumnae.

### Future

Michigan Tech Office of Advancement seeks funding to grow and sustain this scholarship. Partner with us to cultivate the next generation of bright, motivated female business leaders. To create opportunities for women at Michigan Tech, call **906-487-3325** or visit [mtu.edu/giving](http://mtu.edu/giving).

## Invest in Pioneering Women

*"My guidance counselor at Calumet High School helped connect me with the Pioneering Women in Business Scholarship. This opportunity allowed me to focus on school while working part-time at a bank. It's opened a lot of doors for me."*

**-ALINA HARMALA**
