STATEMENT

Senior Finance student planning on pursuing a CFA certification after completing undergrad. Currently looking for an Job opportunity that has the potential to turn into a career after graduation

EXPERIENCE

Financial Internship

July 2023 - Current

LPL Financial under the Cook and Associates branch | Troy, MI

- Spearheaded the transition from a paper-based documentation system to a hybrid physical-virtual system, resulting in significantly improved real-time information transfer while upholding client trust and confidence.
- Contributed to meetings with private and institutional clients alike, to evaluate and adjust their portfolios
- Gathered a greater understanding on the inner workings of a small money management firm

Applications Engineering Internship

June 2021 - August 2022

EZMetrology | Commerce Twp, MI

- Spent two summers with EZMetrology learning the mechanics of the company and the industry, rising through the ranks to eventually become a lead product tester.
- Met with plant managers from Tesla, Ford and GM
- Headed with creating detailed manuals, product specification sheets, marketing presentations and video demos
- Researched the capabilities and application limits of proprietary image sensors in the field of metrology

Front of House Server

June 2021 - August 2024

Union Woodshop | Clarkston, MI

- Worked as a waiter for three summers at a FoodNetwork's Top Restaurants in Michigan
- Maintained excellent customer service with a tip average of 25%
- Created an accessible excel sheet for co-workers to help them better manage their finances and savings

Hall President

August 2020 - April 2021

Douglass Houghton Hall, Michigan Tech | Houghton, MI

- Recruited, organized and led a group of 25 students in hall events and outreaches.
- Made lasting and impactful connections to peers and facilities while doing outreaches which greatly improved the success of hall events.

Statistical Internship

Summer 2020

Magna Powertrain Division | Troy, MI

- Worked on developing a more efficient transfer of power in a kiss point clutch through data automation.
- Met and spoke with high-ranking managers, division leads, and executives to further develop networking skills
