Co-Curricular Course Requirement (3 credits total)

Co-curricular courses count for financial aid and full-time student status; however they are not included in GPA calculations or in the 131 credits total required for graduation.

Co-curricular courses may only be used once for this requirement, except PE 0210 which may be used twice.

Free Elective Requirement (3 credits total)

MA 1032 _____ 4 cr

Free electives are any class, 1000-level or higher that are not co-curricular courses. They may be taken pass/fail, unless the course is being used for a minor.

OPTIONAL - Minor (6 credits not double counting)

Each minor must include at least 6 credits of 3000-level or higher courses that are not counting elsewhere for your degree (required courses, technical electives, HASS courses, etc.), EXCEPT these credits can count toward your free elective requirement.
