2016 Diversity Initiatives and/or Goals

- Students
 - Develop articulation agreements with community colleges that have diverse student profiles.
 - Develop career information materials appropriate for first-generation and minority students.
 - Establish partnerships with advisors and recruiting staff at targeted high schools and community colleges.
 - Use student and faculty focus groups to gain a better understand of our efforts to offer a welcoming and inclusive environment in the School of Technology.
- Staff
 - Continue to promote diversity awareness and understanding. Require all staff to attend at least one diversity workshop or seminar each year, as available.
- Faculty
 - Build an effective network for identifying potential minority and female faculty candidates.
- Faculty and Staff
 - Promote understanding of gender issues by providing an opportunity for all faculty and staff members to participate as a group in the Safe Place training offered by the Center for Diversity and Inclusion.
