

Undergraduate Admissions

We're ready. Are you?

Are you Husky smart?

What is Husky smart? It's the ability to figure out what tomorrow needs, and the brainpower and tenacity to formulate solutions. It's a willingness to get your hands dirty and your feet wet. To spend long hours in the field and in the lab, and to know when it's time to blow off steam on the ski hill, bike trails, or esports. Husky smart is both leadership and teamwork. It's geeking out over new discoveries and processes most people will never understand. It's staying up late to photograph the northern lights and getting up early to work on your Enterprise Team project before class. Husky smart is calculating exactly how many two-foot tall snowmen you can build on Sherman football field in February or 3D printing your own skateboard. It's cardboard boat races on the Keweenaw Waterway, and satellite launches at Cape Canaveral. Husky smart is landing co-ops, internships, and the job of your dreams because you've done the work. You know what you want and you know what tomorrow needs. If you're Husky smart, we'd love to meet you.

Ride Along: Paddleboarding

Ride Along: Music

Top 20 in the nation with a median early career pay of \$64,740

Michigan Tech grads have a 93% five-year placement rate

18th in the nation for return on investment

One of the largest Career Fairs in the country with 415 companies recruiting on campus

More than 150 locations to study abroad for a semester, summer, or year

110,000 hours of undergraduate research paid each year

Why Michigan Tech?

A degree from Michigan Tech pays you back—for real.

When it comes to paying for college, you have to look at the big picture. A degree from Michigan Tech makes a difference in the lives of graduates. College is about finding what you love and what you're really good at, so you can have the job and the life you want. And at Tech, we're good at turning your years of discovery into the career of a lifetime, while keeping it affordable. Our financial aid experts make a Michigan Tech education possible for **thousands of Huskies**. We can do that for you, too.

110,000 hours of undergraduate research paid each year

Why Michigan Tech?

A degree from Michigan Tech pays you back—for real.

When it comes to paying for college, you have to look at the big picture. A degree from Michigan Tech makes a difference in the lives of graduates. College is about finding what you love and what you're really good at, so you can have the job and the life you want. And at Tech, we're good at turning your years of discovery into the career of a lifetime, while keeping it affordable. Our financial aid experts make a Michigan Tech education possible for thousands of Huskies. We can do that for you, too.

Are you Husky smart?

What is Husky smart? It's the ability to figure out what tomorrow needs, and the brainpower and tenacity to formulate solutions. It's a willingness to get your hands dirty and your feet wet. To spend long hours in the field and in the lab, and to know when it's time to blow off steam on the ski hill, bike trails, or esports. Husky smart is both leadership and teamwork. It's geeking out over new discoveries and processes most people will never understand. It's staying up late to photograph the northern lights and getting up early to work on your Enterprise Team project before class. Husky smart is calculating exactly how many two-foot tall snowmen you can build on Sherman football field in February or 3D printing your own skateboard. It's cardboard boat races on the Keweenaw Waterway, and satellite launches at Cape Canaveral. Husky smart is landing co-ops, internships, and the job of your dreams because you've done the work. You know what you want and you know what tomorrow needs. If you're Husky smart, we'd love to meet you.

College is about finding what you love and what you're really good at, so you can have the job and the life you want. And at Tech, we're good at turning your years of discovery into the career of a lifetime, while keeping it affordable. Our financial aid experts make a Michigan Tech education possible for **thousands of Huskies**. We can do that for you, too.

Are you Husky smart?

What is Husky smart? It's the ability to figure out what tomorrow needs, and the brainpower and tenacity to formulate solutions. It's a willingness to get your hands dirty and your feet wet. To spend long hours in the field and in the lab, and to know when it's time to blow off steam on the ski hill, bike trails, or esports. Husky smart is both leadership and teamwork. It's geeking out over new discoveries and processes most people will never understand. It's staying up late to photograph the northern lights and getting up early to work on your Enterprise Team project before class. Husky smart is calculating exactly how many two-foot tall snowmen you can build on Sherman football field in February or 3D printing your own skateboard. It's cardboard boat races on the Keweenaw Waterway, and satellite launches at Cape Canaveral. Husky smart is landing co-ops, internships, and the job of your dreams because you've done the work. You know what you want and you know what tomorrow needs. If you're Husky smart, we'd love to meet you.

What are Huskies saying about Tech?

Meet Emma

Ride Along: Paddleboarding

Ride Along: Music

Top 20 in the nation with a median early career pay of \$64,740.

Michigan Tech grads have a 93% five-year placement rate

18th in the nation for return on investment

One of the largest Career Fairs in the country with 415 companies recruiting on campus

More than 150 locations to study abroad for a semester, summer, or year

110,000 hours of undergraduate research paid each year

Why Michigan Tech?

A degree from Michigan Tech pays you back—for real.

When it comes to paying for college, you have to look at the big picture. A degree from Michigan Tech makes a difference in the lives of graduates. College is about finding what you love and what you're really good at, so you can have the job and the life you want. And at Tech, we're good at turning your years of discovery into the career of a lifetime, while keeping it affordable. Our financial aid experts make a Michigan Tech education possible for thousands of Huskies. We can do that for you, too.
