Bachelor of Science in Electrical Engineering
Electric Power Engineering Concentration

2022-2023

Sem. 1 - Fall
- MA1160/61 (4/5) Calculus I
- EN1101(3) Eng  Analysis
- CH1150/51 (4) Univ Chem I
- MA1160(c) Calculus II
- EN1102(3) Model & DESIGN
- PH1100 (1) Phys I Lab
- EN1145/15 (4) Spatial Visualization Test

Optional: Enterprise participation
- ENT1960(1)

Sem. 2 - Spring
- MA2160 (4) Calculus II
- ENG1102 (3) Model & DESIGN
- PH1100 (1) Phys I Lab
- CH1153 (1) Chem 1 Recitation
- MA2160 Calculus II
- CS1111 (3) Intro C/C++ Programming
- PH1000 (1) Phys II Lab
- MA2160 Calculus II

Sem. 3 - Fall
- MA2321(2) Accelerated Linear Alg Track A
- *MA3521(2) Accel. Diff. Eq.
- EE2111 (3) Electric Circuits I
- *EE3120 (3) Elect. Energy Systems
- EE2112 (4) Electric Circuits II & Lab
- PH2200 (3) Phys II Lab
- MA2160 Calculus II
- CS1111 (3) Intro C/C++ Programming

Sem. 4 - Spring
- MA3160 (4) Multi-Variable Calculus
- *EE3120 (3) Elect. Energy Systems
- EE21174(4) Digital Logic & Lab
- PH2200 (3) Phys II Lab
- MA3160 Calculus II

Sem. 5 - Fall
- EE3131 (4) Electronics and Lab
- EE3901 (2) Design Fund.
- EE3901 (2) Design Fund.
- EE3171 (4) Microcontroller Appls and Lab
- EE3901 (2) Design Fund.
- EE3901 (2) Design Fund.

Sem. 6 - Spring
- MA2321/20 MA3521/20
- EE3160 (3) Signals & Systems
- EE3180 (3) Intro. Prob. & Random Sig. Anal.
- EE3180 (3) Intro. Prob. & Random Sig. Anal.
- EE3180 (3) Intro. Prob. & Random Sig. Anal.
- EE3180 (3) Intro. Prob. & Random Sig. Anal.

Sem. 7 - Fall
- ENT3950(1)
- ENT3960(1)
- ENT4950(2)
- ENT4960(2)
- ENT4950(2)
- ENT4960(2)

Sem. 8 - Spring
- MA2320, delay MA3520 & EE2112
- *EE3120 (3) Elect. Energy Systems
- EE3180 (3) Intro. Prob. & Random Sig. Anal.
- EE3180 (3) Intro. Prob. & Random Sig. Anal.
- EE3180 (3) Intro. Prob. & Random Sig. Anal.
- EE3180 (3) Intro. Prob. & Random Sig. Anal.

Choose from SELECT course list in your degree audit

Choose at least 6 credits of 3000-4999 HASS

1) 2) 3) 4) 5) 6) See notes on reverse side.

Undergraduate advisor:
EERC 131  Judy Burl  jmburl@mtu.edu

Study Abroad info:
https://www.mtu.edu/student-affairs/study-away-and-abroad-experiences/

Attend Career Events early on:
Semester 5 or 6 is good to co-op.
https://www.mtu.edu/career/students/

Total 128

plus 3 units co-curricular activities
Choose correct courses each semester. Run and review your Degree Audit Report each time you add, drop or switch courses and before each semester begins. Lists of electives and required courses are included in your online degree audit report. It is your responsibility to choose correct courses to complete degree requirements.

1) Choose one course from each list for General Education requirements: ALWAYS check for allowable course choices in your degree audit after registration adds and changes!

- **12 cr/ Gen Ed Core**: UN1015, UN1025, one Critical & Creative Thinking course, and one Social responsibility & Ethical Reasoning course. UN 1025 may be substituted with an upper-level language course.

- **12 cr/ Gen Ed HASS lists**: at least 6 credits must be upper-level 3000-4999. UN1015 and UN1025 (or upper-level language course) must be complete before taking upper-level HASS courses. Choose one course from each HASS list. View list of allowed courses in the degree audit and on the Registrar’s Office General Education webpage.

  - **HASS Composition/Communication**: (HU)
  - **HASS Social and Behavioral Science**: (EC/PSY/SS)
  - **HASS Humanities and Fine Arts**: (ART/HU/MUS/SND/THEA)
  - **HASS any list**: Choose one course from any list above or from the HASS Restricted list. Upper level if needed (3000+)

- **Co-curricular activities**: Choose 3 units of co-curricular activities (listed on Registrar’s General Education webpage). ½ or 1 credit courses are available.

2) SELECT Approved Elective (Industry advised) - choose one course: BE2400, BL2010, CS1142, CEE3501, CEE3502, EC3400, EE3373 (or EET3373), ENG2120, ENG3200, ENG4515, MEEM2110, MEEM2150, MEEM2201, MEEM2700, MEEM3201, MSE2100, MSE4292/PH4292, PH2300, PH2400, PH3300

(S ELECT approved elective is not required for biomedical or environmental applications concentrations)

3) Remaining Approved Electives: refer to your degree audit report with the engineering design path for list of valid courses. Examples: Engineering, Math, CS, Physics, Chem. Pass/fail courses do not count.

4) **EE Electives**: 21 credits (varies w/ concentration) of EE lecture/lab coursework. Excluding research, pass/fail, project, co-op, or independent study credits. The purpose is to add skills and knowledge in new ECE topics, or more in-depth knowledge in an ECE area of specialization or “Focus Area(s)”. Preview course prerequisites and semester offerings for courses you are interested in. Check online Course Descriptions and the Schedule of Classes for the most up-to-date course information and semester offerings.

5) **Engineering Design Requirements**: 4 – 6 credits. Choose one option.

   - **Option 1**: “Senior Design”, 4 credits, is the year-long company sponsored project team. EE4901(2) and EE4910(2) (or BE4901/BE4910) taken in fall-spring, or MEEM4901(2) and MEEM4911(2) taken in spring-fall or fall-spring. May use EPS-European Project Semester for Design Option 1, which includes EE3901 credit.

   - **Option 2**: “Enterprise” – 6 credits, 4 semesters of project work beginning at the point in time when you have 4 semesters left on campus: ENT3950(1), ENT3960(1), ENT4950(2) and ENT4960(2). The enterprise option may reduce the “Approved Electives” area by 2 credits.

6) **Free Elective**: A good use could be: CH1153, ENT module/courses, co-op, Enterprise 2000-level project work, or excess transfer credits. Cannot use co-curricular activities.

**Concentration Electives**: See your Degree Audit Report (u.Achieve) for the list(s) of valid electives with a concentration, or see the Degree Services .pdf audit for the BSEE with the concentration(s) you are interested in: http://www.mtu.edu/registrar/students/major-degree/audit/engineering/ A concentration is not required.

✓ **GRADUATION**: Apply for graduation one semester before your last. Register in the last semester’s courses, review your degree audit, then meet with the advisor to review your last set of scheduled courses before your last semester begins.
