# What can I do to best prepare myself to succeed in the electrical or computer engineering program at Michigan Tech?

---

Success in your freshmen and sophomore core classes is critical to your continued success in the ECE engineering courses.

*If you receive a CD or D in any of the computer science, math, physics, or EE classes listed above, we strongly encourage you to retake the class BEFORE continuing on in the next class in the sequence. Math skills are significant keys to success in future ECE core classes (EExxxx).*

---

## ***Information on Retaking Classes***

You may retake a class in which you receive a CD, D, or F (no more than 3 attempts per class).

A repeated course grade always replaces the prior grade. If you retake a class and receive a higher grade, this will improve your cumulative GPA. However, you could retake a class and get a lower grade. For example if you have a D (a passing grade) and retake a course and earn an F (a failing grade), you now have a failing grade in the course and would have to take the class a third time.

You may take a class up to three times. You must receive permission from the Dean of Students Office and your academic advisor to register for a class the third and final attempt. If the class that you are retaking is a required for your program, and you do not pass the class during the third attempt then you may no longer continue in the program. A 'W' (withdraw) grade does not count as an attempt.

Below is the link to the Registrar's Office policy on retaking classes.

## Humanities, Arts, and Social Sciences (HASS): 12 credits required

Students must take a minimum of 12 credits in HASS following these requirements:

- 6 credits must be upper level (3000-4999) courses
- 3 credits are required from each of the following lists:
  - Communication and Composition
  - Humanities and Fine Arts (HU/FA)
  - Social and Behavioral Sciences (EC/PSY/SS)
- No more than 3 credits from the Restricted HASS list may be counted toward the HASS requirement
- Some courses are on more than one HASS list, on a HASS list and a Core list, or on the HASS list and the STEM list, but each course can satisfy only one requirement

## Cocurricular Courses 2017-2018 Academic Year

Three co-curricular units are required for graduation. A unit involves the same time commitment as an academic semester credit but is not included in calculation of the GPA, nor in the overall degree-credit requirement. Repeatable courses may not be repeated for co-curricular general education credit.

As part of the co-curriculum, titles of courses successfully completed will appear on the student's transcript with a pass/fail grade. These hours will be included as "earned hours" but will not be included in "GPA hours."

Enrollment in a co-curricular activity will count toward satisfactory progress for financial aid purposes and toward status as a full-time student.
