University

Goals for This Year

Goals for This Year

Communication – What do we expect?

Volume – All Research Rooms – 583 Research Spaces!

Continuous Improvement

How are we doing?

Documentation

It's not perfect...yet!

Organization

SOP's and Training Documents in multiple forms

Scheduling/Rescheduling

Our knowledge/New hazards

Michigan
Technological
University

Next Steps

What's Next?

**New Emergency
Response
Poster**

Early Next
Year – tentative
timeline

**Enhanced
Follow Up**

Next Year

**Continuing
Education**

OSHA
Certifications –
6 months

Michigan
Technological
University

Future Goals – Long Term

Longer Term Goals

- SDS System Upgrade
 - Revamp or new system
- Chemical Inventory Checks
- Awards for clean labs
 - We have to reward the good too!

Michigan
Technological
University

How You Can Help

Common Issues We See – Low Hanging Fruit

Blocked
Sprinkler Heads

Housekeeping

Chemical
Labeling/Storage

Feedback

What we've heard so far:

Students seem very appreciative
Mostly good feedback from faculty
Some confusion on pre-inspection forms
Never inspected our lab before

What are your thoughts?

Is it going well?

How can we do better? Let's chat

Summary

Culture Shift

Action is happening
Word is spreading
Campus is getting safer

Long way to go

Systems need upgrading
Takes time to complete the shift
Always learning

We appreciate all your help!
