Employees and students who have received all recommended doses of the COVID-19 vaccine at least two weeks prior should follow the following protocols:

- If you come into close contact with a person known or suspected to have COVID-19, and you do not have symptoms of COVID-19, you do not need to quarantine and you may come to campus, unless advised otherwise by your health care provider or the Western Upper Peninsula Health Department.
- At any time, if you experience symptoms of COVID-19, you need to remain away from campus until you are fever-free for 24 hours without the use of fever-reducing medication and any other symptoms are improving.

**DAILY SYMPTOM MONITORING FORM**

**Question 1**

I have **no symptoms** on the list

I have **symptoms** that I know are not caused by COVID-19

I have symptoms on the list and either don’t know what is causing them or suspect I may have COVID-19

Mark “None of the Above”

Mark all symptoms that apply to you

**Question 2**

I have **not been** in close contact with someone I know or suspect to be infected with COVID-19 in the last 14 days

I have **been** in close contact with someone I know or suspect to be infected with COVID-19 in the last 14 days

I have **not been** in close contact with someone I know or suspect to be infected with COVID-19 in the last 14 days

I have **been** in close contact with someone I know or suspect to be infected with COVID-19 in the last 14 days

Mark “No”

Mark “Yes”

Mark “No”

Mark “Yes”

You will be required to quarantine for up to 14 days from the date of your last close contact, in accordance with current guidance from the WUPHD and CDC.

You may return to campus when permitted by CDC guidelines. Those guidelines are:

- 24 hours with no fever;
- and
- Other symptoms of COVID-19 (if any) are improving;
- and
- 10 days since symptoms first appeared

The soonest you may return to campus is 10 days.

If you answered yes to question two, you must quarantine for up to 14 days.

Thank you.
You are welcome to come to campus.

Your test is positive

You may return to campus when permitted by the health department and your medical provider. They will generally follow CDC guidelines.

Soonest you may return:
10 days.

If you answered yes to question two, you must quarantine for up to 14 days.

Your test is negative

Please do not come to campus while sick. You may return to campus when you are fever free without fever reducing medication for 72 hours, your other symptoms are improving, you are feeling well enough to come to campus, and you have consulted with your medical provider.

The soonest you may return to campus is the next day, if no fever was ever present.

If you answered yes to question two, you must quarantine for up to 14 days.

You choose not to have a COVID-19 test

You may return to campus when permitted by CDC guidelines.

The soonest you may return to campus is 10 days.
