Forestry Internships—Summer 2020

The Minnesota DNR Division of Forestry will hire 20-30 forestry interns for the 2020 summer season. We’re looking for forestry students who want to hone their field skills, gain real-world work experience, and contribute to our vision: protecting and managing our forest for the benefit of the people of Minnesota.

Our interns do a wide range of work including forest inventory, regeneration and ecological classification surveys, and timber sale marking and appraisal.

Our internships pay $15/hour. Interns can start between April 1st and June 8th and work up to 40 hours a week for a total of 400 hours. An extended season may be available upon request. Unpaid time off is allowed if requested and approved in advance. Housing is not provided but local foresters are happy to help students find inexpensive summer housing options. About half of the interns will be stationed at one of our field offices while the other half will spend the majority of their time travelling the state collecting field data.

While in travel status a vehicle is provided and the cost of food and lodging is covered.

To be Eligible You Must:

- Be a college student
- Receive academic credit or fulfill an academic requirement for interning
- Be majoring in forestry, natural resources with an emphasis in forestry, or similar area of study focusing on forest management
- Be willing and able to work in adverse weather conditions
- Have strong organizational and interpersonal skills
- Be able to identify trees and forest plants of Minnesota
- Have navigation skills sufficient to complete field work on your own
- Know how to use standard forestry tools (i.e. compass, prism, clinometer)
- Have an unrestricted driver’s license

Application Details:

- Applications must be submitted on our careers website at [https://mn.gov/mmb/careers/](https://mn.gov/mmb/careers/).
- This job will be posted and open for application from January 2nd until February 7th.
