Position: Plant Protection Technician, GS-0421-05 ($16.27 per hour)

Location: Madison, Wisconsin (other locations may also be considered)
Frequent in-state travel will be required.

Work Schedule: This position is seasonal and temporary – limited to 1,039 hours maximum annually, about 40 hours per week, April through September.

Benefits: Annual leave and sick leave accrual during full-time employment only. This position is seasonal and temporary.

Starting Date: Tentatively April 2020.

Agency Background: This is a federal civilian position. USDA-APHIS Plant Protection and Quarantine (PPQ) safeguards agriculture and natural resources from the entry, establishment, or spread of plant pests and noxious weeds. Fulfillment of this safeguarding role ensures an abundant, high-quality, and varied food supply, strengthens the marketability of U.S. agriculture in domestic and international commerce, and contributes to the preservation of the global environment. For more information visit: www.aphis.usda.gov.

Job Description: The temporary, seasonal technician will work with PPQ and Wisconsin Department of Natural Resources (DNR) employees to survey new emerald ash borer (EAB) biocontrol sites, establish parasitoids, and assess and maintain new and existing field locations. The technician will implement all aspects of the EAB field biocontrol program. This includes release site scouting, coordinating biocontrol agent delivery/shipments, conducting field releases and recovery survey activities, and providing outreach to cooperators and the general public. Area of coverage will be the entire state; current release sites include about a dozen in the southern & central thirds, and we expect to establish another half-dozen in the northern third. This position will also help to staff outreach booths at several public and industry trade shows each year.

Applicant Requirements: Applicants must be U.S. citizens at least 18 years of age (documentation required).

Educational Requirements: At least two years of college-level field work and/or experience in forestry, entomology, biology, horticulture (or other natural resource related fields) is preferred.

Knowledge & Skills: The successful candidate will have:
- Strong knowledge of the principles of biological science, especially field ecology, forest pests, and biocontrol practices
- Working knowledge of native and invasive plants and insect field identification
- Working knowledge of standard Microsoft Office Suite applications
- Excellent verbal and written communication skills
- Excellent record keeping skills (both paper and digital)

Equal Employment Opportunity Policy
The United States Government does not discriminate in employment on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, political affiliation, sexual orientation, marital status, disability, genetic information, age, membership in an employee organization, retaliation, parental status, military service, or other non-merit factor.

Reasonable Accommodation Policy
Federal agencies must provide reasonable accommodation to applicants with disabilities where appropriate. Applicants requiring reasonable accommodation for any part of the application and hiring process should contact the hiring agency directly. Determinations on requests for reasonable accommodation will be made on a case-by-case basis.
A reasonable accommodation is any change to a job, the work environment, or the way things are usually done that enables an individual with a disability to apply for a job, perform job duties or receive equal access to job benefits.
Under the Rehabilitation Act of 1973, federal agencies must provide reasonable accommodations when:
• An applicant with a disability needs an accommodation to have an equal opportunity to apply for a job.
• An employee with a disability needs an accommodation to perform the essential job duties or to gain access to the workplace.
• An employee with a disability needs an accommodation to receive equal access to benefits, such as details, training and office-sponsored events.
