Notes:

1. The description should include the manufacturer, model and tag number of the equipment. Please include the universally recognized Instrument/Laboratory/Services name.

2. The Financial Manager of the use charge index assumes all financial responsibility.

3. Locate the original P.O. for the purchase, which would include the index(s). If necessary, contact the Property Office with the MTU tag number to locate the index number.

4. Use E496 (Use credits) YTD figure from your D98XXX report (FYGOR501B report).

5. The policy states that your annual revenue must exceed \$5,000 to qualify for a use rate. If not, a) you may elect to group Instrument/Laboratory/Services to achieve the \$5,000 threshold. Equipment may be grouped into a single rate if a sample/process passes through each piece of equipment in the group on a regular basis. Or, b) you may direct charge, supplies and technician salary to the users index.

6. How is the Instrument/Laboratory/Services used.

7. In addition to your estimate, please attach examples of use rates at other institutions for the same or similar Instrument/Laboratory/Service.

8. This person will be responsible for maintenance, repair or operation for the Instrument/Lab/Service in order to qualify for inclusion in the use rate. Effort related to other departmental activities may not be included in the rate calculation.

9. A logbook is mandatory if charging for Instrument/Laboratory/Services. Logbook entries are required for the specific Instrument/Laboratory/Service used, the users name, date of use, duration of use, index to be charged.
