Spend a week at Michigan Technological University this summer through the GenCyber teacher program! This is an opportunity for K-12 teachers from the Keweenaw area to enjoy an exciting weeklong exploration in cybersecurity and experience innovative programs at the university level.

**THE GENCYBER TEACHER PROGRAM WILL BE HELD ON MICHIGAN TECH CAMPUS THE WEEK OF AUGUST 12-16, 2019**

**PROGRAM INFORMATION**

The GenCyber camp is a week-long day camp that will focus on increasing teacher/student interest in cyber security by teaching cybersecurity knowledge and safe online behavior. Camp participants will engage in hands-on explorations of the many aspects of security including ethics, networks, phishing, social engineering, and use of the Raspberry Pi system. Camp participants will also develop lesson plans for delivery of cybersecurity content in K-12 curricula.

Camp participants will explore the world of cybersecurity with experts in the field through fun, real-world learning experiences enhanced by close teacher-student interaction. Camp activities include hands-on exercises, interactive lectures, games, career exploration, and campus tours.

This is a commuter-only program offered at no cost to all participants. A typical camp day starts at 9 am and ends at 4:30 pm. Breakfast (7am - 9am) and lunch (12pm - 1pm) will be provided to camp participants at no extra charge.

Funding of the camp is provided jointly by the National Security Agency (NSA) and the National Science Foundation (NSF) through an award received by Michigan Tech. For more information, please visit [https://www.mtu.edu/gencyber](https://www.mtu.edu/gencyber)

**HOW TO APPLY**

The application deadline is 5:00 pm, July 31, 2019. Late applications may be considered but this scholarship will be awarded on a first-come, first-served basis and with consideration for the strength of the application. Due to the limited availability of seats, early registration is strongly recommended. Send your completed application, including the signed application form and the required short responses to questions. To submit, email these items to gencyber@mtu.edu or mail to the contact info at the bottom of this page.

**COST**

All camp activities are offered at no cost to all participants. Participants are responsible for their own transportation to and from campus every day, which may include paying for parking meters or a week-long guest parking permit if driving themselves.

**SELECTION CRITERIA**

Open to K-12 teachers. Prior knowledge of computer and cybersecurity is not required. However, it’s helpful to have a background in math and science and a strong interest in computing and cybersecurity. Women and underrepresented minority groups in STEM are strongly encouraged to apply.

**APPLICATION CHECKLIST**

PLEASE TYPE OR PRINT YOUR SHORT RESPONSES TO THE QUESTIONS BELOW ON A SEPARATE PIECE OF PAPER.
Be sure to put your full name and that you are applying for the Michigan Tech GenCyber Teacher Camp at the top of the page.

1. If you have taken any computer classes, describe what you have learned and what you found interesting.
2. Tell us about the kinds of things you have done with computer inside and/or outside of the classroom.
3. How do you plan to use the knowledge and skills you will gain during this camp?
4. Write a brief statement (150-200 words) discussing why you would like to attend this program.
