

# Accelerated BS/MS in Geophysics

## Coursework-only Option

Minimum of 161 Approved Credits Required for Both Degrees  
(131 BS, 30 MS)

This is a recommended curriculum, and actual completion of the MS degree in 5 years is not guaranteed. It is the student's responsibility to meet with their advisor on a regular basis to monitor satisfactory progress towards both BS and MS degrees. Students who vary from this schedule might experience time conflicts with required courses. All GE 3000 level and above can be double counted, all others must be approved by advisor. BS EAG flowchart shown for reference only. Advisor approval required for MS coursework credits.
