

Students will submit a complete application to their graduate program director.

Each graduate program may select one doctoral student to submit to the Graduate School. Please email applications to gradschool@mtu.edu as a single PDF file by February 16, 2022 at 4pm.

Eligibility Criteria.

To be eligible for consideration you must be:

1. A graduate student in the field supported by the DeVlieg Foundation:
 - a. Ecosystem science
 - b. Engineering
2. A US citizen or permanent resident.
3. Enrolled in a PhD program
4. Nominated by your graduate program.

Provide information about you and your program.

Last Name (Family Name)

First Name (or FNU)

Middle Name or Initial (opt)

Michigan Tech E-mail

M Number (ex: M12345678)

Select graduate program

My project is in the area of: Engineering
 (Select only one) Ecosystem Wildlife

Advisor's Name

Co-advisor's Name (if applicable)

Submit to graduate program.

Submit a complete application to your graduate program director. A complete application includes:

1. This complete form.
2. A curriculum vita.
3. A one-page description of proposed project to be completed during the funding period. Please write so that a broad panel of researchers from across campus can understand the impact and significance of the research.
4. A letter of support from the advisor describing the merit of the candidate.
