

R/V Agassiz Float Plan (Page 1 of 3)

Note: Download this form, save it to your computer, fill it out, save again and then email it as an attachment to floatplan-1@mtu.edu. Bring a paper copy with you when you board.

It is the responsibility of the Chief Scientist to file the float plan. The Agassiz Captain will close the float plan for each date of use. Telephone Michigan Tech's Department of Public Safety and Police Services at 487-2216 to close the float plan, indicating safe conclusion of the cruise. Modifications to the float plan, with respect to emergency notification, can be made while underway by contacting Public Safety at 487-2216. If Public Safety cannot be reached to file modifications, it is recommended that the US Coast Guard be notified of changes in anticipated arrival time by marine radio.

1. Trip Expectations

Date of Trip:

	Original	Modification
a. Leave from (docking location)		
b. Leave at (time)		
c. Destination
