

Tom Kelly

Executive Director/CEO,
Automation Alley

Education

- University of Michigan,
MBA, 1991-1993
- Clarkson University,
BSEE, 1984-1988

Biography

After graduating from Clarkson University, Kelly took many leadership helms at companies involved with automation, industrial production, and entrepreneurship. He held positions like Director of Marketing, President/CEO, and President at the companies Invetech, Deligo Technologies, and Kelly Insight, respectively, all while providing council to technology firms under the Michigan SBDC.

Tom Kelly has been Executive Director/CEO for Automation Alley, a Flint-Michigan-based nonprofit Industry 4.0 knowledge center, for 7 of his 9 years there. His understanding of the impact of Industry 4.0 on business has propelled him to multiple worldwide technology and manufacturing advisory boards and forums.
