Abstract: The Copper Range Company (1899-1977) operated copper mines in Houghton County's South Range and in Ontonagon County. The second largest mining company in the Copper Country (after Calumet & Hecla), the Copper Range Company was the only one to survive the 1960s. In addition to mining, it owned and operated the Copper Range Railroad (1899-1973) and the Copper Range Motor Bus Company (1925-1955). The Copper Range Company Records document the history of the Copper Range Company, its subsidiaries, and the companies it acquired. In addition to mining, the extensive records of the Copper Range Railroad Company provide an important record of Copper Country transportation. The collection also illustrates the history of the South Range, particularly the communities of Adams Township.

Biographical / Historical

Introduction The Copper Range Company (1899-1977) operated copper mines in Houghton County's South Range and in Ontonagon County. The second largest mining company in the Copper Country (after Calumet & Hecla), the Copper Range Company was the only one to survive the 1960s. In addition to mining, it owned and operated the Copper Range Railroad (1899-1973) and the Copper Range Motor Bus Company (1925-1955). *Formation of Copper Range Company and Copper Range Consolidated Company, 1899-1905* The Copper Range Company was organized under the leadership of William A. Paine in January 1899. Paine was the co-founder and longtime head of the Boston based brokerage firm Paine, Webber & Company. When it was initially formed, the Copper Range Company's two operations were the Copper Range Railroad Company and the Champion Copper Company. For the history of the Copper Range Railroad Company, see the historical note to Series IX, Subseries IV: Copper Range Railroad Company Records. The Champion Copper Company was founded in 1899 as a jointly owned venture by the Copper Range Company and the St. Mary's Canal Mineral Land Company. Under the leadership of General Manager L. L. Hubbard, the Champion Mine was opened in the new town of Painesdale. A stamp mill was soon constructed on Lake Superior in the town of Freda. In December 1901, unable to increase its capital stock under Michigan law, Paine founded the Copper Range Consolidated Company under New Jersey law for the purpose of consolidating the Baltic, Champion, and Trimountain mines. However, the Trimountain Mining Company refused to participate and only the Baltic Mining Company was initially acquired. The

Baltic Mining Company had been formed by John Stanton of New York in 1897. By this point, Stanton had been a major figure in the Copper Country for decades, primarily through his role as Secretary-Treasurer of the Atlantic Mining Company (located adjacent to the new Baltic property). His son, Frank McMillan Stanton, had already been the Atlantic Mining Company's agent for nearly ten years when he oversaw the opening of the Baltic Mine. After using the Atlantic Mill for its first few years, the Baltic Mining Company joined with the Atlantic Mining Company in 1901 to construct the Redridge Dam to provide sufficient power for the Atlantic Mill and the new Baltic Mill. In 1903, faced with serious financial difficulties, the Trimountain Mining Company accepted the Copper Range Consolidated Company's 1901 acquisition proposal. That same year saw the formation of the Michigan Smelting Company. For the history of the latter, see the historical note to Series II, Subseries IX: Michigan Smelting Company and Copper Range Company, Smelting Department Records. The Trimountain Mining Company had been founded in 1899 as part of the "Fay Group" of mines, which were controlled by Harry F. Fay of Boston and operated by Superintendent James Chynoweth. Following the opening of the mine, the Trimountain Mill was built in 1900 in the newly founded town of Beacon Hill. In addition to Trimountain Mine, the company began development on the Globe Mine in 1901. *Paine-Denton Era, 1905-1923* From the beginning of mining operations, but especially after F. W. Denton replaced L. L. Hubbard as General Manager in 1905, the boundary between the various Copper Range Consolidated Company subsidiaries was porous. Company officers freely used titles and stationary from subsidiaries. This was partly due to the increasing centralization of company operations. The new central Purchasing Department led the way in 1904. Denton's promotion from Baltic Superintendent to Baltic Agent (replacing Stanton) in 1906 unified the management of all three mines. A central hospital was built at Trimountain that same year. In 1911, the Copper Range Consolidated Company acquired the Atlantic Mining Company. For the history of the Atlantic Mining Company, see the historical note to Series II, Subseries I: Atlantic Mine Office Records. As the Copper Country's second largest mining company, the Copper Range Consolidated Company was a major focus of the 1913-1914 Copper Miners Strike. Along with the other mining companies, Copper Range closed ranks behind the leadership of the Calumet & Hecla Mining Company in the campaign against the Western Federation of Miners. Painesdale itself was the scene of the deeply controversial Seeberville and Jane-Dally shootings. Despite a short shutdown and a long period of low production, the Copper Range Consolidated Company successfully outlasted the strikers. After the State of Michigan changed its laws to allow for larger corporate capitalization, the Copper Range Consolidated Company became unnecessary. In 1915, the Copper Range Company's capital stock was increased and it merged with its parent company. In 1917, the Baltic Mining Company was declared dissolved (due to lawsuits, this was not official until 1922) and became the Baltic Branch of the Copper Range Company. In the same year, General Manager F. W. Denton moved to the Boston Office to become Managing Director. He was replaced by Assistant General Manager William H. Schacht. The Trimountain Mining Company was dissolved in 1923 and became the Trimountain Branch of the Copper Range Company. F. W. Denton resigned all his positions in the Copper Range Company the same year. *Paine-Schacht Era, 1923-1944* Denton's departure was the most prominent sign of a changing of the guard at the Copper Range Company. President William A. Paine, who had been closely involved in operations, was increasingly delegating responsibilities to his son, Secretary-Treasurer F. W. Paine. For the next seventeen years, Schacht and F. W. Paine would lead the Copper Range Company. The Copper Range Motor Bus Company was founded in 1925, for its history see the historical note to Series IX, Subseries III: Copper Range Motor Bus Company Records. In May 1929, the Copper Range Company acquired the property of the Calumet & Hecla controlled White Pine Copper Company (founded 1909) at an auction. Later that year, William A. Paine died, shortly before the stock market crashed. F. W. Paine served briefly as President, before turning over the position to Schacht, who still remained in Painesdale as General Manager. During the Great Depression, the Copper Range Company acquired the property of various defunct mining companies, such as the Mohawk Mining Company and the Victoria Copper Mining Company. It also gained

a controlling interest in C. G. Hussey & Company in 1931, for its history see the historical note to Series II, Subseries III, Subseries I: C. G. Hussey & Company Division Records. Another important acquisition, the St. Mary's Mineral Land Company, allowed the Copper Range Company to gain full control of the Champion Copper Company. Although the latter company was continued on paper until 1977, all of its assets were transferred to the Copper Range Company at the end of 1931. For the history of St. Mary's, see the historical note to Series VIII, Subseries V: St. Mary's Canal Mineral Land Company Records. Despite its acquisitions, the Copper Range Company faced serious financial difficulties during the Depression. The collapse of copper prices forced the closure of the Trimountain Mine in May 1930 and the Baltic Mine in December 1931. This left only the Champion Mine as a major producer. Like all Copper Country mining companies, the Copper Range Company had always mined native copper deposits. However, while the White Pine property was rich in copper, it was in the form of copper sulfide. In 1938, the Copper Range Company began an intensive research effort to develop milling methods suitable for copper sulfide ore. It would be more than ten years before the milling problems were overcome. In 1940, F. W. Paine was killed in a Boston subway accident. His successor as Treasurer was his brother-in-law Morris F. LaCroix. LaCroix then succeeded Schacht as President, when the latter died in 1944. *Later Years, 1944-1977* By 1950, the Copper Range Company was confident that the technical barrier to developing the White Pine Mine had been solved. They organized a new White Pine Copper Company in November 1950 as a wholly-owned subsidiary. In 1952, the Reconstruction Finance Corporation provided a \$57,185,000 (later increased to \$67,685,000) loan to develop White Pine. Construction of the mine, mill, smelter, and townsite lasted from 1952 to 1955, and White Pine became the primary operation of the Copper Range Company. Shortly after the formal opening of White Pine in 1955, President LaCroix died. John P. Lally, the longtime head of the C. G. Hussey & Company Division, succeeded him. When Lally retired in 1959, Nelson J. Darling, Jr. (LaCroix's son-in-law) took over as CEO and Acting President. Under Darling's leadership, the Copper Range Company recruited James Boyd as its new president in 1960. Boyd moved the head office from Boston to New York in November 1961. He also introduced scientific management concepts and pursued an aggressive program of exploration, coupled with research and development efforts. After extensive exploration and study for possible alternatives, the Copper Range Company finally closed the Champion Mine and Champion Mill in 1967. Along with Calumet & Hecla's shutdown two years later, this ended over a century of copper mining in Houghton County. In 1970, Chester O. Ensign, Jr. became President. He led the Copper Range Company until it merged with the Louisiana Land & Exploration Company (LL&E) in May 1977. This marked the end of the independent existence of the Copper Range Company, which became a subsidiary of LL&E. The White Pine Mine would continue to operate under several different owners until 1995. For listings of directors and officers for the Copper Range Company and its subsidiaries, see the Appendix.

Access

Available for use in the Michigan Technological University Archives and Copper Country Historical Collections.

Note that most folders in the collection do not have titles written on them. Please refer to the collection inventory for the titles.

Conditions Governing Use

Various copying restrictions apply. Guidelines are available from Michigan Technological University Archives and Copper Country Historical Collections.

Acquisition

Most of the Copper Range Company Records were donated by the Copper Range Company, its employees, and its successors in multiple accessions between 1969 and 2000. Substantial additional records were donated (either directly or through local history societies) by local historians, such as James O'Meara and Wilfred Erickson. Many smaller donations have also been made, most recently in 2010.

Collection Inventory

Series I: Meeting Records, 1872-1976

Date [inclusive]: 1872-1976

Scope and Contents

The meeting records contain minutes, agendas, and notices from the Copper Range Company and its subsidiaries.

Note that most meeting records from the Copper Range Motor Bus Company and Copper Range Railroad Company are part of Series IX: Subsidiary Companies Records. Meeting records from related companies are filed in Series VIII: Related Companies Records.

Arrangement

Records are arranged into three subseries:

Subseries I: Stockholders and Board of Directors Meeting Records Subseries II: Subsidiary Companies Stockholders and Board of Directors Meeting Records Subseries III: Staff Meeting Records

Subseries I: Stockholders and Board of Directors Meetings, 1899-1976

Date [inclusive]: 1899-1976

Scope and Contents

This subseries consists of minutes and meeting files of the Copper Range Company (Copper Range Consolidated Company from 1901-1915) stockholders and board of directors. Only scattered copies of minutes exist prior to the 1960s. Those that do exist are often drafts. A smaller amount of material from the Finance Committee (formerly the Executive Committee) of the board of directors also survives. Starting in the 1940s, the annual meeting notices provide significant detail on the agenda for the meeting, partially making up for the lack of minutes.

Arrangement

Files are arranged chronologically, with the Finance Committee at the end.

Excerpts from Minutes of Board of Directors Meetings (includes some subsidiaries), 1960-1971	box 131	folder 3

Date: 1960-1971

Subseries II: Subsidiary Companies Stockholders and Board of Directors Meeting Records, 1872-1973

Date [inclusive]: 1872-1973

Arrangement

Records are arranged into six subseries:

Subseries I: Atlantic Mining Company Meeting Records
 Subseries II: Baltic Mining Company Meeting Records
 Subseries III: Champion Copper Company Meeting Records
 Subseries IV: Other Companies Meeting Records
 Subseries V: Trimountain Mining Company Meeting Records
 Subseries VI: White Pine Copper Company Meeting Records

Files are arranged chronologically.

Scope and Contents

This subseries contains minutes and other meeting records from the stockholders and board of directors of Copper Range Company subsidiaries.

Subseries I: Atlantic Mining Company Meeting Records, 1872-1925

Date [inclusive]: 1872-1925

Scope and Contents

This subseries consists of the minutes of meetings of the Atlantic Mining Company stockholders and board of directors. It also includes a small amount of material from one of its predecessors, the Adams Mining Company.

Title/Description	Instances	
Adams Mining Company: Stockholders Meeting, Aug 9, 1872 <u>Date</u> : Aug 9, 1872	box 131	folder 4

Subseries III: Staff Meeting Records, 1901-1976

Date [inclusive]: 1901-1976

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: White Pine Conferences

Files are arranged alphabetically.

Scope and Contents

This subseries contains meeting records from Copper Range Company and its subsidiaries below the level of the stockholders and board of directors.

Subseries I: General Files, 1901-1976

Date [inclusive]: 1901-1976

Scope and Contents

This subseries consists of meeting files from various committees. These provide insight on the operations of the Copper Range Company and its subsidiaries. Of particular note are the detailed meeting records from the White Pine Project and the high level discussions of the Operating Committee and Corporate Management Committee.

Date: Apr 1954

Subseries II: White Pine Conferences, 1957-1961

Date [inclusive]: 1957-1961

Scope and Contents

The White Pine Conferences are from the period when William P. Nicholls was General Manager of the White Pine Copper Company but still overseeing operations of the Copper Range Railroad Company and the Lands and Forestry Division. The minute books, which include extensive correspondence and reports, provide a detailed snapshot of operations from 1958-1961. Note that the minute books of the various officers overlap significantly but not completely.

Series II: Departments, Divisions, and Offices Records, 1860-1984

Date [inclusive]: 1860-1984

Arrangement

This series is arranged into thirteen subseries:

Subseries I: Atlantic Mine Office Records Subseries II: Baltic Clerk's Office Records Subseries III: Boston Office Records Subseries IV: Central Outgoing Correspondence File (Houghton Office) Subseries V: Chief Clerk's Office Records Subseries VI: Engineering Department and General Superintendent's Office Records Subseries VII: General Manager's Office Records Subseries VIII: Land Department and Lands and Forestry Division Records Subseries IX: Michigan Smelting Company and Copper Range Company, Smelting Department Records Subseries X: Resident Counsel's Office Records Subseries XI: Sales Department Records Subseries XII: Secretary-Treasurer's Office Records Subseries XIII: Upper Peninsula Operations Records

Subseries I: Atlantic Mine Office Records, 1870-1903

Date [inclusive]: 1870-1903

Biographical / Historical

The Atlantic Mining Company was organized in 1872 to operate the bankrupt South Pewabic (1864-1870) and Adams (1866-1870) mines. It resumed mining operations that year and continued until severe air blasts caused the collapse of the mine in 1906. A new mine (Section 16) was dug in 1906 and operated until 1911. Following the final closure of the mine, the company was acquired by the Copper Range Consolidated Company.

After the acquisition, the Atlantic Mine Office was closed and consolidated with the Baltic Mine Office. William C. Cole, Chief Clerk of the Baltic Mining Company was also made Chief Clerk of Atlantic.

In 1912, the Atlantic Mill in Redridge (built 1893) was destroyed in a fire. Although the Atlantic Mining Company's remaining operations were mostly limited to the operation of company stores, it was not dissolved until 1925.

For a listing of Atlantic Mining Company directors and officers, see the Appendix.

Scope and Contents

The Atlantic Mine Office Records consist primarily of the letter books of the agent and clerk. Most of the letter books were used by both men and contain mostly routine correspondence. The letter books used exclusively by the agent generally contains more important or personal correspondence.

Note that F. W. Denton's letterpress book from when he was superintendent at Atlantic Mine can be found in Subseries VII: General Manager's Office Records.

Arrangement

Files are arranged alphabetically.

Subseries II: Baltic Clerk's Office Records, 1902-1931Date [inclusive]: 1902-1931**Biographical / Historical**

The Baltic Clerk (sometimes referred to as the Chief Clerk) was initially responsible for the Baltic Mine and Mill. Sometime after the Atlantic Mining Company was acquired by the Copper Range Consolidated Company in 1911,

he assumed responsibility for the Atlantic properties. In 1930, the position of Trimountain Clerk was eliminated and its duties transferred to the Baltic Clerk.

William C. Cole, Baltic Clerk since 1902, retired in 1932, and the position was eliminated. Remaining duties were taken up by the Chief Clerk of the Copper Range Company.

Scope and Contents

The Baltic Clerk's files consist mostly of correspondence relating to the Baltic Mining Company and the Copper Range Company, Baltic Branch. There is also some material on the Atlantic Mining Company and the Copper Range Company's Trimountain Branch.

Records are from the Baltic Mining Company or Copper Range Company, Baltic Branch unless noted.

Arrangement

Files are arranged alphabetically.

Subseries III: Boston Office Records, 1870-1961, 1972Date [inclusive]: 1870-1961, 1972**Biographical / Historical**

The Copper Range Company's head office was based in Boston from its founding in 1899 until 1961, when it moved to New York City. Many of the key officers were based in this office, including the president (excluding 1930-1944 and 1955-1959), secretary, treasurer, comptroller, and some vice-presidents (notably P. F. Beaudin). Directors' meetings were usually held in Boston, although not always at the head office.

Scope and Contents

This subseries contains a vast array of records relating to all aspects of Copper Range Company operations from the files of multiple officers, including the president, secretary, treasurer, comptroller, and various vice-presidents.

Arrangement

Records are arranged into four subseries:

Subseries I: C. G. Hussey & Company Division Records Subseries II: General Files Subseries III: Valuation and Tax Records Subseries IV: White Pine Records

Files are arranged alphabetically.

Subseries I: C. G. Hussey & Company Division Records, 1929-1957Date [inclusive]: 1929-1957**Biographical / Historical**

C. G. Hussey & Company was founded by Curtis G. Hussey, one of the original directors of the Pittsburgh and Boston Mining Company (owner of the Cliff Mine), in Pittsburgh in 1848 as a smelter and copper rolling mill for the Cliff Mine. After the Pittsburgh & Boston sold the mine in 1870, C. G. Hussey & Company became increasingly focused on its extensive milling operation.

In 1931, after years of poor management, the company found itself deeply in debt and on the verge of liquidation. As one of the company's major creditors, Copper Range Company agreed to come to C. G. Hussey & Company's rescue in exchange for a controlling interest in a reincorporated company.

Following a lengthy court battle, the two merged in 1936, and C. G. Hussey & Company became a division of the Copper Range Company. In December 1963, its name was changed to the Hussey Metals Division.

Scope and Contents

This subseries includes material relating to the Copper Range Company's acquisition and merger with C. G. Hussey & Company, as well as correspondence and financial records of the division's operations.

Subseries II: General Files, 1870-1961Date [inclusive]: 1870-1961**Scope and Contents**

This subseries contains agreements, correspondence, reports, vital records (such as articles of association and bylaws), and other material from the Boston Office. This includes files from the head offices of the Atlantic Mining Company (and its predecessors) and the Baltic and Trimountain Mining Companies prior to their acquisition by the Copper Range Company.

In the absence of substantial records from the Champion Mine and Mill after William H. Schacht's death in 1944, General Manager W. E. Romig's Painesdale Reports are of particular value, as they provide great detail on the activities of the Mining Division.

Subseries III: Valuation and Tax Records, 1881-1953

Date [inclusive]: 1881-1953

Scope and Contents

The Valuation and Tax Records principally relate to the lengthy dispute over federal taxes for 1916-1922. Extensive correspondence and financial reports from the offices of F. W. Paine and J. A. Ackroyd closely document this dispute. Additional records include property tax data and other federal and state tax cases.

Subseries IV: Central Outgoing Correspondence File (Houghton Office), 1926-1971

Date [inclusive]: 1926-1971

Scope and Contents

The Copper Range Company's Houghton Office maintained a central file of outgoing correspondence. This included the correspondence of the Copper Range Railroad Company and other subsidiaries that were based in Houghton.

The extensive correspondence is often routine but provides an unusually complete look at the activities of the Houghton Office. Note that correspondents with their own folders in some years may have their letters in general folders for other years.

Arrangement

Files are arranged alphabetically.

Subseries V: Chief Clerk's Office Records, 1900-1961

Date [inclusive]: 1900-1961

Biographical / Historical

The Chief Clerk (often just referred to as Clerk) initially functioned as the chief clerk of the Champion Copper Company and, occasionally, the Copper Range Company, Mining Division. The position gained responsibilities gradually over the years, such as the Copper Range Electric Company and the Smelting Department.

Michael J. Harrington served as the first Chief Clerk until his replacement by Erick W. Kruka in 1904. When Kruka retired in 1938, Henry Combella took over. Combella's title was changed to Assistant Treasurer in 1948 and Assistant Secretary-Treasurer in 1957. Around the time of the latter change, the position was merged with that of General Superintendent.

Scope and Contents

The records of the Chief Clerk's Office, primarily correspondence and reports, detail the operations of the Copper Range Company and Champion Copper Company in Painesdale. There is also information on the Employees' Aid Fund, Copper Range Electric Company and Copper Range Band (Chief Clerk E. W. Kruka was its secretary). There is some overlap with the General Manager's Office Records (Subseries VII) and William H. Schacht's Files (Series VII, Subseries V).

Arrangement

Records are arranged into two subseries:

Subseries I: Correspondence Files Subseries II: General Files

Subseries I: Correspondence Files, 1900-1926

Date [inclusive]: 1900-1926

Scope and Contents

This subseries consists of the numbered correspondence files of Chief Clerks Michael J. Harrington and E. W. Kruka.

Arrangement

Files are arranged chronologically, then by file number.

Subseries VI: Engineering Department and General Superintendent's Office Records, 1897-1958

Date [inclusive]: 1897-1958

Biographical / Historical

F. W. O'Neil served as the Champion Copper Company's Chief Engineer during the company's first four years. He was succeeded by R. R. Seeber, who left after a few years. His replacement was Harry T. Mercer, already the Chief Engineer for the Trimountain Mining Company, as part of the consolidation of the Copper Range Company's mines. Mercer would serve until his retirement in 1950.

There is some confusion over the exact timing of the above changes, as C. E. Cleaver was apparently appointed Chief Engineer for the Copper Range Company in 1907. Additionally, Bernard I. Manderfield was probably the acting Chief Engineer during the late 1930s.

The General Superintendent was responsible for the daily operations of the Copper Range Company's mines. It is not entirely clear when the position was established or its relationship with the position of General Underground Superintendent. Albert Mendelsohn and Bernard I. Manderfield are the two General Superintendents known to have served prior to the death of William H. Schacht in 1944.

Scope and Contents

This subseries consists of engineering records, primarily from the Engineering Department and Bernard I. Manderfield's Office, covering a variety of Copper Range Company properties.

Arrangement

Records are arranged into four subseries:

Subseries I: Baltic Mine Records Subseries II: Champion Mine and Mill Records Subseries III: Chief Electrical Engineer's Office Records Subseries IV: General Files

Files are arranged alphabetically.

Subseries I: Baltic Mine Records, 1897-1930

Date [inclusive]: 1897-1930

Scope and Contents

This subseries includes underground surveys, hosting records, stoping records, building plans, maps, and drawings relating to the Baltic Mine.

Subseries II: Champion Mine and Mill Records, circa 1900s-1958

Date [inclusive]: circa 1900s-1958

Scope and Contents

This subseries contains equipment records, correspondence, violations of rules and grievances, maps, and drawings. Records relate primarily to the Champion Mine, but some Champion Mill material is also included.

Subseries III: Chief Electrical Engineer's Office Records, 1905-1917

Date [inclusive]: 1905-1917

Biographical / Historical

William Aylmer (W. A.) Rankin (1857-1926) was the Chief Electrical Engineer for the Copper Range Company from 1908 until his death by electrocution while on duty in 1926. His successor, Martin G. Meyers (b. 1894), served into the 1950s.

Scope and Contents

This subseries consists of Chief Electrical Engineer W. A. Rankin's correspondence, which mostly relates to equipment.

Subseries VII: General Manager's Office Records, 1899-1917

Date [inclusive]: 1899-1917

Biographical / Historical

The General Manager was responsible for all company operations in the Copper Country. For a listing of Copper Range Company General Managers, see the Appendix.

Scope and Contents

The General Manager's Office Records consist of the files of L. L. Hubbard and F. W. Denton, the Copper Range Company's first two general managers. These records provide insight into the operation of the Copper Range Company properties during their first two decades of operation, particularly given the lack of early records from the Boston Office. Some material from F. W. Denton before he became general manager is also included in this subseries.

The files of the Copper Range Company's subsequent general managers can be found in Series VII, Subseries V: William H. Schacht Files.

Arrangement

Records are arranged into two subseries:

Subseries I: Correspondence Files Subseries II: General Files

Subseries I: Correspondence Files, 1905-1917

Date [inclusive]: 1905-1917

Scope and Contents

This subseries contains correspondence on a variety of topics relating to the operation of the various properties of the Copper Range Company. The files include extensive and often detailed correspondence with President William A. Paine (almost all outgoing) in both the various subject files and those exclusively with Paine.

Note that this subseries consists only of numbered correspondence (Subseries I: 1905-1908) and numbered correspondence files (Subseries II: 1913-1916). Other correspondence can be found in Subseries II: General Files.

Arrangement

Records are arranged into two subseries:

Subseries I: 1905-1908 Subseries II: 1913-1916

Files are arranged by file number.

Subseries I: 1905-1908

Title/Description	Instances	
Paine, William A. (President): Correspondence no. 1-99, Jan 1905-Apr 1906 <u>Date:</u> Jan 1905-Apr 1906	box 295	folder 29

Subseries II: 1913-1916

Scope and Contents

This subseries consists of General Manager F. W. Denton's numbered correspondence files. Correspondence files of significant importance or size are described and foldered at a more detailed level. This is especially the case for his correspondence relating to the 1913-1914 strike (primarily file no. 67).

Subseries VIII: Land Department and Lands and Forestry Division Records, 1872-1972

Date [inclusive]: 1872-1972

Biographical / Historical

The Land Department, responsible for forestry and land management, was established under John M. Wagner (see below) in 1926. The exact title of the department (later made a division) often changed, but Wagner remained manager until his replacement by William P. Nicholls in 1948. The latter would serve until 1976 (see the biographical note for Series VII, Subseries IV for more on Nicholls), by which time the Lands and Forestry Division was part of the Copper Range Company's Upper Peninsula Operations (see Subseries XIII).

John M. Wagner (1871-1960) began his career as the Trimountain Mining Company's Chief Clerk (1902-1903) before becoming the Purchasing Agent for the newly centralized Copper Range Company Purchasing Department in 1904. He was succeeded by his assistant, Benjamin D. Noetzel, as Purchasing Agent in 1928, allowing him to focus on managing the new Land Department. Wagner served as a director, as well as assistant secretary and/or assistant treasurer for the Copper Range Company and many of its subsidiaries for decades. He retired from active management in 1948 but continued to act on behalf of the company in various capacities until the end of the 1950s.

Scope and Contents

The records in this subseries are principally related to land and timber but also include John M. Wagner's files on a variety of subjects, such as corporate acquisitions and the Employees' Aid Fund.

Note that there is substantial overlap between this subseries and the William P. Nicholls Files (Series VII, Subseries IV).

Arrangement

Files are arranged alphabetically.

Subseries IX: Michigan Smelting Company and Copper Range Company, Smelting Department Records, 1903-1948

Date [inclusive]: 1903-1948

Biographical / Historical

The Michigan Smelting Company was formed in 1903 by the Copper Range Consolidated Company, St. Mary's Mineral Land Company, Mohawk Mining Company, Wolverine Copper Mining Company, and Atlantic Mining Company. Construction of the Michigan Smelter began in 1903 and operations commenced the following year.

The first Superintendent (originally called the General Manager) of the Michigan Smelting Company was Frederick I. Cairns (1865-1944), who served until 1928. His replacement, and last Superintendent, was George P. Schubert (1883-1964), who resigned in 1948. During its entire lifetime, the Chief Clerk at the Michigan Smelter was William H. Rowe (1867-1959). For a listing of directors and officers of the Michigan Smelting Company, see the Appendix.

In 1932, the Copper Range Company bought out the Mohawk Mining Company's interest in the Michigan Smelting Company to gain full control of the Michigan Smelter. As a result, the company became the Copper Range Company, Smelting Department in 1933. A new Michigan Smelting Company was also formed but only to enable the issuance of warehouse receipts for copper held on behalf of other mining companies.

The Copper Range Company ended smelting operations in 1945. The Lake Copper Refining Company briefly operated the smelter under lease, before it was permanently closed in 1947.

Scope and Contents

This subseries consists of engineering records, drawings, and production records, as well as material relating to the unionization of the smelter's workforce. The material is mostly from Superintendent George P. Schubert, with some additional material from Chief Clerk William H. Rowe.

Arrangement

Files are arranged alphabetically.

Subseries X: Resident Counsel's Office Records, 1902-1963

Date [inclusive]: 1902-1963

Biographical / Historical

Houghton attorney H. C. Schulte served as the Copper Range Company's resident counsel from roughly 1916 to 1966, originally as part of the law firm Stone, Wieder & Schulte. As resident counsel, Schulte provided legal advice and representation on a range of issues, including compensation cases, loans, and land issues. He also served as the general counsel for the Copper Range Railroad Company and Copper Range Motor Bus Company (see Series IX) and was president of the Isle Royale Copper Company (see Series VIII).

Scope and Contents

This subseries consists primarily of H. C. Schulte's files on compensation cases, as well as material relating to the Reconstruction Finance Corporation's loan to the White Pine Copper Company and lawsuits against the Copper Range Company Employee' Aid Fund.

Arrangement

Records are arranged into two subseries:

Subseries I: Compensation Cases Subseries II: General Files

Files are arranged alphabetically.

Date: 1955**Subseries XI: Sales Department Records, 1956-1972**Date [inclusive]: 1956-1972**Biographical / Historical**

The Copper Range Company's Sales Department was established under W. Parsons Todd of the Quincy Mining Company in New York in 1915. Before this time, copper had been sold through the United Metals Selling Company. Despite becoming President of the Quincy Mining Company in 1924, Todd continued to run the Sales Department until the 1950s.

Vice-President John V. O'Connor, Jr. took over responsibility for sales in 1956 and led the Sales Department until becoming President of the Hussey Metals Division in 1970. In 1960, Warren J. Jenkins was hired as the Assistant Sales Manager. Despite various title changes, he remained O'Connor's subordinate until succeeding him as head of the Sales Department in 1970.

Note that the Copper Range Sales Company was established in 1959, but it did not replace the Sales Department. The connection between the two is unclear.

Scope and Contents

The records of the Sales Department are from the files of John V. O'Connor, Jr. and Warren J. Jenkins. The material includes correspondence with customers (actual and potential), as well as information about possible uses for copper.

Arrangement

Files are arranged alphabetically.

Subseries XII: Secretary-Treasurer's Office Records, 1860-1977

Date [inclusive]: 1860-1977

Biographical / Historical

In 1962, the positions of secretary and treasurer were merged as part of the restructuring of the company by President James Boyd and the move of its office to New York. Treasurer David M. Goodwin resigned and Secretary J. Roland Ackroyd became Secretary-Treasurer. Ackroyd was succeeded by David P. Lighthill in 1970.

Scope and Contents

The records of the Secretary-Treasurer's Office include public relations material, correspondence with stockholders, and annual report production. Some material was retained from the records of the secretary and the treasurer prior to the merger, but the bulk of that material can be found as part of Subseries III: Boston Office Records.

During his term as Secretary-Treasurer, J. Roland Ackroyd maintained what he called a historical file. This included historic documents, articles relating to company history, and contemporary material that he felt would be of historical significance.

A small amount of additional material came from the office of Vice-President--Finance C. L. Nielsen.

Arrangement

Subseries XIII: Upper Peninsula Operations Records, 1963-1984

Date [inclusive]: 1963-1984

Biographical / Historical

Organized in 1961, the Upper Peninsula Operations included the Northern Hardwoods Division (formed 1968), the Lands and Forestry Division, and the Painesdale Shops (later the Coratec Division). The Copper Range Railroad Company was also considered part of this grouping but was run separately.

William P. Nicholls was Vice-President—Upper Peninsula Operations until 1976, but Ray Franz directly managed the unit. The latter was promoted to General Manager in 1977 and stayed with the company until after the Northern Hardwoods sawmill and dimension plant at South Range, as well as surrounding timber lands, was sold to the Mead Corporation in 1982.

Scope and Contents

The Upper Peninsula Operations Records are from Ray Franz's Office and consist mostly of files relating to labor negotiation and finances, particularly at the Northern Hardwoods Division, as well as the Painesdale Shops (Coratec Division).

Arrangement

Files are arranged alphabetically.

[^ Return to Table of Contents](#)

Series III: Employee Records, 1900-1980

Date [inclusive]: 1900-1980

Scope and Contents

This series contains accident, injury, and service records for the Copper Range Company and its subsidiaries. Note that this excludes the Copper Range Railroad Company and Copper Range Motor Bus Company, whose employee records can be found in Series IX: Subsidiary Companies.

Arrangement

Records are arranged into three subseries:

Subseries I: Accident, Injury, and Other Medical Records
Subseries II: General Files
Subseries III: Painesdale and Houghton Employee Records

Subseries I: Accident, Injury, and Other Medical Records, 1900-1966

Date [inclusive]: 1900-1966

Scope and Contents

This subseries contains extensive records of employee injuries, medical treatment, and compensation. The best coverage is of the Baltic and Champion Mines, but other Copper Range Company mines, mills, and the Michigan Smelter are also documented.

Arrangement

Records are arranged into four subseries:

Subseries I: Compensation Cases
Subseries II: Death Inquests
Subseries III: General Files
Subseries IV: Injury Records

Subseries I: Compensation Cases, 1912-1964

Date [inclusive]: 1912-1964

Scope and Contents

The compensation files include injury reports, correspondence, court documents, and financial information. The files are from the Chief Clerk's Office but sometimes include material from the Resident Counsel's Office.

Arrangement

Compensation cases are arranged into two subseries:

Subseries I: Baltic Mining Company and Copper Range Company, Baltic Branch Records
Subseries II: Champion Copper Company and Copper Range Company Records

Files are arranged by case number.

Subseries I: Baltic Mining Company and Copper Range Company, Baltic Branch Records, 1912-1931

Date [inclusive]: 1912-1931

Compensation Record, late 1920s-early 1930s	box 426	folder 1

Date: late 1920s-early 1930s

Death Claim Payments, 1918-1925

box 151

folder 67

Date: 1918-1925

Employees Injured and Workmen's Compensation Paid
(gives a little more detail than index cards), 1912-1964

volume V246

Date: 1912-1964

Subseries II: Death Inquests, 1904-1938

Date [inclusive]: 1904-1938

Scope and Contents

Death inquests are mostly from deaths occurring in the mines but also include deaths of employees in the mills and (sometimes) outside of work.

Arrangement

Records are arranged into three subseries:

Subseries I: Baltic Mining Company and Copper Range Company, Baltic Branch Records
Subseries II: Champion Copper Company Records
Subseries III: Trimountain Mining Company and Copper Range Company, Trimountain Branch Records

Files are arranged alphabetically.

Subseries I: Baltic Mining Company and Copper Range Company, Baltic Branch Records, 1905-1928

Date [inclusive]: 1905-1928

Subseries IV: Injury Records, 1900-1966

Date [inclusive]: 1900-1966

Scope and Contents

The injury records document the accidents common to underground mining. Accidents from the Baltic and Champion Mines are the best documented, but additional records exist from the Trimountain and White Pine Mines, the various mills, and the Michigan Smelter.

Arrangement

Records are arranged into four subseries:

Subseries I: Baltic Mining Company and Copper Range Company, Baltic Branch Records Subseries II: Champion Copper Company Records Subseries III: Copper Range Company Records Subseries IV: General Files

Files are arranged alphabetically.

Subseries I: Baltic Mining Company and Copper Range Company, Baltic Branch Records, 1911-1930

Date [inclusive]: 1911-1930

Scope and Contents

This subseries consists of injury records from Baltic Mine and Baltic Mill. Surgeon's reports and injury reports are filed by employee number when given. Reports without employee numbers are filed by occupation. Reports to the Michigan Industrial Accident Board are filed alphabetically.

Subseries II: Champion Copper Company Records, 1902-1933

Date [inclusive]: 1902-1933

Scope and Contents

This subseries contains injury records for Champion Mine and Champion Mill. Complete reports, which include a surgeon's report and either a personal injury report or a report to the Michigan Industrial Accident Board (occasionally both), are filed alphabetically.

Records after 1933 are in Subseries III.

Subseries III: Copper Range Company Records, 1933-1966

Date [inclusive]: 1933-1966

Scope and Contents

In 1934, the Copper Range Company (which had liquidated the Champion Copper Company at the end of 1931) changed the filing system for injury records. They have been kept as originally filed.

Title/Description	Instances

Subseries II: General Files, 1905-1980

Date [inclusive]: 1905-1980

Scope and Contents

This subseries includes Employees' Aid Fund registration cards from the Baltic Mining Company, Champion Copper Company, and Copper Range Company. Cards are highly incomplete, especially for Baltic.

Champion and Copper Range registration cards are filed together by employee number. To find employee numbers, consult the payrolls in Series IV: Financial Records. Note that employee numbers were reused and were changed if the employee transferred to a new shaft or shop.

In addition to the registration cards, this subseries includes employee identification cards from the Michigan Smelting Company and other employee records.

Arrangement

Files are arranged alphabetically.

Title/Description	Instances	
Baltic Mining Company: Employee Information Cards no. 1-1897, 1914-1916 <u>Date:</u> 1914-1916	box 177

Subseries III: Painesdale and Houghton Employee Records, 1940s-1970s

Date [inclusive]: 1940s-1970s

Scope and Contents

This subseries consists of employment records of employees in Painesdale and Houghton from the 1940s to 1970s. Most files contain the employee's job application and may include other material, such as pay and medical records.

Arrangement

Files are arranged alphabetically.

Conditions Governing Access:

Conditions Governing Access

Folders are screened for Social Security numbers before use. Researchers may have to use a photocopy with Social Security numbers blacked out.

Series IV: Financial Records, 1868-1984 (1899-1945)

Date [inclusive]: 1868-1984Date [bulk]: 1899-1945

Scope and Contents

This series includes cash books, costs sheets, inventories, journals, ledgers, stock records, store reports, pay records, and other financial reports and data from the Copper Range Company and its subsidiaries.

The cost sheets (monthly and annual) are particularly valuable as an overview of the activities of each company.

Note that Copper Range Railroad Company, Copper Range Motor Bus Company, and Copper Range Foundation financial records can be found in Series IX: Subsidiary Companies Records. Financial records from related companies can be found in Series VIII: Related Companies Records.

Arrangement

Records are arranged into nine subseries:

Subseries I: Atlantic Mining Company Financial Records Subseries II: Baltic Mining Company and Copper Range Company, Baltic Branch Financial Records Subseries III: Champion Copper Company Financial Records Subseries IV: Copper Range Company Financial Records Subseries V: Copper Range Consolidated Company Financial Records Subseries VI: General Files Subseries VII: Michigan Smelting Company and Copper Range Company, Smelting Department Financial Records Subseries VIII: Trimountain Mining Company and Copper Range Company, Trimountain Branch Financial Records Subseries IX: White Pine Copper Company Financial Records

Subseries I: Atlantic Mining Company Financial Records, 1868-1928

Date [inclusive]: 1868-1928

Arrangement

Records are arranged into six subseries:

Subseries I: Cash Books Subseries II: Cost Sheets Subseries III: General Files Subseries IV: Journals Subseries V: Ledgers Subseries VI: Pay Records

Files are arranged alphabetically.

Subseries I: Cash Books, 1874-1928

Date [inclusive]: 1874-1928

[^ Return to Table of Contents](#)

Series VII: Officers Files, 1894-1978

Date [inclusive]: 1894-1978

Arrangement

Records are arranged into five subseries:

Subseries I: Carl O. Bay Files Subseries II: James Boyd Files Subseries III: Stanley H. Cohlmeier Files Subseries IV: William P. Nicholls Files Subseries V: William H. Schacht Files

Subseries I: Carl O. Bay Files, 1894-1968

Date [inclusive]: 1894-1968

Biographical / Historical

Carl O. Bay (1896-1987) was an Ontonagon attorney who provided legal assistance to the Copper Range Company's Land Department (later Lands and Forestry Division) from the 1940s to 1964. After forty-two years of practicing law in Ontonagon, he moved to Houghton in 1964 to work full time as the Land Department's Counsel. Bay retired in 1968.

Scope and Contents

The Carl O. Bay Files contain legal advice from Bay to the Copper Range Company on land acquisition and other issues.

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: Land Acquisition Files

Files are arranged alphabetically.

Subseries I: General Files, 1894-1968

Date [inclusive]: 1894-1968

Scope and Contents

In addition to Bay's files relating to the Copper Range Company, this subseries includes files on his work outside of the company.

Date: 1965**Subseries II: James Boyd Files, 1959-1971**Date [inclusive]: 1959-1971**Biographical / Historical**

James Boyd (1904-1987) joined the Copper Range Company as President in 1960 from the Kennecott Copper Corporation. He served until 1970, when he became Chairman of the Board of Directors. The following year, Boyd left to become Executive Director of the National Commission on Materials Policy, better known as the Boyd Commission.

Scope and Contents

The James Boyd Files contain the records of the head of the Copper Range Company (President) and the White Pine Copper Company (President, then Chairman), as well as some additional material from Boyd's secretary E. Jean Arre.

The files consist mostly of management and public relations material, including the many speeches Boyd gave during his tenure at the Copper Range Company. Along with the Secretary-Treasurer's Office Records (Series II, Subseries XII) these are the principal records documenting the activities of the head office after its move to New York in 1961.

Arrangement

Files are arranged alphabetically.

Subseries III: Stanley H. Cohlmeier Files, 1950-1955

Date [inclusive]: 1950-1955

Biographical / Historical

Stanley H. Cohlmeier (1918-1999) was an engineer for the White Pine Copper Company during its early years. He served successively as Project Engineer, Assistant Project Manager, and Chief Engineer, before being abruptly fired by J. P. Lally (the new company president) in 1955 for "disrespect."

Scope and Contents

This subseries consists of engineering records and correspondence relating to the Freda Pilot Plant.

Arrangement

Files are arranged alphabetically.

Subseries IV: William P. Nicholls Files, 1903-1978

Date [inclusive]: 1903-1978

Biographical / Historical

William P. Nicholls (1912-1986) began his career at the Copper Range Company as President William H. Schacht's secretary in 1936. When Schacht died in 1944, Nicholls was appointed Assistant Secretary. In 1948, Nicholls succeeded John M. Wagner as both the Manager of the Lands and Forestry Division and a director of the Copper Range Railroad Company.

Nicholls was also involved with the Copper Range Motor Bus Company, being promoted from Assistant Secretary to Secretary in 1946 and made a director in 1948. He continued in those roles until the company was dissolved in 1955.

In the 1950s, Nicholls rapidly advanced in both the Copper Range Railroad Company (Vice-President, 1955; Executive Vice-President, 1958) and the White Pine Copper Company (Assistant Secretary, 1952; Vice-President, 1954; Director, 1956; General Manager, 1957), culminating in his appointment as President of both companies in 1959. Despite these new responsibilities, he continued to serve as the Manager of the Lands and Forestry Division and was promoted to Vice-President of the Copper Range Company in 1957.

Under President James Boyd, a major reorganization of the Copper Range Company in 1961 saw Nicholls leave White Pine and receive the new title of Vice-President—Upper Peninsula Operations. He continued to serve in these capacities until he resigned from the Copper Range Company in 1976 and the Copper Range Railroad Company in 1977.

Scope and Contents

The William P. Nicholls Files contain extensive records of his work for the Copper Range Company and his role in local and state organizations. This includes correspondence and reports, as well as large chronological files.

For his files pertaining to the Copper Range Railroad Company, see the records of the President's Office in Series IX, Subseries IV.

Also note that this subseries overlaps with the Land Department and Lands and Forestry Division Records (Series II, Subseries VIII).

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: White Pine Mortgages and Project X

Files are arranged alphabetically.

Separated Materials:

Separated Materials

At the time of accessioning, files from William P. Nicholls relating to the Upper Great Lakes Division of Michigan Tech's Four Million Dollar Fund were separated to create MTU-124, Michigan Technological University Four Million Fund Records.

Subseries I: General Files, 1903-1978

Subseries V: William H. Schacht Files, 1909-1947

Date [inclusive]: 1909-1947

Biographical / Historical

William H. Schacht (1880-1944) began a long career with the Copper Range Company when he was appointed as Assistant Superintendent of Stamp Mills in 1907. He was promoted to Assistant General Manager in 1912 and succeeded F. W. Denton as General Manager in 1917. In 1930, Schacht also became President of the Copper Range Company and retained both titles until his death in 1944.

In addition to the Copper Range Company, Schacht was President of the Copper Range Railroad Company (1931-1944), Copper Range Motor Bus Company (1928-1944), Copper District Power Company (1930/1931-1944), and various smaller companies.

Scope and Contents

The William H. Schacht Files include correspondence, engineering records, labor and labor union files, and other material from all Copper Range Company operations in the Copper Country. Of particular value is the extensive correspondence between Schacht and Treasurer F. W. Paine, which provides insight into the top management of the Copper Range Company during the 1920s and 1930s.

A small amount of material, notably the aerial survey photographs, pertains to Schacht's position as president of the Copper District Power Company. Another small number of files from Schacht's successors as General Manager are also included in this subseries.

For Schacht's files pertaining to the Copper Range Railroad Company, see the records of the President's Office in Series IX, Subseries IV.

Arrangement

Records are arranged into five subseries:

Subseries I: Correspondence Files Subseries II: Engineering Records Subseries III: General Files Subseries IV: Labor and Labor Union Files Subseries V: Political Science and Government Files

Subseries I: Correspondence Files, 1921-1930

Date [inclusive]: 1921-1930

Scope and Contents

This subseries primarily contains Schacht's numbered correspondence files from 1927-1929. Aside from a few scattered files, this is the only period for which his numbered files exist. An index to a different set of numbered correspondence files from the early 1920s is also in this subseries, but the files that it refers to are not known to have survived.

Other correspondence can be found in Subseries III: General Files. This includes his correspondence with William A. Paine and F. Ward Paine, which was separated from the numbered files at some point.

Arrangement

Files are arranged by original file number.

Series VIII: Related Companies Records, 1851-1963

Date [inclusive]: 1851-1963

Scope and Contents

This series contains records from companies that were not operated by the Copper Range Company but were connected to it in some way. In most cases, these companies were acquired by the Copper Range Company but never operated.

Arrangement

Records are arranged into five subseries:

Subseries I: Bigelow Companies Records Subseries II: Isle Royale Copper Company Records Subseries III: Lake Copper Company Records Subseries IV: Other Companies Records Subseries V: St. Mary's Canal Mineral Land Company Records

Files are arranged alphabetically.

Subseries I: Bigelow Companies Records, 1851-1963

Date [inclusive]: 1851-1963

Biographical / Historical

The Bigelows were prominent Boston investors who had a major interest in copper mining. Horatio Bigelow (1814-1888) was the first to become involved with Michigan copper mining in the 1850s. When he died, Albert S. Bigelow (d. 1928) became the leading figure among the family. Around this time, they started to focus on copper mining in Montana, creating the Boston & Montana Consolidated Copper and Silver Mining Company (second largest of the Montana copper companies).

Along with their associates, the Bigelows were sometimes referred to as the Clark-Bigelow syndicate, due to their close collaboration with Joseph W. Clark. They later became known as the Bigelow-Lewisohn syndicate when they partnered with the Lewisohn brothers. Within Michigan, they controlled (at various times) dozens of mines, including Ahmeek, Isle Royale, Kearsarge, Osceola, Seneca, and Tamarack.

The Bigelows sold all of their holdings in Michigan mines to the Calumet & Hecla Mining Company in 1909. They retained control of the Boston & Lake Superior Mineral Land Company and the Hulbert Mining Company, which were inactive land holding companies. In 1935, the Copper Range Company acquired both companies.

Scope and Contents

The Bigelow Companies Records include some of the oldest material in the collection. The correspondence, land records, and financial records document early mining efforts in the Copper Country.

Arrangement

Records are arranged into three subseries:

Subseries I: Boston & Lake Superior Mineral Land Company Records
Subseries II: Hulbert Mining Company Records
Subseries III: Other Companies Records

Subseries I: Boston & Lake Superior Mineral Land Company Records, 1851-1938

Date [inclusive]: 1851-1938

Biographical / Historical

Founded in 1853 by Horatio Bigelow, Joseph W. Clark, and Aaron W. Spencer, the Boston & Lake Superior Mineral Land Company was a privately held land and exploration company.

Scope and Contents

The Boston & Lake Superior Mineral Land Company Records include land records, correspondence, and financial records. A significant portion of the records relate to the early French mining efforts in Keweenaw County, including Clark Mine.

Most records are from the Secretary-Treasurer in Boston, with some additional records from the company's Agent.

Subseries II: Hulbert Mining Company Records, 1860-1963

Date [inclusive]: 1860-1963

Biographical / Historical

The Hulbert Mining Company was founded in 1863 for the purpose of exploring what would later become the famed Calumet Lode. After playing a key role in the formation of the Calumet and Hecla Mining Companies, the company continued operating for decades. It was officially dissolved in 1924, but its affairs were not wound up until 1964.

For a listing of directors and officers, see the Appendix.

Scope and Contents

This subseries contains correspondence, land records, financial records, and meeting records from the Hulbert Mining Company and some of its affiliates (mostly from the Secretary-Treasurer's Office). This includes material relating to E. J. Hulbert's discovery of the Calumet Conglomerate and the subsequent organization of the Calumet and Hecla Mining Companies.

Subseries II: Isle Royale Copper Company Records, 1897-1952

Date [inclusive]: 1897-1952

Biographical / Historical

The Isle Royale Copper Company was formed in 1899 by the merger of the Isle Royale Consolidated Mining Company and the Miners Copper Company. Initially controlled by Albert S. Bigelow, the company came under Calumet & Hecla management after Bigelow sold all of his interests in 1909. The company continued operating until mining was suspended in 1932.

In 1937, the board of directors recommended that the company be liquidated. However, stockholders rejected the proposal and elected a new board of directors. Copper Range Company Treasurer F. W. Paine then personally purchased the Calumet & Hecla Consolidated Copper Company's holdings in the Isle Royale Copper Company and arranged for the company's reincorporation. Although not directly affiliated with the Copper Range Company, the new board and management were almost all associated with the company.

The mine was dewatered in 1937, with production resuming in 1938. It operated until the end of 1948, and the company was dissolved the following year.

For a listing of directors and officers, see the Appendix.

Scope and Contents

The Isle Royale Copper Company Records consist primarily of records from the period of Copper Range Company control (1937-1949) but include a small amount of material (mostly minutes) from Bigelow and Calumet & Hecla periods.

The files (principally financial and operational reports, minutes, and dissolution proceedings) are primarily from the offices of President H. C. Schulte and Director P. F. Beaudin, with additional material from Treasurer F. W. Paine, Acting Secretary J. A. Ackroyd, and Managing Director B. D. Noetzel.

Subseries III: Lake Copper Company Records, 1901-1939

Date [inclusive]: 1901-1939

Biographical / Historical

The Lake Copper Company was founded in 1905 under the leadership of R. C. Pryor. After several years of explorations, the company sank its main shaft in the wrong location and had to sink a completely different shaft. As a result, Pryor was replaced as President by William A. Paine and as General Manager by C. K. Hitchcock, Jr. in 1910.

Mining was suspended in 1913 due to the strike and was resumed until 1915. It operated only until 1919, when the mine closed permanently. The Lake Copper Company was finally dissolved in 1939.

For a listing of officers, see the Appendix.

Scope and Contents

The Lake Copper Company Records consist mostly of injury and financial records, as well as some engineering records and material relating to the company's dissolution.

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: Injury and Compensation Records

Subseries I: General Files, 1901-1939

Date [inclusive]: 1901-1939

Date: Nov 1917**Subseries IV: Other Companies Records, 1873-1963**Date [inclusive]: 1873-1963**Biographical / Historical**

From its founding, the Copper Range Company's leadership was closely connected with the leadership of the Boston investment firm Paine, Webber & Company (later Paine, Webber, Jackson & Curtis). The firm controlled various companies operating outside of Michigan, including the Argentine Oil Company (1919-1943), Boston and Southwestern Oil and Gas Company (1923-1941), East Butte Copper Mining Company (1905-1936), Hargis Oil Company (1924-1938), Nanepashemet Corporation, Pittsmond Copper Company, United Municipal Securities Company (1923-1933), and Woodstock Corporation (1924-1945).

The Copper Range Company acquired various small companies during the 1920s and 1930s, including the Cass Copper Company, National Mining Company (acquired 1929), Naumkeag Copper Company (acquired 1931), Onondaga Copper Company, and South Range Copper Company.

Scope and Contents

This subseries contains the records of small companies unconnected with the Bigelows or St. Mary's. Most of the companies were affiliated with Paine, Webber & Co. Especially of note is the minute book of the Woodstock Corporation, which provides a window onto the speculative activities of the Paines and their associates.

Subseries V: St. Mary's Canal Mineral Land Company Records, 1853-1947

Date [inclusive]: 1853-1947

Biographical / Historical

In 1853, the St. Mary's Falls Ship Canal Company was organized to build the St. Mary's Falls Canal (now better known as the Soo Locks). When the canal was completed in 1855, the company was rewarded with 750,000 acres of federal land in Michigan.

In 1858, the St. Mary's Canal Mineral Land Company was organized to buy from the St. Mary's Falls Ship Canal Company their copper and iron lands in the Upper Peninsula. This amounted to 180,000 acres, mostly in Houghton, Ontonagon, and Keweenaw counties.

In its early years, the company did some exploration to prove the value of its lands. It subsequently adopted the policy of selling lands for cash and stock in new mining companies. Some of these, such as the Calumet and Hecla Mining Companies and the various South Range mining companies, were very successful. Others were not.

In order to raise additional capital, the St. Mary's Mineral Land Company was formed in 1901 as the parent of the St. Mary's Canal Mineral Land Company. The additional capital was primarily needed for the development of the Champion Mine (jointly owned by St. Mary's and the Copper Range Company), but also allowed for the company to engage in additional exploratory work.

L. L. Hubbard, formerly General Manager of the Champion Copper Company, oversaw a series of mining efforts at St. Mary's properties. This included the Challenge Mine (1904-1909), the King Philip Copper Company (1905-1911), and the Houghton Copper Company (1910-1918). King Philip was sold to the Winona Copper Company in 1911, and the Houghton Copper Company was dissolved in 1934.

At the end of 1931, the Copper Range Company merged with the St. Mary's Mineral Land Company. As a result, the St. Mary's Canal Mineral Land Company became a Copper Range Company subsidiary. Along with those of the Champion Copper Company, all St. Mary's assets were sold to the Copper Range Company in 1931. The now-defunct company continued to exist until it was merged with the Copper Range Company in 1977 as part of the Louisiana Land & Exploration Company's acquisition of the Copper Range Company.

For a listing of directors and officers of the St. Mary's Canal Mineral Land Company, see the Appendix.

Arrangement

Records arranged into three subseries:

Subseries I: Douglass Copper Company Records Subseries II: General Files Subseries III: Resident Agent's Office Records

Scope and Contents

The records of the St. Mary's Canal Mineral Land Company include extensive land records, correspondence, and financial records. The company's early records are surprisingly complete and provide a unique look at the development of the Copper Country, beginning in the 1860s.

Records from companies connected with the St. Mary's Canal Mineral Land Company are also included, notably the St. Mary's Falls Ship Canal Company, St. Mary's Mineral Land Company, Douglass Copper Company, and Houghton Copper Company.

Subseries I: Douglass Copper Company Records, 1904-1938

Date [inclusive]: 1904-1938

Biographical / Historical

The Douglass Copper Company was founded by agreement between St. Mary's Canal Mineral Land Company, Boston & Lake Superior Mineral Land Company, Sheldon Estate Company, and C. C. Douglass Company in 1912-1913. St. Mary's provided most of the board of directors, as well as the company's management.

When St. Mary's Canal Mineral Land Company became a subsidiary of the Copper Range Company in 1931, the Copper Range Company gained control of the Douglass Copper Company. In 1935, the Copper Range Company acquired the Boston & Lake Superior Mineral Land Company, the second largest stockholder in Douglass Copper Company. The remaining stockholders were bought out by the Copper Range Company in the next couple years, allowing the Douglass Copper Company to be dissolved in 1937 after conveying its assets to the Copper Range Company.

For a listing of directors and officers, see the Appendix.

Scope and Contents

The Douglass Copper Company Records contain meeting records, correspondence, and financial records from the offices of the Agent and Secretary-Treasurer.

folder 18

Date: Jun 29, 1864**Subseries III: Resident Agent's Office Records, 1853-1947**Date [inclusive]: 1853-1947**Biographical / Historical**

The resident agent was responsible for the operations of the St. Mary's Canal Mineral Land Company in Michigan.

For a listing of resident agents, see the Appendix.

Scope and Contents

The Resident Agent's Office Records contain the bulk of St. Mary's early records. In addition to land records, correspondence, and financial records, this subseries includes the diaries of the St. Mary's explorers.

The diaries, covering 1862-1866, provide detailed accounts of the explorers' surveying efforts and contain correspondence and sketches. As well as surveying, the explorers often visited nearby copper mines and gave brief reports on the progress of the mines.

Series IX: Subsidiary Companies Records, 1873-1980

Date [inclusive]: 1873-1980

Scope and Contents

This series contains the records of Copper Range Company subsidiaries that were operated separately from the mining efforts.

Arrangement

Records are arranged into four subseries:

Subseries I: Copper Range Exploration Company Records Subseries II: Copper Range Foundation Records
Subseries III: Copper Range Motor Bus Company Records Subseries IV: Copper Range Railroad Company Records

Subseries I: Copper Range Exploration Company Records, 1961-1973

Date [inclusive]: 1961-1973

Biographical / Historical

The Copper Range Exploration Company (1965-1975) was a fully owned subsidiary of the Copper Company that conducted exploratory mining across the United States and Canada.

Scope and Contents

The Copper Range Exploration Company Records consist mostly of monthly reports and files relating to negotiating drilling options. A small number of files predate the company's formal establishment.

Arrangement

Files are arranged alphabetically.

Date: 1971-1972**Subseries II: Copper Range Foundation Records, 1953-1977**Date [inclusive]: 1953-1977**Biographical / Historical**

The Copper Range Foundation (1953-1976) was a charitable foundation organized by the Copper Range Company. It primarily provided money to other charitable organizations in Michigan, Massachusetts, Pennsylvania, and New York. When the foundation followed its parent company to New York City in 1962, it reoriented to focus on providing college scholarships to the children of Copper Range Company employees.

Scope and Contents

The records of the Copper Range Foundation consist mostly of files relating to college scholarships, along with some financial and meeting records.

Arrangement

Files are arranged alphabetically.

Subseries III: Copper Range Motor Bus Company Records, 1925-1967

Date [inclusive]: 1925-1967

Biographical / Historical

The Copper Range Motor Bus Company was organized in 1925 as a subsidiary of the Copper Range Railroad Company. It operated a passenger and small freight service in Houghton and Ontonagon counties. At the end of 1929, it became a direct subsidiary of the Copper Range Company.

Operations ended in mid-1955, and the Copper Range Motor Bus Company was dissolved later that year.

For a listing of directors and officers, see the Appendix.

Scope and Contents

The Copper Range Motor Bus Company Records consist primarily of financial records but also include minutes of stockholders and board of directors meetings and some employee records and correspondence. Additional documentation can be found in the Copper Range Railroad Company Records (Subseries IV).

Arrangement

Files are arranged alphabetically.

Subseries IV: Copper Range Railroad Company Records, 1873-1980

Date [inclusive]: 1873-1980

Biographical / Historical

The Northern Michigan Railroad Company was organized under Charles A. Wright in 1888. The company intended to build a railroad from Houghton to Watersmeet in order to improve rail connections to the Copper Country and open the South Range to mining. A charter was obtained from the State of Michigan and a survey of the planned route was carried out in 1889-1890, but the company was unable to procure funding for construction.

In 1898, Wright reached an agreement with a group of Boston financiers led by William A. Paine to create the Copper Range Railroad Company to replace the Northern Michigan Railroad Company. Prior to the formal organization of the company in January 1899, Chief Engineer J. Thomas Appleton began surveying the new main line from Houghton to Mass City. Time was of the essence, as the St. Mary's Canal Mineral Land Company promised to donate 2,240 acres of land to the railroad if it was completed by the end of 1899.

Construction of the main line began in May 1899 and finished in December 1899, just before the deadline. The line connected with the Chicago, Milwaukee & St. Paul Railway (better known as the Milwaukee Road) at Range Junction (later renamed McKeever). This would later become the terminus of the line.

Despite the completion of the main line, extensive construction continued. The Painesdale Branch opened in 1900, providing rail service to the new mining towns of Baltic, Trimountain, and Painesdale. In the following year, the Lakeshore Branch (sometimes called the Freda Branch) connected the mill towns in Stanton Township. The small Greenland Branch leading to the Greenland and Adventure Mines was also completed in 1901. In 1902-1903, the Calumet Extension expanded the Copper Range Railroad north to Calumet via Lake Linden.

The final major construction project was the 1914 Painesdale Extension, which allowed the main line to be rerouted through the former Painesdale Branch.

In 1917, the Copper Range Railroad Company leased the Mohawk and Traverse Bay Railroad (later known as the Gay Branch) from the Mohawk Mining Company in 1917. In order to connect this with the main line, a portion of the Keweenaw Central Railroad Company's line was also leased. With this addition, the Copper Range Railroad reached its largest size.

The decline of copper mining starting in the 1920s hit the Copper Range Railroad hard. In 1928, passenger service ended and in March 1935, the Copper Range Railroad Company declared bankruptcy.

With the assistance of federal loans from the Railroad Credit Corporation (RCC) and the Reconstruction Finance Corporation (RFC), the railroad successfully reorganized by 1938 (for a detailed chronology of the bankruptcy and reorganization proceedings, see Box 92, Folder 3). In order to further cut costs, the Greenland Branch was abandoned in 1939.

The Second World War saw a revival of business for the railroad and a passenger service was even briefly restarted. Following the end of the war, the railroad continued its financial decline.

In 1960, the Atlas Powder Company plant at Senter closed. As a result, the Senter Branch was abandoned in 1964, along with the rarely used Gay Branch. But this was a small setback compared with the closing of the Champion Mine and Mill in 1967. The end of copper mining in the South Range indicated the beginning of the end for the Copper Range Railroad.

The ending was drawn out by the need to obtain permission from the Interstate Commerce Commission for abandonment. In 1969, the Lakeshore Branch was abandoned. The final regular trains on the main line ran in 1972 and the entire line was abandoned the following year.

In 1974, the railroad right-of-way from Houghton to McKeever was sold to the State of Michigan and became the Bill Nicholls Snowmobile Trail. The Houghton to Calumet and Lakeshore Branch rights-of-way were also included in the deal.

The Copper Range Railroad Company officially dissolved in 1980.

For a listing of Copper Range Railroad Company directors and officers, see the Appendix.

Scope and Contents

The extensive records of the Copper Range Railroad Company provide an unusually detailed look at the history of a short line railroad. This includes substantial engineering, financial, employee, and meeting records from the railroad's entire lifetime.

Arrangement

Records are arranged into ten subseries:

Subseries I: Meeting Records Subseries II: President's Office Records Subseries III: Auditor's Office and Vice-President--Finance's Office Records Subseries IV: Chief Engineer's Office Records Subseries V: General Manager's Office Records Subseries VI: Superintendent's Office and Vice-President--Operations' Office Records Subseries VII: Employee Records Subseries VIII: Financial and Regulatory Records Subseries IX: General Files Subseries X: Order of Benefit Association of Railway Employees (B. A. R. E.), Division 120 Records

Related Materials:

Related Materials

MS-082, Reverend Herman Page Collection MS-447, Wesley Perron Railroad Collection

Subseries I: Meeting Records, 1899-1979

Date [inclusive]: 1899-1979

Scope and Contents

This subseries consists of minute books and meeting files from stockholders and board of directors meetings, as well as Executive Committee meetings and various staff meetings. Meeting files include drafts of minutes, agendas, correspondence, and reports.

Additional staff meeting minutes from 1958-1961 are filed with Copper Range Company and White Pine Copper Company minutes in Series I.

Arrangement

Files are arranged chronologically.

Subseries II: President's Office Records, 1899-1980 (1932-1973)

Date [inclusive]: 1899-1980

Date [bulk]: 1932-1973

Biographical / Historical

For a listing of Copper Range Railroad Company Presidents, see the Appendix.

Scope and Contents

The President's Office Records include correspondence and chronological files, as well as records of labor disputes and the abandonment, dissolution, and liquidation of the Copper Range Railroad Company.

Most of the records are from Presidents William H. Schacht and William P. Nicholls, as well as additional material from Secretary Florence E. Gregorich. The non-railroad records from Schacht and Nicholls can be found in Series VIII, Subseries IV-V.

Arrangement

Records are arranged in two subseries:

Subseries I: Dissolution and Liquidation Records Subseries II: General Files

Files are arranged alphabetically.

Subseries I: Dissolution and Liquidation Records, 1971-1979

Date [inclusive]: 1971-1979

Subseries III: Auditor's Office and Vice-President--Finance's Office Records, 1899-1973

Date [inclusive]: 1899-1973

Biographical / Historical

The Auditor oversaw the Copper Range Railroad Company's financial records and was in charge of the Accounting and Traffic Departments. The position's title was changed to Vice-President—Finance in 1959.

For a listing of Copper Range Railroad Company Auditors, see the Appendix.

Scope and Contents

This subseries consists mostly of correspondence, but also includes substantial records relating to railroad abandonment. Most of the financial records that were the responsibility of this office can be found in Subseries VIII: Financial Records.

Arrangement

Files are arranged alphabetically.

Title/Description	Instances	
Abandonment of Calumet-Lake Linden Junction and Calumet Junction-Laurium Lines (folder no. 1), 1960s <u>Date:</u> 1960s	box 13	folder 1
Abandonment of Calumet-Lake Linden Junction and Calumet Junction-Laurium Lines (folder no. 2), 1960s <u>Date:</u> 1960s	box 13	folder 2

Date: 1946-1965

Subseries IV: Chief Engineer's Office Records, 1873-1979

Date [inclusive]: 1873-1979

Biographical / Historical

The Chief Engineer led the Engineering Department, which was also responsible for land issues. The position was abolished in 1947, when F. L. Batchelder retired.

For a listing of Copper Range Railroad Company Chief Engineers, see the Appendix.

Scope and Contents

The Chief Engineer's Office Records contain extensive engineering records, correspondence, and drawings from the tenure of all three chief engineers. For additional engineering records relating to the federal valuation, see Subseries VIII: Financial and Regulatory Records.

Arrangement

Records are arranged into four subseries:

Subseries I: Construction and Maintenance Records
Subseries II: General Files
Subseries III: Maps, Plans, and Profiles
Subseries IV: Surveys and Field Books

Subseries I: Construction and Maintenance Records, 1895-1979

Date [inclusive]: 1895-1979

Scope and Contents

The Construction and Maintenance Records contain Authorities for Expenditures (AFE's), job orders, bridge records, construction contracts and estimates, and many reports.

Arrangement

Records are arranged into two subseries:

Subseries I: General Files
Subseries II: Portage Lake Bridge Records

Files are arranged alphabetically.

Subseries I: General Files, 1899-1979

Date [inclusive]: 1899-1979

Subseries II: Portage Lake Bridge Records, 1895-1949

Date [inclusive]: 1895-1949

Scope and Contents

This subseries consists of engineering records relating to the Portage Lake Bridge, primarily construction of the new draw span in 1905-1906.

Title/Description	Instances	
Agreements and Contracts, 1900-1949 <u>Date</u> : 1900-1949	box 29	folder 2
Construction of New Draw Span: Agreements and Contracts, 1905 <u>Date</u> : 1905	box 29	folder 3
Construction of New Draw Span: Bills of Material and Estimates, 1905-1906 <u>Date</u> : 1905-1906	box 29	folder 4
Construction of New Draw Span: Correspondence (Bridge Engineer Batchelder's file), 1905-1906 <u>Date</u> : 1905-1906	box 29	folder 5
Construction of New Draw Span: Correspondence (general), 1905-1906	box 29	folder 6

<u>Date:</u> 1905-1906		
Construction of New Draw Span: Correspondence with Contractors and Suppliers (folder no. 1), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 7
Construction of New Draw Span: Correspondence with Contractors and Suppliers (folder no. 2), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 8
Construction of New Draw Span: Correspondence with V. D. Simar (Duluth, South Shore and Atlantic Railway Company), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 9
Construction of New Draw Span: General (Bridge Engineer F. L. Batchelder's file), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 10
Construction of New Draw Span: General, 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 11
Construction of New Draw Span: Inspection of Building Materials by Pittsburgh Testing Laboratory (Bridge Engineer Batchelder's file), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 12
Construction of New Draw Span: Map, Profile, and Plans of Proposed Changes (15 items), 1895-1901 <u>Date:</u> 1895-1901	drawer 33 A 14	folder 1
Construction of New Draw Span: Purchase Orders, Invoices, and Bills (folder no. 1), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 13
Construction of New Draw Span: Purchase Orders, Invoices, and Bills (folder no. 2), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 14
Construction of New Draw Span: Purchase Orders, Invoices, and Bills (folder no. 3), 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 15
Construction of New Draw Span: Substructure File, 1905-1906 <u>Date:</u> 1905-1906	box 29	folder 16
Contract and Grade Crossing on Smelter Property (preliminary papers), 1903 <u>Date:</u> 1903	box 29	folder 17
Interlocking System (Taylor Signal Company), 1903-1905	box 29	folder 18

Date: 1903-1905

Negotiations and Agreements between CRRR, the Michigan Highway Department, and the Duluth, South Shore and Atlantic Railroad Company, 1933

box 29

folder 19

Date: 1933

Subseries II: General Files, 1880s-1965

Date [inclusive]: 1880s-1965

Scope and Contents

This subseries consists primarily of correspondence but includes monthly reports to the general manager and right-of-way records.

Arrangement

Files are arranged alphabetically.

Title/Description	Instances	
Application to the Michigan Board of Railroad Crossings for Approval of CRRR Map, 1899 <u>Date:</u> 1899	box 29	folder 20
Bolles, F. R. (General Freight and Passenger Agent): Correspondence, 1908-1912 <u>Date:</u> 1908-1912	box 30	folder 1
Bolles, F. R. (General Manager): Correspondence, 1912-1914 <u>Date:</u> 1912-1914	box 30	folder 2
Coal Handled Over Copper Range Dock, 1904 <u>Date:</u> 1904	box 30	folder 3
Correspondence with CRRR Employees (mostly Vice-President and General Manager R. T. McKeever), 1905-1907 <u>Date:</u> 1905-1907	box 30	folder 4
Correspondence with Other CRRR Employees, 1906-1914 <u>Date:</u> 1906-1914	box 30	folder 5
Correspondence: Death of Brother, 1906-1907 <u>Date:</u> 1906-1907	box 30	folder 6
Correspondence: Federal Period (folder no. 1), 1917-1920 <u>Date:</u> 1917-1920	box 30	folder 7
Correspondence: Federal Period (folder no. 2), 1917-1920	box 30	folder 8

<u>Date:</u> 1917-1920		
Correspondence: Federal Period (folder no. 3), 1917-1920 <u>Date:</u> 1917-1920	box 30	folder 9
Correspondence: General, 1905-1907 <u>Date:</u> 1905-1907	box 30	folder 10
Correspondence: General, 1907 <u>Date:</u> 1907	box 30	folder 11
Correspondence: General, Jan-Jun 1908 <u>Date:</u> Jan-Jun 1908	box 30	folder 12
Correspondence: General, Jul-Dec 1908 <u>Date:</u> Jul-Dec 1908	box 30	folder 13
Correspondence: General, 1909-1910 <u>Date:</u> 1909-1910	box 30	folder 14
Correspondence: General, 1911 <u>Date:</u> 1911	box 30	folder 15
Correspondence: General, 1912 <u>Date:</u> 1912	box 30	folder 16
Correspondence: General, 1913-1914 <u>Date:</u> 1913-1914	box 30	folder 17
Correspondence: General, 1916-1945 <u>Date:</u> 1916-1945	box 30	folder 18
Correspondence: General, 1945-1947 <u>Date:</u> 1945-1947	box 30	folder 19
Correspondence: General (Bridge Engineer Batchelder's file), 1905-1907 <u>Date:</u> 1905-1907	box 30	folder 20
Correspondence: Work for the Arizona Commercial Copper Company, 1906-1907 <u>Date:</u> 1906-1907	box 30	folder 21
Correspondence: Work for the Shannon Copper Company (folder no. 1), 1907 <u>Date:</u> 1907	box 30	folder 22
Correspondence: Work for the Shannon Copper Company (folder no. 1), 1907 <u>Date:</u> 1907	box 31	folder 1
Dacotah Heights Company v. Copper Range Railroad Company, 1907	box 31	folder 2

<u>Date:</u> 1907		
Descriptions of Lease Properties, 1904 <u>Date:</u> 1904	box 31	folder 3
Ehlers, A. H. (Superintendent): Correspondence, 1912 <u>Date:</u> 1912	box 31	folder 4
Estimate of Cost of the Mohawk Railroad, 1919 <u>Date:</u> 1919	box 31	folder 5
Fales, C. S. (General Superintendent): Correspondence, 1908-1912 <u>Date:</u> 1908-1912	box 31	folder 6
Hancock and Calumet Railroad Company Right-of-Way Deal (preliminary papers), 1902-1903 <u>Date:</u> 1902-1903	box 31	folder 7
Hasley, T. R. (Chief Engineer, St. Paul and Des Moines Railroad Company): Correspondence (folder no. 1), 1905-1907 <u>Date:</u> 1905-1907	box 31	folder 8
Hasley, T. R. (Chief Engineer, St. Paul and Des Moines Railroad Company): Correspondence (folder no. 2), 1905-1907 <u>Date:</u> 1905-1907	box 31	folder 9
Hodge Iron Company Right-of-Way (preliminary papers), 1902-1903 <u>Date:</u> 1902-1903	box 31	folder 10

Subseries IV: Surveys and Field Books, 1873-circa 1940s

Date [inclusive]: 1873-circa 1940s

Scope and Contents

This subseries contains the original survey and field books used for the planning, construction, and modification of the Copper Range Railroad lines.

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: Numbered Field Books

Subseries I: General Files, 1873-1920s

Date [inclusive]: 1873-1920s

Arrangement

Files are arranged alphabetically.

Subseries V: General Manager's Office Records, 1899-1969

Date [inclusive]: 1899-1969

Biographical / Historical

The General Manager was in overall charge of Copper Range Railroad operations. When Homer W. Johnson retired in 1959, the position of General Manager was merged with that of Superintendent to create the Vice-President—Operations.

For a listing of Copper Range Railroad Company General Managers, see the Appendix.

Scope and Contents

The General Manager's Office Records mostly date from H. W. Johnson's lengthy tenure and include correspondence, reports, engineering drawings, equipment records, and negotiations and disputes with labor unions.

A small number of files were continued for a few years after the position of General Manager was abolished with H. W. Johnson's retirement.

Arrangement

Records are arranged into five subseries:

Subseries I: Equipment Records Subseries II: General Files Subseries III: Labor Union Files Subseries IV: Maps, Plans, and Profiles Subseries V: Portage Lake Bridge Records

Files are arranged alphabetically.

Subseries I: Equipment Records, 1910-1954

Date [inclusive]: 1910-1954

Subseries VI: Superintendent's Office and Vice-President--Operations' Office Records, 1899-1973

Date [inclusive]: 1899-1973

Biographical / Historical

The Superintendent (or General Superintendent) oversaw the daily operations of the railroad through the Operating and Mechanical Departments. In 1959, the position was merged with that of General Manager to create the Vice-President—Operations.

For a listing of Copper Range Railroad Company Superintendents, see the Appendix.

Scope and Contents

This subseries consists mostly of operational records and correspondence from the files of Superintendent/Vice-President—Operations C. S. Sincock, but also includes some files of previous superintendents and general superintendents, as well as master mechanics.

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: Portage Lake Bridge Records

Files are arranged alphabetically.

Subseries I: General Files, 1899-1973

Date [inclusive]: 1899-1973

Subseries II: General Files, 1899-1972

Date [inclusive]: 1899-1972

Scope and Contents

This subseries includes the service records of many Copper Range Railroad Company employees in two overlapping sets of index cards (1900-1937 and 1902-1967). Additional service record books and files provide further coverage of varying degrees of comprehensiveness, particularly of the Mechanical Department. Earnings records, insurance records, medical records, and seniority rosters are also included in this subseries.

Subseries III: Railroad Retirement Board Files, 1930s-1970s

Date [inclusive]: 1930s-1970s

Scope and Contents

In addition to Railroad Retirement Board regulations, this subseries includes assorted correspondence and forms, which often provide employment dates and death notices. The transmittals are more organized and complete than the letter files but only cover up to 1937. Least detailed, but most comprehensive, are the CER-1 registration forms.

Subseries VIII: Financial and Regulatory Records, 1899-1980

Date [inclusive]: 1899-1980

Arrangement

Records are arranged into ten subseries:

Subseries I: Annual Reports to Federal and State Regulators Subseries II: Bankruptcy and Reorganization Records Subseries III: Cash Books Subseries IV: Federal Control Records Subseries V: General Files Subseries VI: Interstate Commerce Commission Files Subseries VII: Journals Subseries VIII: Ledgers Subseries IX: Tariff Records Subseries X: Valuation Records

Files are arranged alphabetically.

Scope and Contents

This subseries consists of extensive financial and regulatory records, such as cash books, journals, ledgers, tariff records, valuation records, and many types of financial and regulatory reports.

Subseries I: Annual Reports to Federal and State Regulators, 1900-1972

Date [inclusive]: 1900-1972

Scope and Contents

The Copper Range Railroad Company's annual reports to regulators provide substantial detail on company finances and operations.

Arrangement

Files are arranged alphabetically.

Subseries IV: Federal Control Records, 1915-1927

Date [inclusive]: 1915-1927

Biographical / Historical

In late December 1917, the federal government took control of all railroads in the United States in order to ensure reliable service during the unprecedented demand for shipping created by the First World War. Federal control ended on March 1, 1920, but legal battles over railroad claims for compensation continued for years.

Scope and Contents

This subseries contains financial records from the period of federal control and material relating to subsequent claims against the federal government. Files are from the Auditor's Office, unless otherwise noted.

Subseries IX: Tariff Records, 1907-1973

Date [inclusive]: 1907-1973

Scope and Contents

This subseries contains the tariffs of the Copper Range Railroad Company, as well as other railroads and groups of railroads. Most records are from the General Freight and Passenger Agent's Office.

Tariffs are published documents that indicate the shipping rates and rules of a railroad or group of railroads. Each Copper Range Railroad Company tariff is based on a rate authority file (authority file number is usually noted on the tariff). However, rate authority files also cover tariffs issued by other railroads and concurred with by the Copper Range Railroad. The rate authority files themselves include correspondence, hearing transcripts, drafts, orders from regulators, and other material.

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: Rate Authority Files

Subseries I: General Files, 1907-1973

Date [inclusive]: 1907-1973

Subseries X: Valuation Records, 1908-1973

Date [inclusive]: 1908-1973

Biographical / Historical

Under the Valuation Act of 1913, the Interstate Commerce Commission (ICC) was tasked with determining the value of all railroad property in the United States. The ICC's Bureau of Valuation supervised all valuation surveys but worked closely with the staff of the railroad companies. The highly detailed surveys covered every mile of railroad line, as well as buildings, equipment, and land. Leased lines and joint trackage were also included, although with certain qualifications.

The valuation survey for the Copper Range Railroad Company was conducted in 1916 and assessed the condition of the railroad as of June 30, 1916 using prices as of June 30, 1914. The railroad protested the Bureau of Valuation's findings, and the resulting legal cases were not settled until the 1930s.

Starting July 1, 1917, railroads were required to report additions, betterments, and retirements for the purpose of updating the valuations. This requirement would be in effect throughout the life of the Copper Range Railroad Company.

Scope and Contents

This subseries contains the extensive and highly detailed records of the Interstate Commerce Commission valuation survey and the railroad's records of additions, betterments, and retirements. Most of the records are from the Chief Engineer's or Auditor's Offices and refer to federal valuations, unless otherwise indicated.

Arrangement

Records are arranged into two subseries:

Subseries I: General Files Subseries II: Survey and Protest Records

Subseries I: General Files, 1913-1973

Date [inclusive]: 1913-1973

Scope and Contents

This subseries consists mostly of the extensive records of changes to the Copper Range Railroad made subsequent to the initial survey in 1916. It also includes a small amount of material relating to the Michigan State Board of Assessors.

Subseries II: Survey and Protest, 1908-circa 1964

Date [inclusive]: 1908-circa 1964

Scope and Contents

The Survey and Protest Records consist of the detailed survey records made by the Interstate Commerce Commission's Bureau of Valuation and the Copper Range Railroad Company in 1916, as well as the subsequent protests made by the company.

Note that in addition to the Copper Range Railroad, the survey records cover the Keweenaw Central Railroad and the Mohawk and Traverse Bay Railroad.

Subseries IX: General Files, 1899-1970s

Date [inclusive]: 1899-1970s

Scope and Contents

This subseries contains records that could not be traced to a particular office. The biggest portion of these files is a large set of agreements, contracts, and leases.

Arrangement

Files are arranged alphabetically.

Title/Description	Instances	
Advertisement for Freight Service, circa 1915	box 403	folder 16
<u>Date</u> : circa 1915		
Agreements, Contracts, and Leases: A-Ar, 1899-1970s	box 123	folder 1
<u>Date</u> : 1899-1970s

Subseries X: Order of Benefit Association of Railway Employees (B. A. R. E.), Division 120 Records, 1940-1971

Date [inclusive]: 1940-1971

Biographical / Historical

The Order of Benefit Association of Railway Employees (B. A. R. E.) was a non-profit association of employees modeled on the traditional fraternal lodges. Its primary purpose was to provide insurance benefits to members.

Division 120 of B. A. R. E. was made up of Copper Range Railroad Company employees. Previously the Calumet Division, it became the Houghton Division in mid-1943.

For a listing of officers, see the Appendix. Note that the conductor was the president of the division.

Scope and Contents

This subseries consists of correspondence, minutes, reports, and finances from the Secretary-Treasurer of the organization.

Arrangement

Files are arranged alphabetically.

Series X: White Pine Engineering Drawings, circa 1952-circa 1990

Date [inclusive]: circa 1952-circa 1990

Scope and Contents

This series contains thousands of engineering drawings from the White Pine mine, mill, smelter, and townsite.

Arrangement

Files are arranged alphabetically.

Other Finding Aids

An item level inventory is available for a small number of the folders (indicated below) in this subseries as part of the guide to the Michigan Technological University Archives' Map Collection.

Title/Description	Instances	
Administrative and Processing Buildings: 5400-C to 5499-C (40 items), circa 1952-circa 1990	drawer 147	folder E

<u>Date:</u> circa 1952-circa 1990		
Building Plans: 5801-C to 5899-C (30 items), circa 1952-circa 1990	drawer 148	folder G
<u>Date:</u> circa 1952-circa 1990		
Building Plans and Elevations: G-201 to G-252 (45 items) [Western Knapp], circa 1952-circa 1990	drawer 155	folder B
<u>Date:</u> circa 1952-circa 1990		
Buildings: 4600-C to 4796-C (40 items), circa 1952-circa 1990	drawer 146	folder E
<u>Date:</u> circa 1952-circa 1990		
Classifier and Rod Mill: A-101-1 to A-105-1 (3 items) [Western Knapp], circa 1952-circa 1990	drawer 151	folder G
<u>Date:</u> circa 1952-circa 1990		
Classifier Details: S-101-1 to S-105-4 (5 items) [Western Knapp], circa 1952-circa 1990	drawer 157	folder C
<u>Date:</u> circa 1952-circa 1990		
Coal Handling System: G-425 to G-445 (20 items) [Western Knapp], circa 1952-circa 1990	drawer 155	folder D
<u>Date:</u> circa 1952-circa 1990		
Complex and Mining Drawings: 5800 to 5900 (20 items), circa 1952-circa 1990	drawer 148	folder F
<u>Date:</u> circa 1952-circa 1990		
Construction Drawings: Boiler House and Service Building, Service Building (item level inventory available), circa 1952-circa 1990	drawer 65	folder C
<u>Date:</u> circa 1952-circa 1990		
Construction Drawings: Change House (item level inventory available), circa 1952-circa 1990	drawer 65	folder B
<u>Date:</u> circa 1952-circa 1990		
Construction Drawings: Dormitories, Water Treatment Plant (item level inventory available), circa 1952-circa 1990	drawer 65	folder D
<u>Date:</u> circa 1952-circa 1990		
Construction Drawings: Hospital Building (item level inventory available), circa 1952-circa 1990	drawer 64	folder D
<u>Date:</u> circa 1952-circa 1990		
Construction Drawings: Mine Buildings, Transfer House, Office and Training Center, Vehicle Repair Shop (item level inventory available), circa 1952-circa 1990	drawer 65	folder A
<u>Date:</u> circa 1952-circa 1990		
Construction Drawings: Residence for White Pine (item level inventory available), circa 1952-circa 1990	drawer 65	folder E

<u>Date:</u> circa 1952-circa 1990		
Construction Drawings: Roads and Drainage, Soil, Temporary Water Treatment Plant, Sewage Treatment, Control House (item level inventory available), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 64	folder B
Construction Drawings: Site Maps (item level inventory available), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 64	folder A
Construction Drawings: Site Plans (item level inventory available), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 64	folder E
Construction Drawings: Trailer Park, Incinerator Building, Utility Building (item level inventory available), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 64	folder C
Conveyor Belt Tunnel and Related Buildings: M-110 to M-171 (20 items) [Western Knapp], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 156	folder A
Copper Range Test Plant (2 items) [Dorr], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 149	folder A
Crusher Building Modifications: EP-01 to EV-01 (31 items) [Barr], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 150	folder F
Crusher Plant: C-103 to C-124 (21 items) [Western Knapp], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 152	folder B
Crusher Plant: C-201 to C-237 (27 items) [Western Knapp], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 152	folder C
Crusher Plant: C-301 to C-368 (40 items) [Western Knapp], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 152	folder D
Crusher Plant: C-418 to C-496 (51 items) [Western Knapp], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 152	folder E
Crusher Plant: C-602 to C-612 (10 items) [Western Knapp], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 152	folder G
Crusher Plant Ore Crushing System: C-518 to C-567 (49 items) [Western Knapp], circa 1952-circa 1990	drawer 152	folder F

<u>Date:</u> circa 1952-circa 1990		
Crushing Plant and Concentrator: M-4-500 to M-4-1411 (45 items) [Bechtel], circa 1952-circa 1990	drawer 143	folder B
<u>Date:</u> circa 1952-circa 1990		
Dashaveyor System: A-5-30 to SP-6 (103 items) [Bechtel], circa 1952-circa 1990	drawer 138	folder D
<u>Date:</u> circa 1952-circa 1990		
Details: S-100 to S-107 (31 items) [Western Knapp], circa 1952-circa 1990	drawer 157	folder B
<u>Date:</u> circa 1952-circa 1990		
Drawing Control: Bechtel Jobs 5528-7525 (book) [Bechtel], circa 1952-circa 1990	drawer 138	folder B
<u>Date:</u> circa 1952-circa 1990		
East Wing Sections and Dike Sections: C-12-128 to C-12-C-30 (103 items) [Bechtel], circa 1952-circa 1990	drawer 139	folder C
<u>Date:</u> circa 1952-circa 1990		
Electrical Drawings of Mill and Other Buildings: E-4-100 to E-4-612 (50 items) [Bechtel], circa 1952-circa 1990	drawer 141	folder C
<u>Date:</u> circa 1952-circa 1990		
Electrical Drawings of No. 3 Shaft House: E-1-100 to E-3-600 (35 items) [Bechtel], circa 1952-circa 1990	drawer 141	folder F
<u>Date:</u> circa 1952-circa 1990		
Electrical Drawings of Sand Tails Pump House: E-10-100 to E-10-600 (24 items) [Bechtel], circa 1952-circa 1990	drawer 141	folder E
<u>Date:</u> circa 1952-circa 1990		
Electrical Masters: E-1-221 to E-1-221 [Bechtel], circa 1952-circa 1990	drawer 141	folder A
<u>Date:</u> circa 1952-circa 1990		
Electrolytic Refinery: 6014-C to 6061-C (5 items), circa 1952-circa 1990	drawer 129	folder B
<u>Date:</u> circa 1952-circa 1990		
Essay Lab and Service Water Pump House: G-601 to G-699 (13 items) [Western Knapp], circa 1952-circa 1990	drawer 155	folder F
<u>Date:</u> circa 1952-circa 1990		
Field Sketches: 1M to 91M (66 items) [Western Knapp], circa 1952-circa 1990	drawer 151	folder F
<u>Date:</u> circa 1952-circa 1990		
Field Sketches: SK-21 to SK-352 (31 items) [Western Knapp], circa 1952-circa 1990	drawer 159	folder D

<u>Date:</u> circa 1952-circa 1990		
Filter Building: 4100-C to 4128-C (6 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 145	folder C
Flotation (15 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 132	folder A
Flotation Modifications: G-P-1 to SS-2 (5 items) [Matthews], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 149	folder D
Gas Connections for Smelter and Steam Plant: E-200 to E-6-400 (13 items) [Bechtel], circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 141	folder D
Instrument Index: M-1 to M-104 (92 items) [Bechtel], circa 1952- circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 142	folder A
Lot Dimensions and Road Drainage (69 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 131	folder B
Maps: 321-C to 362-C (20 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 126	folder C
Mill and Power Plant: 6900-C to 6934-C (20 items), circa 1952- circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 130	folder I
Mill and Smelter: 2707-C to 2797-C (34 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 135	folder G
Mill and Smelter: 4000-C to 4099-C (32 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 145	folder A
Mill and Smelter: 4000-C to 4599-C (96 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 145	folder B
Mill and Smelter: 6389-C to 6565-C (29 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 130	folder B
Mill and Smelter: 6600-C to 6697-C (16 items), circa 1952-circa 1990 <u>Date:</u> circa 1952-circa 1990	drawer 130	folder D
Mill and Smelter: 6804-C to 6809-C (37 items), circa 1952-circa 1990	drawer 130	folder G

Series XI: Adams Township Records, 1905-1941

Date [inclusive]: 1905-1941

Biographical / Historical

The center of Copper Range Company mining operations until the 1950s, Adams Township contains the Village of South Range and the unincorporated communities of Atlantic Mine, Baltic, Painesdale, Toivola, and Trimountain. The township was separated from Portage Township in March 1867 and named after the Adams Mining Company, one of the predecessors to the Atlantic Mining Company.

Scope and Contents

The records of Adams Township contain of election records, township convention and caucus records, correspondence, school records, reports, financial and tax records, and records relating to the Board of County Supervisors' Equalization Committee. Most material is from Supervisors F. W. Denton (1915-1917) and William C. Cole (1917-1932) and the Township Clerk's office.

Arrangement

Files are arranged alphabetically.
