1. **General Education Requirements**: 24 total credits. Required courses: UN 1015-Composition (3 credits); UN 1025-Global Issues (3 credits); Critical and Creative Thinking (3 credits); Social Responsibility & Ethical Reasoning (3 credits); and 12 HASS credits. Approved lists are available in EERC 426 and linked on the Department of Manufacturing and Mechanical Engineering Technology's "Advising" web page. [https://www.mtu.edu/registrar/pdfs/core-and-hass-list-22-23.pdf](https://www.mtu.edu/registrar/pdfs/core-and-hass-list-22-23.pdf)

2. **UN 1025 Global Issues Language Option**: 3 credits of 3000-level or higher modern language may be substituted directly for UN 1025. Any students with previous language experience in Spanish, French, German, or Mandarin must take the Modern Language Online Placement Test.

3. **HASS (Humanities, Arts, & Social Sciences)**: 12 total credits that include a minimum of 3 credits each in: Communication/Composition, Humanities/Fine Arts, and Social & Behavioral Sciences. Approved lists are available in EERC 426 and are linked on the Department of Manufacturing and Mechanical Engineering Technology's "Advising" web page. [https://www.mtu.edu/registrar/pdfs/core-and-hass-list-22-23.pdf](https://www.mtu.edu/registrar/pdfs/core-and-hass-list-22-23.pdf) Six (6) credits must be 3000 level or higher (does not include HU 3120). HU 3120 is not a HASS course for MET students, but still is a degree requirement. No more than 3 credits may be used from the HASS Restricted List. All 3000-level or higher HASS courses require UN 1015 and UN 1025 as prerequisites.

4. **Math**: Math placement is based on ACT/SAT math score. Students have the option to take the ALEKS placement test in place of the ACT/SAT placement. For more information, see: [https://www.mtu.edu/math/undergraduate/placement/](https://www.mtu.edu/math/undergraduate/placement/) Note: MA 1120 (4 credits) fulfills the requirement for MA 1032; MA 1121 (4 credits) fulfills the requirement for MA 1160/1161.

5. **Engineering Fundamentals**: The Spatial Visualization test is required to enroll in ENG 1101. ENG 1003 is required concurrently with ENG 1101 if the Spatial Visualization test is not passed. MA 1032 or MA 1160 or MA 1161 is a concurrent pre-requisite for ENG 1101.

6. **Free Electives**: Any Michigan Tech course(s) or approved transfer course(s) that are 1000-level or above, and are not duplicated or equivalent courses.

7. **Co-curricular Activities**: Mainly physical education courses with some additions. Three units (or six half units) are required for graduation. These units will be included as earned hours and may be used to determine full-time enrollment status. These are in addition to the total credits required for the degree. A co-curricular list is available in EERC 426 and is linked on the Department of Manufacturing and Mechanical Engineering Technology’s "Advising" web page. These units are graded pass/fail and are not included in credit hours used for calculation of any grade point averages (cumulative or departmental). [https://www.mtu.edu/registrar/pdfs/co-curricular-courses-22-23.pdf](https://www.mtu.edu/registrar/pdfs/co-curricular-courses-22-23.pdf)

8. **Pre-requisite** courses are noted by a plain arrow. The pre-requisite course must be successfully completed prior to taking the subsequent course.

9. **Concurrent Pre-requisites** are noted by a ‘C’ by the arrow and may be taken at the same time, although it is not necessary to take these courses together if the pre-requisite course is completed first.

10. **Co-requisite** courses are courses that must be taken together in the same semester.

11. **Colored arrows** are used to clarify the sequence of courses.

12. **Transfer, Advanced Placement, or Study Abroad Courses** are not included in credit hours used for GPA calculations. Transfer credit is awarded for Michigan Tech equivalent course work only if a grade of ‘C’ or better (2.00/4.00) or equivalent is earned at a transfer institution. Study abroad credit will be awarded by International Programs and Services based on passing a course according to equivalent international standards. Advanced Placement credit is awarded according to published AP Exam score standards.

   This flow chart is not an official list of degree requirements. Adjustments may be required due to curriculum changes.

NEED HELP FINDING A GENERAL EDUCATION COURSE?

Maria Berstrom, the Humanities Advisor can help.
Modern Languages

- Take placement exam if you have any experience in a language – you may earn placement credit
- (Mon Aug 22nd 2:30 – 4:30 pm) Walker 120 A
- 3000-level language can replace UN1025
- Language courses count as HASS (no double counting if used for UN1025)

UN1015 and UN1025

- First year students are given first priority for scheduling these courses. One most likely added for fall.
- Make every effort to take these in your first year, or transfer them in from another school the first summer.
- UN1015 and UN1025 are prerequisites for 3000-level HASS.

A “W” will appear on your transcript if a late drop request is approved. **Late drops are not approved strictly to avoid poor grades.**

**December 12-16** – Final Exam Period
First Year
Adding or Dropping a Class

During Week 1:
- Email advisor for changes (include M# & Class)

After Week 1:
- Contact advisor (include M# & Class)
- Instructor signature required to add
- Instructor signature also required to drop after Week 3
Mid-Term Grades

- Mid-Term grades of satisfactory or unsatisfactory are assigned for first-year students during the fall and spring semesters.
  - Satisfactory ‘SA’ = ‘C’ or better at mid-term
  - Unsatisfactory ‘UN’ = ‘C’ or lower at mid-term

- First-year students with 2 or more ‘UN’ mid-term grades are considered in danger of academic probation and must meet with the Student Success Center.

- Monday, October 18 – Mid-term Progress Reports available after 5:00 p.m.
**Academic Probation if:**

- After final semester grades:
  - Cumulative GPA is below 2.00, or
  - Most recent semester GPA is below 2.00, or
  - Departmental GPA is below 2.00, based on at least 16 credits of departmental courses

- Changed to ‘good standing’ when **ALL** of the above following GPAs are 2.00 or higher

- A student who performs poorly in the Fall 2022 semester will be on probation for Fall 2022 (retroactive)

- All first-year students placed on academic probation will be required to meet with their academic advisor regarding registration for spring
If things don’t go well…

- Repeat any grades as soon as possible (especially MA, PH, CH). Do not move ahead to the next course in a sequence with ‘CD’ or ‘D’ grades.

- There may be consequences with financial aid with repeated coursework, so contact that office to discuss your status and options.
Time Management

- How much time is required to be successful in your college studies?
- Good rule of thumb – Minimum 2 hours of study/prep time for each hour in class
- Typical 15 semester hour schedule means 15 class hours + 30 study/prep hours = 45 hours minimum per week
- Use a calendar/planner (paper, phone, etc).
- Make a study schedule.
