Re: Technical Advisory Council Update

A summary report of the project's 3rd quarter activities was sent to all Technical Advisory Council members today for their review, along with a reminder that updates are posted to the website.

A tentative SAVE THE DATE meeting invitation was also included in the email. Our next TAC meeting will be held on **March 3, 2011** at the MTRI offices in Ann Arbor, MI.

Also, our annual project team meeting is scheduled for Wednesday, February 23, 2011. We will have a technical meeting with our colleagues at MDOT on Thursday, February 24. Both meetings will be held at the MTRI facilities in Ann Arbor, MI.
