

Physics Graduate Student Permission to Take Research Mode Course

Michigan Technological University

Research Only Mode will change effective Spring 2016 and is renamed Research Mode. Full time enrollment is still nine credits. Students may register for ANY number of research credits from three to nine and receive the reduced tuition (1/3) on the research credits. Students may register for courses, but require their advisor's approval first, as taking courses may affect research progress. FULL tuition is paid for any non-research credits taken.

Name _____

Course semester and year _____

Number & name of course to be taken _____

Briefly state the reason for taking this course in research mode
