

The Senate of Michigan Technological University

PROPOSAL 11-78

EVENING EXAMS

1. Senate Policies 6-69, Evening Examinations, 3-70, Evening Examination Policy, and 2-74, Amendment to the Evening Examination Policy, are hereby revoked.
2. Evening exams should be used only in courses with large enrollments, in which all students will take the same exam, and in which is it not educationally expedient to give the exam during a regularly scheduled class period.
3. Students required to take an evening exam shall be excused from a regularly scheduled class period.
4. Evening exams may be given only on Monday through Thursday evenings before 7:30pm. To avoid undue interference with students' preparation for other courses, any two-hour evening exam shall be given in one-hour segments on different evenings.
5. Evening classes should not be scheduled during the times reserved for evening exams.

Defeated by Senate : 25 January 1978
