

# The Senate of Michigan Technological University

---

## **PROPOSAL 19-78**

### **SENATE COMMITTEE ON THE FACULTY HANDBOOK**

A Senate Committee shall be appointed by the President of the Senate for review and revision of the *Handbook for Academic Faculty*. The committee's charge shall be to decide which policies and procedures belong in the Handbook and which would be better placed in the University procedures manual and staff benefits manual. The committee shall submit policies to the Senate for consideration. Although most procedures are administrative details that might not be the concern of the Senate, many policies are the concern of the Senate and should be reviewed.

**Adopted by Senate: 15 March 1978**

**Approved by Administration: 14 April 1978**
