Michigan Technological University Faculty Distinguished Service Award

The Faculty Distinguished Service Award is intended to complement the Distinguished Teaching and the Distinguished Research Awards already established at the University. It recognizes *service to the Community that has significantly improved the quality of some aspect of campus or community life.*

The work could have resulted, in part, from compensated efforts, but it must have been of a level that distinguishes itself *above and beyond the normal execution* of those tasks.

The Award is intended to recognize exceptional rather than integrated service. It is not a “lifetime achievement” award.

A cash prize of \$2,500 accompanies the Award.

Eligibility

The Award is open to all full-time faculty. This includes lecturers and research faculty. Those who hold restricted appointments (e.g., Adjunct, Visiting, temporary or part-time faculty) are not eligible. Faculty who hold positions with a significant administrative component (e.g., deans, associate deans, department chairs) are not eligible for the award.

Nomination Procedure

Nominations will be accepted from any member of the University community including faculty, staff, students, and alumni(ae) and must be received by the Committee no later than Monday, March 20, 2017.

A complete nomination should:

1. Describe the specific work for which the candidate is being nominated.
2. Provide a detailed explanation of why the work merits the Award, including a description of how the service was exceptional and how it has significantly improved some aspect of campus or community life. If needed, the nomination should clearly outline how the work is separate from the nominee’s normal duties.
3. Include appropriate supporting materials such as letters of support, newspaper articles, photographs, web links, etc.

Questions about eligibility, or the nomination procedure, should be sent to Paul Charlesworth (pcharles@mtu.edu).

Please note:

The Award will be presented during the fall semester. It need not be awarded every year and may not be awarded to the same person more than once in any ten-year period.

The Committee will contact the nominee in order to verify that he/she wishes to be considered for the Award and to obtain a short-form vita.

Nominating Instructions

Closing date for receipt of nominations is Monday, March 20, 2017

Procedure to Nominate a Faculty Member:
