

The University Senate of Michigan Technological University
Proposal 02-26

Proposal to Eliminate Shelved Graduate Programs

Voting Unit: Academic

Submitted by: the Provost's Office

As the following graduate programs have been shelved for at least 5 years (shelved AY 2020-21 or earlier), it is proposed that the following programs be formally eliminated per Senate procedure 414.1.1.

1. List of programs to be eliminated by type: title (program code) (shelving proposal #):
 - a) Graduate Certificates
 - i. Nanotechnology (IGCN) ([25-19](#))
 - ii. Data Science (IDSC) ([50-21](#))
 - iii. Sustainability (IGCS) ([51-21](#))
 - iv. Mechatronics (CMEC) ([52-21](#))
 - b) Doctorate Programs*
 - i. PhD in Engineering - Geotechnical Engineering (EPD3) ([19-19](#))
 - ii. PhD in Engineering - Propulsion Systems Engineering (EPD6) ([21-19](#))
 - iii. PhD in Engineering - Sensing and Signal Processing (EPD4) ([22-19](#))
 - iv. PhD in Engineering - Structural Engineering (EPD1) ([23-19](#))
2. There are no currently enrolled students.
3. Programs have been shelved for a minimum of five (5) years, and there is no interest in continuing these programs.
4. There is no expected financial impact to the university.

*denotes program types that would need to be sent to the state (MASU) for approval.
