Student Disability Services (Form A)
Form to Request an Emotional Support Animal (ESA) in Housing
To be completed by licensed medical or therapeutic professional

To determine eligibility for an ESA, current documentation is required regarding a mental health condition and its impact on the student’s function. This documentation must be supplied by a licensed medical or therapeutic professional qualified to diagnose and treat the condition(s). Clinicians should be licensed in the state of MI or the student’s home state.
Specifically, in your judgement does this individual have a mental health disability? * (see end of document for definition)

To be completed by doctor or licensed therapist.

Note: If insufficient information is provided, we require 3rd party verification within 7 days.

Form to Request an Emotional Support Animal (ESA) in Housing

Do you believe that the recommended animal serves a role in mitigating the impacts of the disability in ways that go beyond the benefits that the typical individual receives from a pet?

Describe your professional relationship with the individual on which you are basing your treatment plan that the recommendation of an ESA is part of, i.e. is your principle clinical relationship with the individual for the condition for which the ESA is prescribed?

Explain how the animal helps alleviate the impact of the condition:

Are there specific negative impacts of the person’s not having the animal with them and if so what are they?

How many hours/days can the person be away from their ESA before these negative impacts typically begin?

If approved, do the care/responsibilities for the animal provide increased stress, anxiety or other concerns that need to be addressed?

How often will you be following up with the individual?
